Rabies Survey**

Dear Healthcare Providers,

The Alabama Department of Public Health is assessing the supply of rabies postexposure prophylaxis vaccine in Alabama's emergency rooms and urgent care clinics. The goal of the survey is to better understand healthcare provider capabilities for acquisition and administration of the vaccine.

We appreciate you taking the time to fill out this survey. It will take approximately 5 minutes. Your participation is completely voluntary and all information you give will be kept confidential. If you have already taken the survey, we really appreciate your time and effort, and you do not need to take it again.
