1. OVERVIEW

1.1. WHAT IS RESCUE?

RESCUE collects, receives, processes, and sends patient care reports as outlined by the NEMESIS standard. RESCUE stands for Recording of Emergency Medical Services Calls and Urgent Care Environment.

1.2. WHAT CAN YOU DO IN RESCUE?

Depending on the privileges given to you by your agency supervisors, you as the user can:

- Create/edit/validate/submit/print Patient Care Reports.
- Update/Submit Demographic Report data.

1.3. HOW TO ACCESS RESCUE

The RESCUE software can be found by navigating to <https://epcr.adph.state.al.us/#/> using your preferred web browser. You must have an internet connection to do this.

2. GETTING STARTED

2.1. LOGGING IN

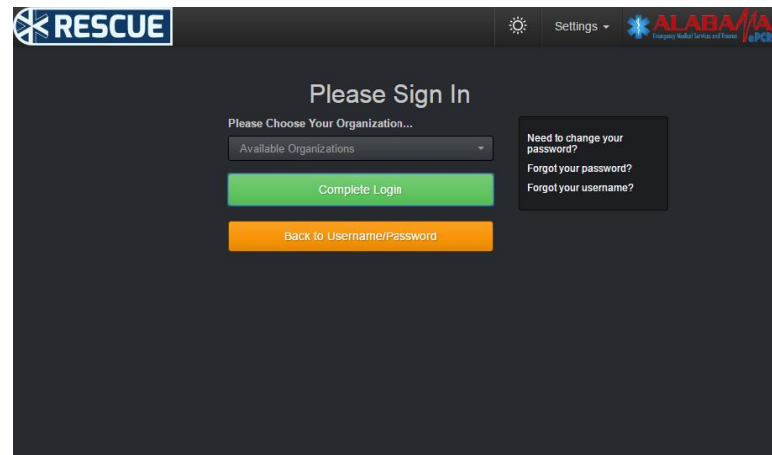

RESCUE Login Screen

Upon navigating to the RESCUE website, you will be presented with the screen shown in the above image.

From this screen you can:

1. Log in with the credentials provided for you
2. Change your password
3. Get a new password emailed to your registered email address if you forgot your current one
4. Retrieve your username if you forgot your current one (Usernames are emailed to your registered email address)

Agency Selection Screen

Only shows if the user is associated with more than one agency.

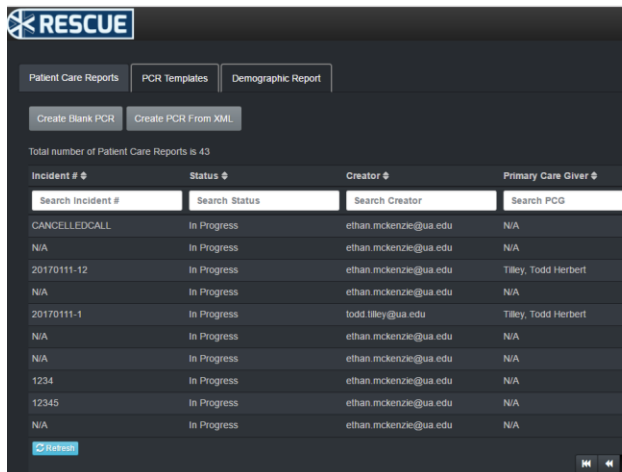

After pressing the green “Login” button with the correct credentials, if you are associated with more than one agency, you will then be presented with a list of those agencies, as in the image above. Choose the one you would like to write/view/edit a report for and click the green “Complete Login” button. You can also click the yellow button labeled “Back to Username/Password” to return to the login screen from before.

2.1.1. Resetting a Forgotten Password and Retrieving a Forgotten Username

If you have forgotten your password, you can reset it by clicking “Forgot your password?” on the login page. You will then be prompted for a username. Upon clicking “Send Email”, an email will be sent to the email address that is associated with that username.

To retrieve your username, click “Forgot your username?” on the login page. You will then be prompted for an email address. Upon clicking “Retrieve Username”, an email will be sent to the email address provided, so long as there is a username associated with that email address.

2.2. RESCUE HOME PAGE

The RESCUE Home Page

After a successful login, you will be presented with the screen shown in the above image.

Note: Some things may not appear depending on the privileges provided to you by your administrator/supervisor, such as the Demographic Report tab.

From this screen you can:

1. Create a new Patient Care Report from scratch, from a template.
2. Import a Patient Care Report from the XML of a pre-existing Patient Care Report if you have permission. (Use the refresh button on the bottom left if the report does not appear in the table).
3. Export a Patient Care Report to an XML file if you have permission.
4. Search or sort existing patient care reports to find the one you want.
5. Edit/delete an existing patient care report that you have access.
6. Check the Status of particular reports.
7. Edit the Demographic Report of an agency if you have permission.
8. Create a new template or edit an existing one.

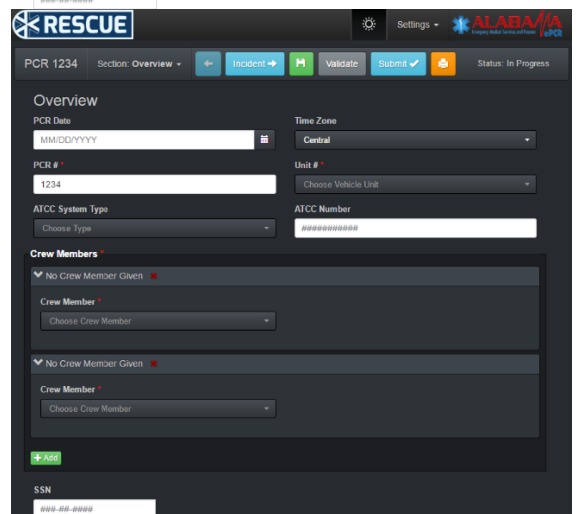

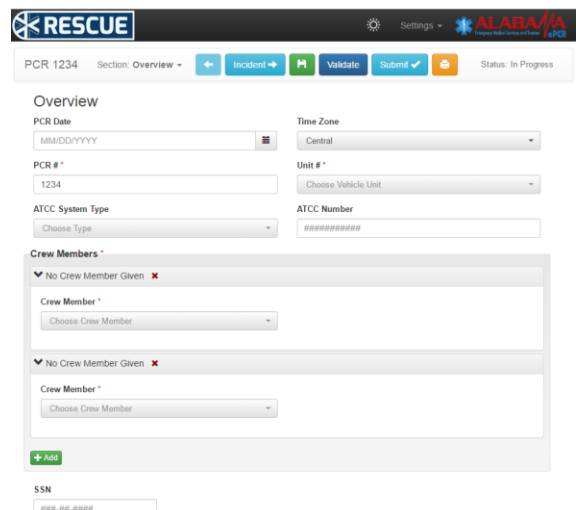

At any point in time beyond this page, you can click the button shown below in the red square to return to this screen at any time.

The RESCUE Settings Bar

Press the button outlined to return to the RESCUE Home Page at any time.

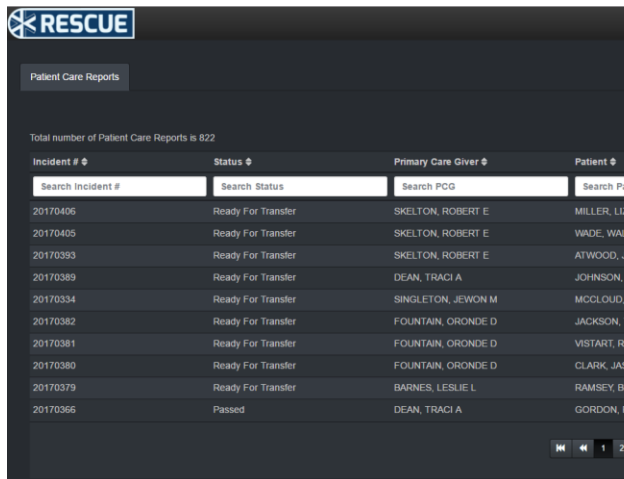

The Sun icon changes the theme of RESCUE between day and night modes.

Day Mode Theme (Left) vs. Night Mode Theme (Right)

Toggle between these two themes by clicking the sun icon on the settings bar.

2.3. THE RESCUE HOME PAGE (VIEW-ONLY)

| Incident # | Status | Primary Care Giver | Patient |
|------------|--------------------|--------------------|--------------|
| 20170406 | Ready For Transfer | SKELTON, ROBERT E | MILLER, LIZZ |
| 20170405 | Ready For Transfer | SKELTON, ROBERT E | WADE, WALT |
| 20170393 | Ready For Transfer | SKELTON, ROBERT E | ATWOOD, JC |
| 20170389 | Ready For Transfer | DEAN, TRACI A | JOHNSON, B |
| 20170334 | Ready For Transfer | SINGLETON, JEWON M | MCLOUD, V |
| 20170382 | Ready For Transfer | FOUNTAIN, ORONDE D | JACKSON, T |
| 20170381 | Ready For Transfer | FOUNTAIN, ORONDE D | VISTART, RO |
| 20170380 | Ready For Transfer | FOUNTAIN, ORONDE D | CLARK, JASH |
| 20170379 | Ready For Transfer | BARNES, LESLIE L | RAMSEY, BU |
| 20170366 | Passed | DEAN, TRACI A | GORDON, R |

The RESCUE Home Page If You Can View but Not Edit.

The above image will be what you see if your privileges only allow you to view Patient Care Reports, but not edit them. In this case, you can do a couple things:

1. Export Patient Care Report to XML.
2. Export Patient Care Report to a PDF (for printing).

You can export the Patient Care Report to XML by clicking the blue button labeled 'Export as XML' and you can export to a PDF file by clicking the orange 'Print' button.

2.4. THE ACTION BAR

The Action Bar

This is used in all types of reports, and changes based on privileges, type of report, etc.

While viewing/editing a Patient Care Report, Demographic Report, or Patient Care Report template, an action bar is present just below the "RESCUE" icon on the top left corner of the

screen. This bar changes based on the type of report you are viewing/editing. For all types of reports, starting at the furthest left part of the bar, the first thing you will see is the type of report, either "PCR" followed by the Incident number, or "DR".

Next you will see a dropdown that tells you what section you are currently in. You can click this dropdown to be presented with a list of sections. Clicking on a choice takes you immediately to the associated section. If you'd prefer, you can easily navigate to the next or previous sections using the blue buttons that are next on the action bar after the sections dropdown. The left button takes you to the previous section (unless you are on the first section) and the right button takes you to the next section (unless you are on the last section).

The remaining buttons are based on the type of report you are viewing/editing. If you are allowed to edit the report, there will be a **save** button and a **validate** button. Patient Care Reports have a **submit** button as well, but the Demographic Report does not (it instead submits on successful validation). The last button is the **print** button.

Finally, on the far right of the action bar is a status. This tells you what "stage" the report is in. This will be discussed in more detail in section 2.4.

2.5. STATUSES AND WHAT THEY MEAN

There are several different statuses:

1. In Progress
2. Submitted
3. Rejected
4. Ready For Transfer
5. Transferred
6. Passed
7. Failed

8. Deleted

A report is **In Progress** upon creation and any time it is saved. For instance, if you submit a report and then save it, it will return to the **In Progress** status.

A report is **Submitted** after a successful validation, followed by a successful submission. The report will remain in the submitted state until a supervisor reviews the submission or you make and save changes. This returns the report to the **In Progress** state.

If, after submission, a report is rejected by a supervisor, it will fall into the **Rejected** status. Otherwise, it will continue to the **Ready for Transfer** Status, followed by the **Transferred** status upon successful transfer. After the report is in the Ready for Transfer state only supervisors can unlock a report for changes and corrections to be made. If it is successfully processed and stored on the state server, it will continue into the **Passed** state, otherwise, it will go into the **Failed** state.

When you delete a report, it goes into the **Deleted** state and will no longer be viewable or editable.

2.6. USER PRIVILEGES

What you can do and see within RESCUE is determined by the privileges set for you by your administrator. Here is a list of those privileges:

1. PCR Editor
2. Agency PCR Viewer
3. Submit PCRs Without Approval
4. DR Editor
5. Supervisor

The **PCR Editor** privilege allows you to edit Patient Care Reports. This means you can create new or view your existing Patient Care Reports. When you view a Patient Care Report, you can

make changes, save, and submit, unless it is in the **Locked** status.

The **Agency PCR Viewer** is a privilege that allows you to view and print all Patient Care Reports for an agency, but does not allow you to edit them.

The **Submit PCRs without Approval** privilege allows you to submit a Patient Care Report without the approval of a supervisor. If you have this privilege and successfully submit a report, it will put it immediately in the **Ready for Transfer** status.

The **DR Editor** privilege allows you to edit the Demographic Report section of your provider. If you have this privilege, you will see an extra tab next to the "Patient Care Reports" and "PCR Templates" tabs on the home screen.

The **Supervisor** privilege allows a user to approve and reject submitted Patient Care Reports, edit Demographic Report information, create and modify templates, and unlock approved or transferred Patient Care Reports if they need to be edited.

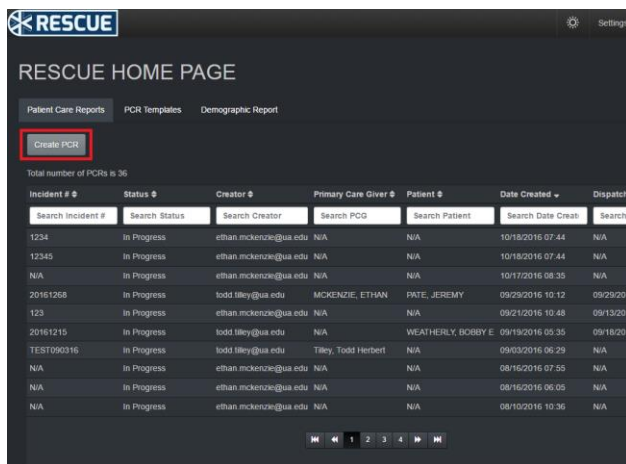

It is worth mentioning that these privileges can be overlapped. For instance, you could have both PCR Editor as well as Agency PCR Viewer, allowing you to see all Patient Care Reports that have been created within that organization as well as allowing you to edit your own.

3. PATIENT CARE REPORTS

The three tabs at the top of the RESCUE Home Page take you to different parts of the website. By default, “Patient Care Reports” will be selected.

3.1. CREATING A NEW PATIENT CARE REPORT

From the RESCUE Home Page, you can create a new Patient Care Report by clicking the button labeled “Create PCR” located just below the Patient Care Reports tab near the top of this screen. This will automatically load you into a blank Patient Care Report.

Create PCR on RESCUE Home Page

3.2. VIEWING/EDITING AN EXISTING PATIENT CARE REPORT

In the table located below the “Create PCR” button is all of the Patient Care Reports that you have access to. The columns of the table show you the Incident #, status, creator, primary care giver, patient name, when it was created, and the dispatch time of the report. These are dynamically updated when the appropriate fields are changed in the report itself.

To access an existing Patient Care Report to edit it, simply click the row that contains the report

you are looking for. You can more easily find the row you want by filtering the table, either by **searching** or by **sorting**. Note that you can also search for the one you want simply by navigating through the table by page by using the navigation tool at the bottom of the table shown below.

3.2.1. Searching

Each column in the Patient Care Report table has its own search box located just underneath the header. You can use the boxes to search for a Patient Care Report based on that one column, or you can search by multiple columns simply by typing in the relevant search boxes.

3.2.2. Sorting

Each column can be sorted either by ascending or descending by clicking on the column header. First click sorts it in ascending order (Arrow pointing up) and a second click will sort it in descending order (Arrow pointing down). A third click will return it to the default state (both arrows visible).

3.3. ENTERING DATA INTO THE PATIENT CARE REPORT

There are many sections that make up a Patient Care Report, but it would be beneficial to go into detail about one in particular: the **Overview** section.

3.3.1. The Overview Section

Once you select the Patient Care Report you want, you will be directed to the Overview section of the report as shown below.

The Overview Section

The elements here are linked to other elements throughout the report.

There are many important fields on this screen. This is because these fields were deemed some of the more important fields in the report, and were moved to this location to make them quickly accessible. They are still located within their appropriate section, but are dynamically updated if the overview version of those fields are updated.

For example, if the “PCR #” field is updated on the Overview section, it will also be updated on the Incident section, where it appropriately belongs. The reverse is also true. If you change “PCR #” in the Incident section, it will also be modified in the Overview section.

The **Time Zone** field lets RESCUE know what to show you in the times field of date/time fields.

3.3.2. Types of Fields

There are 4 types of fields:

1. Text fields or numerical boxes
2. Single select fields
3. Multiple select fields
4. Date/Time fields

Text fields are for values that can be letters or numbers. It does not matter what is in these

fields as long as they follow specific rules about that box.

Numerical fields are specifically for numbers. These can range from integers (1, 2, 3, etc.) to decimals (1.1, 1.25, 1.234, etc.) depending on what is necessary for the field. For instance, Age, located in the Patient section requires an integer, but Dosage, located in the Medications section can support a decimal with up to three places (0.001). These fields typically have an incremter/decremter on the right side of the box.

Single select fields are dropdown lists where you choose a single item from the list.

Multiple select fields are the same as Single select fields but you can choose however many choices are necessary.

Date/Time fields are a little different. These are two-in-one fields, with the date on the left and the time on the right. You can enter the date yourself in the left box following the format that is shown when the box is empty, or you can select the date by clicking the button on the very left side that looks like a calendar. On the right you can enter the time following the correct format as shown in the box when it is empty, just like the date. Times are recorded in the 24-hour format.

3.3.3. Types of Groups

Groups in RESCUE are denoted by being grouped together within a grey (day mode) or black (night mode) background. At the top of these groups are labels specifying what group it is.

There are two types of groups:

1. Single groups
2. Multiple groups

Single groups will only ever exist within a Patient Care Report one time.

A screenshot of a form titled "Name". It contains three input fields: "Last", "First", and "Middle". Each field has a red asterisk next to its label, indicating it is mandatory. The "Last" and "First" fields are currently empty, while the "Middle" field is partially visible and also empty.

Single Group Example

For **Multiple groups**, there will either be one (zero if it is not required) or more of the same group.

 A screenshot of a form titled "Crew Members". It shows two instances of a "Crew Member" group. Each instance has a dropdown menu labeled "Choose Crew Member" and a red asterisk next to the label. Below the second instance, there is a green button with a plus sign and the text "+ Add".

Multiple Group Example

Notice the "Add" button at the bottom left.

These types of groups have a green button at the bottom labeled "Add" that is for adding another instance of that group.

When creating a new Patient Care Report, Multiple groups will by default have either one entry if it is required, or none if it is not required, with the exception of the Crew Members group in the Incident section, which starts with two groups by default.

3.3.4. Mandatory Fields vs. Required Fields

Some fields have a red asterisk trailing the label of that specific field. This denotes the field is **mandatory**. A field that is **mandatory** must be given a value **no matter what**.

On the other hand, some fields are trailed by a yellow asterisk. These are **required** fields. Usually a value is required for these fields, but certain criteria may make these fields not required. For instance, if you went on a call that was cancelled before arriving at the patient,

then you might not have enough information to answer certain patient-related questions.

3.3.5. Filtered List Fields

Some single select and multiple select fields are so large that the lists must be filtered down to a certain amount to prevent major slowdown of the application. Procedure in the Procedures section is an example of this. The list is so large, it is filtered down to the first 50 choices. In lists like these, it is best to use the search box to search for what you need. When you type into the search box, the full list is filtered down to the first 50 results based on your search criteria.

All county, city, and country lists all have filtered lists. Others include:

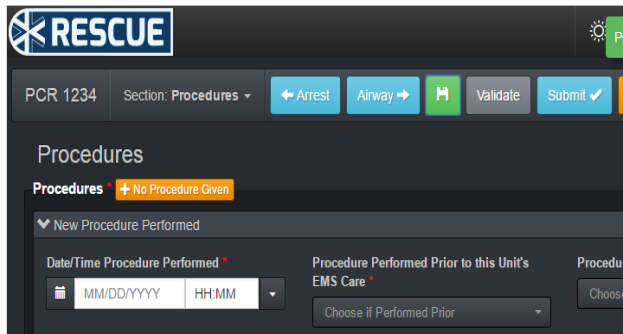

- Procedure in the Procedure Section
- Medication in the Current Medications section of Patient Assessment
- Medication Given in Medications section

Note that you can also search by code (e.g. decompression is 409530006)

3.3.6. Action Bar Commands (Saving, Submitting, Validating, Printing)

The action bar for Patient Care Reports has, from left to right, a button for saving, validating, submitting, and printing.

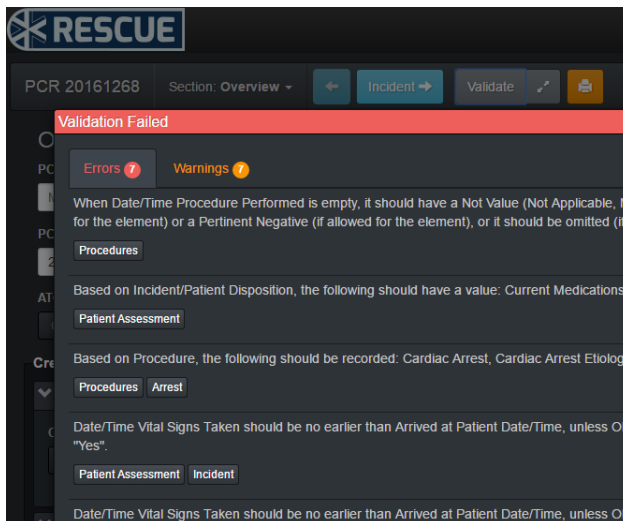

The **Save** button simply saves the entire report. Upon a save, you will be presented with a message that tells you it was successful or tells you it was unsuccessful and why.

Save Successful Example

If the save was not successful, the box would be red and have a message explaining why it failed.

The **validate** button validates the report. If there are no issues with your report, you will be presented with a Validation Passed box. Otherwise, you will be presented a box showing you any errors and/or warnings associated with the errors.

Validation Unsuccessful Example

Underneath each error/validation is a button labeled with a section name that is associated with the error/warning that, when clicked, takes you to the element that is associated with the error or warning.

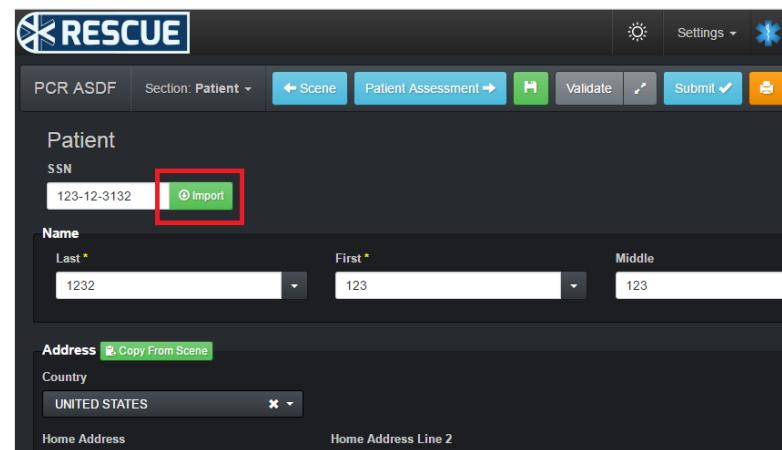

Also, error or warning details of each field can be viewed by clicking the "Field associated with a validation error/warning" text under the field.

The **Submit** button first validates the report. If the validation is successful, it then submits it for transfer. If a supervisor approves it, it will then get transferred for processing on the state server.

The **Print** button generates a print-friendly report for the data entered in the Patient Care Report that can easily be printed.

3.3.7. Patient Saving/Importing

In the Patient section of the Patient Care Report, patients are defined based on their Social Security Numbers. Based on that, patient data is saved so that if data for that patient must be entered again it can be easily retrieved. To retrieve it, simply type in the social security number in the SSN field, and if it matches one of the saved patients, an "Import" button will appear. When you click that a dialog box will appear showing exactly the information that will be imported.

Import Button Present

The import button only shows if the SSN provided has an associated patient already saved.

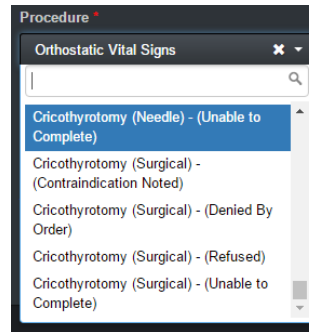

Patient Import Dialog Box

This appears after clicking the “Import” button.

3.3.8. Not Values and Pertinent Negatives

Not values are values to be chosen for specific elements when the particular element does not apply to that run, was not recorded, etc. For instance, if there was no patient, then there would be no Current Medications (eHistory.12) to report. You would therefore record Current Medications as “Not Applicable”. Not values never have any other data associated with the element.

Pertinent negatives are usually used where data is incomplete for when it couldn't be gathered due to particular circumstances, e.g. the patient is unresponsive or refused to answer. Some elements allow for additional data alongside a pertinent negative. In the case of text and number elements, you would enter the data in the box as normal and then select the appropriate pertinent negative. For single select fields and multiple select fields that allows for data alongside a them, pertinent negatives are shown as the data, followed by a “-”, then followed by the pertinent negative, as shown in the image below.

Pertinent Negative with Data Example

Elements like this require data with a pertinent negative.

3.3.8.1 Recording a Not Value or Pertinent Negative

Recording a not value or a pertinent negative is different depending on the type of field. Fields for text and numbers will have a dropdown to the right of the box that allows you to choose a not value or pertinent negative, or to remove one already recorded. If a not value is chosen, the text/number box will grey out, indicated it has been disabled since you cannot enter data with a not value. If the box already had data, the data will be cleared.

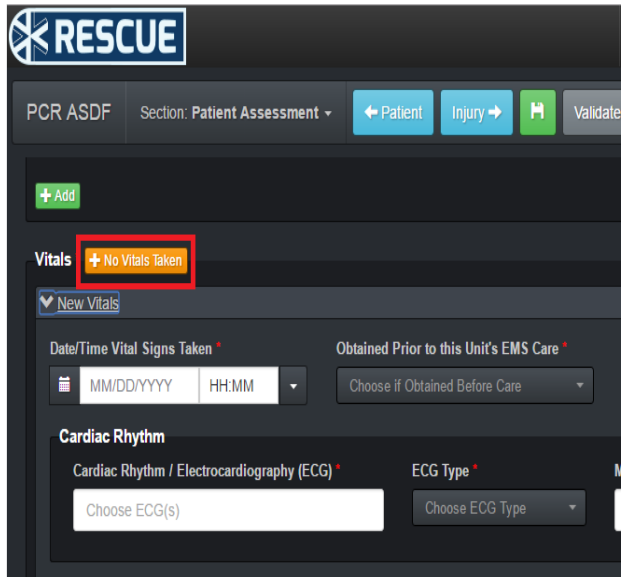

For single select and multiple select elements, the not values and pertinent negatives are located at the bottom of the list of choices associated with that element. You can pick them just as you would pick any other choice in the list.

It should be noted that only certain elements have not values, pertinent negatives, or both associated with them. If a dropdown is not shown for an element, that element does not have not values or pertinent negatives.

3.3.8.2 Not Value Group Insertion

Some groups allow for immediate not value insertion. For instance, if a vital is not taken for a patient (such as if there is no patient), you can press the button labeled “No Vitals Taken” to immediately insert a new vitals group with all fields already filled with not values. The “No Vitals Taken” button then changes into a

“Remove No Vitals Taken” button that can be pressed to return it to a blank group.

Automatic Not Value Group Insertion Example
You can press the button shown here to automatically insert a not value group for certain groups.

3.3.9. Handling Daylight Saving Time's Ambiguous Hours

Runs that take place during Daylight Saving Time can get tricky. This is especially true in autumn, when we gain an hour. This gives us an ambiguous one o'clock, since there is two of them on this particular day. To handle this, the system automatically detects if the date/time input is a day where the Daylight Saving Time is ending and is in the 1:00am – 1:59am area. If it does detect it, a checkbox appears asking you to tell us if the time you input was the first 1:00am, or the second 1:00am.

If the run took place when Daylight Saving Time is beginning and you input 2:00am – 2:59am, then the application will tell you that is an invalid time, since there is no 2:00am – 2:59am on this day.

3.3.10. Templates

Templates are useful when there are common types Patient Care Reports that you use. You

can create a template and reuse it any time you are going to be writing a similar report.

Template functions on the RESCUE Home Page include:

1. **Create PCR** – create a PCR based on the selected template.
2. **View** – view/edit the selected template.
3. **Copy** – create a new template based on the selected one.
4. **Delete** – delete the selected template.

When you click the **Create PCR** button, a new report will be generated with the edited fields filled in for you. This newly created report can now be found in the table under the “Patient Care Report” tab on the RESCUE Home Page.

If you click the **View** button, you can edit the template as needed. Pressing the **Copy** button allows you to edit a template, but it creates a new one in the process so the old one can be left untouched.

If you **delete** a template, it cannot be retrieved.

You can also create new templates from within a Patient Care Report by clicking the dropdown next to the save button and pressing “Save as Template”.

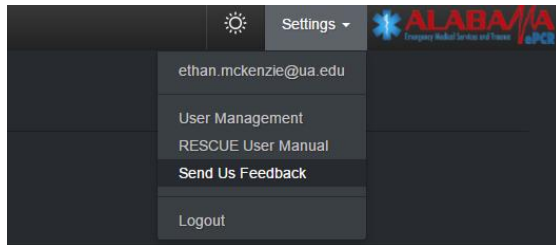

4. ADDITIONAL INFORMATION

4.1. PROVIDING FEEDBACK

If you wish to help us further improve RESCUE, you can email any information about bugs you find or suggestions you may have to rescuecapssupport@ua.edu.

Alternatively, you can use the 'Send Us Feedback' feature from within RESCUE. It is located in the 'Settings' dropdown in the top right corner of the website.

'Send Us Feedback' Feature

When you select the option to send us feedback, a new window will appear asking you for your email (if it is not automatically filled for you) and will provide plenty of free text space for you to describe to us your suggestion and/or issue. That message will then be sent to the rescuecapssupport@ua.edu email.

4.2. FREQUENTLY ASKED QUESTIONS

I cannot find my town/city in any of the city dropdowns!

In the event that you cannot find your town/city in the dropdown, you may choose the county in which the town/city you are looking for is located.

I added personnel in our EMS Web Management system, and they are not showing up in RESCUE!

When you add new personnel, please allow up to 4 hours for the personnel to reach RESCUE's system.

My glucometer only shows "High" and "Low" as a reading, but RESCUE needs a number value for "Blood Glucose Level" (eVitals.18). What do I put in?

For glucometers with 'High' and 'Low' readings, report '600' for 'High' and '20' for 'Low'.

5. APPENDIX

5.1. INCIDENT LOCATION TYPE

Agricultural Site

- Y92.7 Agricultural site/Farm
- Y92.71 Barn
- Y92.72 Chicken coop
- Y92.73 Farm field
- Y92.74 Orchard
- Y92.79 Other farm location
- Y92.86 Slaughter house

Commercial

- Y92.520 Airport
- Y92.510 Bank
- Y92.39 Gym
- Y92.6 Industrial/construction area
- Y92.5 Place of business, NOS
- Y92.511 Restaurant/café
- Y92.513 Shop (commercial)
- Y92.51 Store
- Y92.512 Supermarket, store or market
- Y92.59 Warehouse

Cultural Buildings

- Y92.25 Cultural building
- Y92.250 Art Gallery
- Y92.26 Movie theater or cinema
- Y92.251 Museum
- Y92.252 Music hall
- Y92.253 Opera house
- Y92.258 Other cultural public building
- Y92.254 Theater (live)

Healthcare

- Y92.530 Ambulatory surgery center
- Y92.531 Doctor's office

5.10. PATIENT ACTIVITY

Animal Care

- Y93.K Animal care activity
- Y93.K3 Grooming or shearing an animal
- Y93.K2 Milking an animal
- Y93.K9 Other activities involving animal care
- Y93.K1 Walking an animal

Arts and Crafts

- Y93.D Arts or handcrafts activity
- Y93.D3 Furniture building or finishing
- Y93.D1 Knitting or crocheting
- Y93.D9 Other activities involving arts or handcrafts
- Y93.D2 Sewing

Cardio Activities

- Y93.A Cardiorespiratory exercise activity
- Y93.A3 Aerobic or step exercise
- Y93.A2 Calisthenics
- Y93.A4 Circuit training
- Y93.A1 Exercise machines primarily for cardiorespiratory conditioning
- Y93.A6 Grass drills
- Y93.A5 Obstacle course
- Y93.A9 Other activities involving cardiorespiratory exercise

Caregiving

- Y93.F Caregiving activity
- Y93.F1 Caregiving, bathing
- Y93.F2 Caregiving, lifting
- Y93.F9 Other caregiving activities

Climb/Jumping Activities

- Y93.3 Climbing or jumping activity
- Y93.33 BASE jumping
- Y93.34 Bungee jumping
- Y93.35 Hang gliding
- Y93.31 Mountain climbing, rock climbing, or wall climbing
- Y93.39 Other climbing, rappelling, or jumping off activities
- Y93.32 Rappelling

Contact Sports

- Y93.6 athletic team or group activity
- Y93.62 American flag or touch football
- Y93.61 American tackle football
- Y93.64 Baseball
- Y93.67 Basketball
- Y93.65 Lacrosse or field hockey
- Y93.69 Other athletics played as a team or group activities
- Y93.63 Rugby
- Y93.6A School recess, summer camp or children activities
- Y93.66 Soccer
- Y93.68 Volleyball (beach or court)

Dancing or Rhythmic Activities

- Y93.4 Dancing or rhythmic activity
- Y93.45 Cheerleading
- Y93.41 Dancing
- Y93.43 Gymnastic
- Y93.49 Other dancing or rhythmic movement activities
- Y93.44 Trampolineing
- Y93.42 Yoga

Exercise

- Y93.B Muscle strengthening activity
- Y93.B1 Exercise machines primarily for muscle strengthening
- Y93.B3 Free weights
- Y93.B9 Other activities involving muscle strengthening exercises
- Y93.B4 Pilates
- Y93.B2 Push-ups, pull-ups, sit-ups

Food Preparation

- Y93.G Food preparation activity
- Y93.G3 Cooking or baking
- Y93.G1 Food preparation or clean up
- Y93.G2 Grilling or smoking food
- Y93.G9 Other activities involving cooking or grilling

Hand Sports

- Y93.7 Hand sport or athletic activity
- Y93.71 Boxing

- Y93.74 Frisbee
- Y93.75 Martial arts
- Y93.79 Other specified sports or athletics activities
- Y93.73 Racquet or hand sports
- Y93.72 Wrestling

Individual Sport

- Y93.5 individual athletic activity
- Y93.55 Bike riding
- Y93.54 Bowling
- Y93.53 Golf
- Y93.52 Horseback riding
- Y93.56 Jumping rope
- Y93.57 Non-running track or field
- Y93.59 Other athletics played individually activities
- Y93.51 Roller skating (inline) or skateboarding

Instruments

- Y93.J Playing musical instrument activity
- Y93.J2 Drum or other percussion instrument playing
- Y93.J1 Piano playing
- Y93.J3 String instrument playing
- Y93.J4 Winds or brass instrument playing

Personal Hygiene or Home Activity

- Y93.E Personal hygiene, laundry, or interior property activity
- Y93.E5 Floor mopping or cleaning
- Y93.E4 Ironing
- Y93.E2 Laundry
- Y93.E9 Other activities involving interior property or clothing maintenance
- Y93.E8 Other personal hygiene
- Y93.E1 Personal bathing or showering
- Y93.E6 Residential relocation
- Y93.E3 Vacuuming

Property Management

- Y93.H Exterior property activity
- Y93.H3 Building or construction
- Y93.H1 Digging, shoveling, or raking
- Y93.H2 Gardening or landscaping

- Y93.H9 Other activities involving exterior property or land maintenance, building or construction

Rollercoasters

- Y93.I Roller coaster type activity
- Y93.I1 Roller coaster riding
- Y93.I9 Other activities involving external motion

Technology

- Y93.C Computer or electronic device activity
- Y93.C1 Computer keyboarding
- Y93.C2 Hand held interactive electronic device
- Y93.C9 Other activities involving computer technology or electronic devices

Unspecified Activity

- Y93.8 Unspecified activity
- Y93.89 Other specified
- Y93.81 Refereeing a sports activity
- Y93.83 Rough housing or horseplay
- Y93.84 Sleeping
- Y93.82 Spectator at an event
- Y93.9 Unspecified

Walking or Running

- Y93.0 Walking or running activities
- Y93.02 Running
- Y93.01 Walking, marching, or hiking

Water Activities

- Y93.1 Water or water craft activity
- Y93.19 Other water or water craft activities
- Y93.16 Rowing, canoeing, kayaking, rafting, or tubing
- Y93.12 Springboard or platform diving
- Y93.18 Surfing, windsurfing, or boogie boarding
- Y93.11 Swimming
- Y93.15 Underwater diving or snorkeling
- Y93.14 Water aerobics or water exercise
- Y93.13 Water polo
- Y93.17 Water skiing or wake boarding

Winter Activities

- Y93.2 Ice or snow activity
- Y93.24 Cross country skiing
- Y93.22 Ice hockey

Y93.21 Ice skating
Y93.29 Other ice or snow activities

Y93.23 Snow (alpine or downhill) skiing, snowboarding,
sledding, tobogganing, or snow Tubing

This appendix is out of date. If you are looking for the most up to date lists, please refer to [section 5](#).

6. APPENDIX (OLD)

6.1. INCIDENT LOCATION TYPE

Agricultural Site

- Y92.7 Agricultural site/Farm
- Y92.71 Barn
- Y92.72 Chicken coop
- Y92.73 Farm field
- Y92.74 Orchard
- Y92.79 Other farm location
- Y92.86 Slaughter house

Apartment

- Y92.03 Apartment
- Y92.031 Bathroom
- Y92.032 Bedroom
- Y92.030 Kitchen
- Y92.038 Other place

Boarding House

- Y92.04 Boarding House
- Y92.041 Bathroom
- Y92.042 Bedroom
- Y92.043 Driveway
- Y92.044 Garage
- Y92.046 Garden or yard
- Y92.040 Kitchen
- Y92.048 Other place
- Y92.045 Swimming-pool

Cultural Buildings

- Y92.25 Cultural building
- Y92.250 Art Gallery
- Y92.26 Movie theater or cinema
- Y92.251 Museum
- Y92.252 Music hall
- Y92.253 Opera house
- Y92.258 Other cultural public building
- Y92.29 Other public building
- Y92.254 Theater (live)

Healthcare

- Y92.530 Ambulatory surgery center
- Y92.531 Health care provider office
- Y92.538 Other ambulatory health services establishments
- Y92.532 Urgent care center

Hospital

- Y92.23 Hospital
- Y92.233 Cafeteria
- Y92.232 Corridor
- Y92.234 Operating room
- Y92.238 Other place
- Y92.231 Patient bathroom
- Y92.230 Patient room

Industrial Site

- Y92.6 Industrial or construction site
- Y92.61 Building [any] under construction
- Y92.62 Dock or shipyard
- Y92.63 Factory
- Y92.64 Mine or pit
- Y92.65 Oil rig
- Y92.69 Other industrial/construction area

Military Installation

- Y92.13 Military installation or base
- Y92.133 Barracks
- Y92.135 Garage
- Y92.137 Garden or yard
- Y92.130 Kitchen
- Y92.131 Mess hall
- Y92.84 Military training ground
- Y92.138 Other place
- Y92.136 Swimming-pool

Mobile Home

- Y92.02 Mobile home
- Y92.022 Bathroom
- Y92.023 Bedroom
- Y92.021 Dining room
- Y92.024 Driveway
- Y92.025 Garage
- Y92.027 Garden or yard

This appendix is out of date. If you are looking for the most up to date lists, please refer to [section 5](#).

Y92.020 Kitchen
Y92.026 Swimming-pool

Nursing Home

Y92.12 Nursing Home
Y92.121 Bathroom
Y92.122 Bedroom
Y92.123 Driveway
Y92.124 Garage
Y92.126 Garden or yard
Y92.120 Kitchen
Y92.128 Other place
Y92.125 Swimming-pool

Orphanage / Children's Home

Y92.11 Orphanage or Children's Home
Y92.111 Bathroom
Y92.112 Bedroom
Y92.113 Driveway
Y92.114 Garage
Y92.116 Garden or yard
Y92.110 Kitchen
Y92.118 Other place
Y92.115 Swimming-pool

Other Institutional Residence

Y92.10 Other Institutional Residence

Other Places

Y92.89 Other place

Other Private Residence

Y92.09 Other Private Residence
Y92.091 Bathroom
Y92.092 Bedroom
Y92.093 Driveway
Y92.094 Garage
Y92.096 Garden or yard
Y92.090 Kitchen
Y92.098 Other place
Y92.095 Swimming-pool

Pedestrian / Bike Paths

Y92.482 Bike path

Y92.480 Sidewalk

Prison

Y92.14 Prison
Y92.142 Bathroom
Y92.147 Courtyard
Y92.141 Dining room
Y92.140 Kitchen
Y92.148 Other place in prison
Y92.143 Prisoner's Cell
Y92.146 Swimming-pool

Private Residence

Y92.14 Prison
Y92.142 Bathroom
Y92.147 Courtyard
Y92.141 Dining room
Y92.140 Kitchen
Y92.148 Other place in prison
Y92.143 Prisoner's Cell
Y92.146 Swimming-pool

Public Administrative Buildings

Y92.24 Public administrative building
Y92.243 City hall
Y92.240 Courthouse
Y92.241 Library
Y92.248 Other public administrative building
Y92.242 Post office

Recreation Area

Y92.83 Recreation area
Y92.831 Amusement park
Y92.832 Beach
Y92.833 Campsite
Y92.9 Natural Body of Water
Y92.838 Other recreation area
Y92.830 Public park
Y92.834 Zoological garden (Zoo)

Reform School

Y92.15 Reform school
Y92.152 Bathroom

This appendix is out of date. If you are looking for the most up to date lists, please refer to [section 5](#).

Y92.153 Bedroom
Y92.151 Dining room
Y92.154 Driveway
Y92.155 Garage
Y92.157 Garden or yard
Y92.150 Kitchen
Y92.158 Other place
Swimming-
Y92.156 pool

Religious Institution

Y92.22 Religious institution

Residential Institution

Y92.19 Residential institution
Y92.192 Bathroom
Y92.193 Bedroom
Y92.191 Dining room
Y92.194 Driveway
Y92.195 Garage
Y92.197 Garden or yard
Y92.190 Kitchen
Y92.198 Other place
Y92.196 Pool

Retail Building

Y92.51 Retail building
Y92.510 Bank
Y92.511 Restaurant or cafe
Y92.513 Shop (commercial)
Y92.512 Supermarket, store or market

Roadways

Y92.41 Roadway (Street or Highway)
Y92.415 Exit ramp or entrance ramp of street or highway
Y92.411 Interstate highway
Y92.414 Local residential or business street
Y92.488 Other paved roadways
Y92.481 Parking lot
Y92.412 Parkway
Y92.413 State road

School Dormitory

Y92.16 School dormitory

Y92.162 Bathroom
Y92.163 Bedroom
Y92.161 Dining room
Y92.160 Kitchen
Y92.168 Other place

Schools

Y92.21 School
Y92.214 College/University
Y92.210 Daycare center
Y92.211 Elementary school
Y92.213 High school
Y92.212 Middle school
Y92.218 Other school
Y92.215 Trade school

Sports Area

Y92.3 Sports area
Y92.320 Baseball field
Y92.310 Basketball court
Y92.321 Football field
Y92.330 Ice skating rink (indoor) (outdoor)
Y92.318 Other athletic court
Y92.328 Other athletic field
Y92.39 Other sports and athletic area
Y92.331 Roller skating rink
Y92.322 Soccer field
Y92.311 Squash court
Y92.34 Swimming pool (public)
Y92.312 Tennis court

Transit Hub

Y92.520 Airport
Y92.521 Bus station
Y92.524 Gas station
Y92.523 Highway rest stop
Y92.522 Railway station

Vehicle

Y92.81 Vehicle (transport)
Y92.813 Airplane
Y92.814 Boat
Y92.811 Bus
Y92.810 Car

This appendix is out of date. If you are looking for the most up to date lists, please refer to [section 5](#).

Y92.818 Other transport vehicle
Y92.85 Railroad track
Y92.816 Subway car
Y92.815 Train
Y92.812 Truck

Wilderness Area

Y92.82 Wilderness area
Y92.820 Desert
Y92.821 Forest
Y92.828 Other wilderness area

This appendix is out of date. If you are looking for the most up to date lists, please refer to [section 5](#).

6.2. PRIMARY/SECONDARY IMPRESSIONS

Behavioral/Psychological

- R41.82 Altered mental status
- R45.89 Behavioral / psychiatric episode
- R41.0 Excited (Agitated) Delirium

Cardiac/Circulatory

- I20.9 Angina
- I20.0 Angina, unstable
- I46.9 Cardiac Arrest
- I49.9 Cardiac arrhythmia/dysrhythmia
- I31.4 Cardiac tamponade
- I50.9 CHF
- I62.9 Head bleed
- I10 Hypertension
- I95.9 Hypotension
- I21.4 Non-ST (NSTEMI)
- I26 Pulmonary embolism
- I21.0 STEMI of anterior wall
- I21.1 STEMI of inferior wall
- I21.2 STEMI of other sites

Childbirth – Infant

- P15 Birth injuries to the newborn
- P24.0 Meconium aspiration
- P08.21 Post-term newborn
- P07.3 Preterm newborn
- P22 Respiratory distress of newborn
- Z38.2 Term newborn

CNS/Nervous System

- G04.90 Encephalitis/encephalomyelitis
- G81.90 Hemiplegia
- G03.9 Meningitis
- G82.20 Paraplegia
- G82.50 Quadriplegia
- G40.901 Seizures with status epilepticus
- G40.909 Seizures without status epilepticus
- I63.9 Stroke
- G45.9 TIA

Diabetic, Endocrine, or Metabolic Disease

- E27.40 Adrenocortical insufficiency
- E13.65 Diabetes with hyperglycemia
- E13.64 Diabetes with hypoglycemia
- E87.5 Hyperkalemia
- E16.2 Hypoglycemia
- E86.1 Hypovolemia

Digestive System

- K35.80 Appendicitis, acute
- K59.00 Constipation
- K59.1 Diarrhea
- K22.2 Esophageal obstruction
- K21 GERD
- K92.0 Hematemesis
- K92.1 Melena

Environmental/Exposure

- T75.1 Drowning / Submersion
- T70.29 Altitude Sickness
- T30.0 Tissue Burn
- T70.3 Decompression sickness (e.g. scuba diving)
- T33.90 Frostbite, superficial
- T34.90 Frostbite, with tissue necrosis
- T67.5 Heat exhaustion
- T67.0 Heatstroke and sunstroke
- T69.9 Hypothermia
- L55.0 Sunburn of first degree
- L55.1 Sunburn of second degree
- L55.2 Sunburn of third degree

Foreign Object in Body

- T18.9 In digestive system
- T16 In ear
- T19.9 In genitourinary tract
- T17.9 In respiratory tract
- T15 On external eye

General/Other

- T78.40 Allergic Reaction
- D64.9 Anemia
- Z74.01 Bedridden

This appendix is out of date. If you are looking for the most up to date lists, please refer to [section 5](#).

D49 Cancer, unspecified
R99 Death
E86.0 Dehydration
R50.9 Fever
Z77.9 Health hazard contact
R53.81 Malaise
T82.519 Medical device failure
E66.9 Obesity, unspecified
T81.89 Post-operative procedure complication
Z74.09 Reduced mobility
D57.0 Sickle Cell Crisis
T71.9 Suffocation
R55 Syncope and collapse
N93.9 Uterine or vaginal bleeding, abnormal
H53.9 Visual disturbance
R53.1 Weakness

Infection

L08.9 Infection, Skin
B99.9 Infectious disease
B97.4 RSV
B97.21 SARS
A41.9 Sepsis

Injury

S06.OX9 Concussion with loss of consciousness
S06.OX0 Concussion without loss of consciousness
S06.4 Epidural hemorrhage
S27.1 Hemothorax, traumatic
S39.91 Injury of abdomen
S99.91 Injury of ankle
S09.91 Injury of ear
S59.90 Injury of elbow
S39.94 Injury of external genitals
S05 Injury of eye and orbit
S09.93 Injury of face
S99.92 Injury of foot
S59.91 Injury of forearm
S09.90 Injury of head
S79.91 Injury of hip
S39.92 Injury of lower back
S89.9 Injury of lower leg
S19.9 Injury of neck

S09.92 Injury of nose
S39.93 Injury of pelvis
S49.9 Injury of shoulder or upper arm
S79.92 Injury of thigh (upper leg)
S29.9 Injury of thorax (upper chest)
S69.9 Injury of wrist, hand, or fingers
T14.90 Injury, unspecified
T07 Multiple injuries
S27.0 Pneumothorax, traumatic

No Patient Complaint

Z00.00 Encounter, adult, no findings or complaints
Z00.129 Encounter, child, no findings or complaints

Pain

R10.0 Acute abdomen
G89.1 Acute pain, not elsewhere classified
M54.9 Back Pain
R07.89 Chest Pain, Other [non-cardiac]
G89.2 Chronic pain, not elsewhere classified
H57.10 Eye pain
R10.84 Generalized abdominal pain
R51 Headache
G43.9 Migraine
R10.2 Pelvic and perineal pain
K08.8 Tooth pain

Pregnancy or Childbirth – Maternal

O75 Labor and Delivery with complications
O80 Labor and Delivery, uncomplicated
O71.9 Obstetric trauma, unspecified
O72.1 Other immediate postpartum hemorrhage
O72 Postpartum hemorrhage
O14.9 Pre-eclampsia
O62.0 Pregnancy with contractions
O60.1 Preterm labor with preterm delivery
O60.0 Preterm labor without delivery
O73.0 Retained placenta without hemorrhage
O03 Spontaneous abortion
O21.9 Vomiting due to pregnancy

Respiratory

J20.9 Acute bronchitis
J98.01 Acute bronchospasm

This appendix is out of date. If you are looking for the most up to date lists, please refer to [section 5](#).

J05.1 Acute epiglottitis
J45.901 Asthma with exacerbation
J00 Common cold
J44.1 COPD with exacerbation
J05.0 Croup
R04.0 Epistaxis
J11 Influenza
R09.89 Obstructed Airway
J18.9 Pneumonia
J93.9 Pneumothorax
J81.0 Pulmonary edema, acute
Respiratory condition due to noxious
J68.9 fumes
J98.9 Respiratory disorder
J80 Respiratory distress, acute
R09.2 Respiratory arrest

Shock

T78.2 Anaphylactic shock
R57.0 Cardiogenic shock
R57.1 Hypovolemic shock
R65.21 Septic shock
R57.9 Shock, unspecified
T79.4 Traumatic shock

Substance Abuse

F10.239 Alcohol dependence with withdrawal
F10.9 Alcohol use
F10.92 Alcohol use, with intoxication
F14.9 Cocaine related
F12.9 Cannabis related
F16.9 Hallucinogen related
F18.9 Inhalant related
Non-specified sedative, hypnotic or anxiolytic
F13.9 related
F11.9 Opioid related
F19.9 Psychoactive substance related

This appendix is out of date. If you are looking for the most up to date lists, please refer to [section 5](#).

6.3. PRIMARY/SECONDARY SYMPTOMS

Abdomen

- R18 Ascites
- R10.83 Colic
- R17 Jaundice
- R10.82 Rebound tenderness
- R19.30 Rigidity
- R10.81 Tenderness

Behavior

- R46.3 Overactivity
- R46.4 Slowness/poor responsiveness
- R46.2 Strange or inexplicable

Childbirth

- O47 False labor

Circulatory

- R00.2 Palpitations

Cognitive Functions/Awareness

- R41.82 Altered mental status
- R41.3 Amnesia
- R41.840 Attention/concentration deficit
- R41.0 Confusion/disorientation
- R42 Light-headedness

Convulsion/Seizure

- G40.3 Absence, Partial, Grand Mal (Tonic/Clonic)
- R56.9 Convulsions
- R56.0 Febrile

Death

- R99 Obvious Death

Digestive

- R14.0 Abdominal distension (gaseous)
- R13.0 Aphagia
- R14.2 Belching
- K59.00 Constipation
- R19.7 Diarrhea
- R13.10 Dysphagia

- R15 Fecal incontinence
 - R14.3 Flatulence
 - R12 Heartburn
 - K92.0 Hematemesis/vomiting blood
 - R11.0 Nausea
 - R11.10 Vomiting
 - R11.12 Vomiting, Projectile
- #### Emotional State

- R45.82 Anxiety/Worries
- R45.6 Combative/violent behavior
- R45.3 Demoralization/apathy
- R45.7 Emotional stress
- R45.83 Excessive crying (non-infant)
- R45.850 Homicidal ideations
- R45.4 Irritability/anger
- R45.81 Low self-esteem
- R45.0 Nervousness
- R45.1 Restlessness/agitation
- R45.851 Suicidal ideations

Episodic Disorders

- G47.00 Insomnia
- G44.53 Primary thunderclap headache

Full Body

- R68.83 Chills (without fever)
- R60.0 Edema, local (pitting)
- R60.9 Edema, unspecified
- R68.11 Excessive crying, infant
- R61 Excessive sweating/night sweats
- R53.83 Fatigue
- R50.9 Fever
- R58 Hemorrhage/bleeding
- R53.81 Malaise
- R55 Syncope/collapse
- R53.1 Weakness

Reproductive System

- N93.9 Abnormal vaginal or uterine bleeding
- N92.6 Irregular menstruation
- N48.3 Priapism

Head

- R68.2 Dry mouth

This appendix is out of date. If you are looking for the most up to date lists, please refer to [section 5](#).

H91.90 Hearing loss
K08.8 Toothache
H53.14 Visual discomfort/photophobia
H53.9 Visual disturbance
H54.7 Visual loss

Neuro – Musculoskeletal

R68.2 Dry mouth
H91.90 Hearing loss
K08.8 Toothache
H53.14 Visual discomfort/photophobia
H53.9 Visual disturbance
H54.7 Visual loss

No Patient Complaint

Z00.00 Encounter, adult, no findings or complaints
Z00.129 Encounter, child, no findings or complaints

Pain

R10.3 Abdomen lower (localized)
R10.1 Abdomen upper (localized)
R10.84 Abdominal (general)
R10.0 Acute abdomen
R07.89 Anterior chest-wall
M54.9 Back
R07.9 Chest (cardiac)
R07.1 Chest, on breathing
H92.09 Ear
R10.13 Epigastric
H57.10 Eye
R51 Headache
R07.82 Intercostal (rib)
R68.84 Jaw
R10.2 Pelvic/perineal
R10.33 Periumbilical
R07.0 Throat
R52 Unspecified

Paralytic Syndromes

G81.9 Hemiplegia
G83.10 Paralysis lower limb, unspecified

G83.20 Paralysis upper limb, unspecified
G82.20 Paraplegia
G82.50 Quadriplegia

Respiratory

J02 Acute Sore Throat
R06.81 Apnea
R09.01 Asphyxia
R04.2 Blood in sputum
R05 Cough
R06.00 Dyspnea
R06.01 Dyspnea while lying flat
R04.0 Epistaxis
R06.6 Hiccough
R06.4 Hyperventilation
R09.02 Hypoxemia
R09.81 Nasal congestion
R06.3 Periodic Breathing/Cheyne-Stokes Breathing/Abnormal breathing pattern
R09.2 Respiratory arrest
R06.02 Shortness of breath
R06.7 Sneezing
R06.83 Snoring
R06.1 Stridor
R06.82 Tachypnea
R06.2 Wheezing

Sensations and Perceptions

R44.0 Hallucinations, Auditory
R44.1 Hallucinations, Visual

Shock

T79.4 Shock, Anaphylactic
R57.0 Shock, Cardiogenic
R57.1 Shock, Hypovolemic
R65.21 Shock, Sepsis
T78.2 Shock, Traumatic
R57.9 Shock, unspecified

Skin

R20.2 Burning/Prickly/Tingling Sensation.
R23.0 Cyanosis
R20.1 Decreased sensation
R23.2 Flushing
L50.9 Hives

This appendix is out of date. If you are looking for the most up to date lists, please refer to [section 5](#).

- L29.9 Itching
- R23.8 Other texture changes
- R23.1 Pallor
- R21 Rash
- R20.0 Skin, Numbness
- R22.9 Swelling/Mass/Lump

Somnolence, Stupor, and Coma

- R40.20 Coma
- R40.0 Drowsiness
- R40.1 Stupor/Semicoma

Speech Disturbances

- R47.01 Aphasia
- R47.02 Dysphasia
- R47.81 Slurred speech

Urinary

- R30.0 Dysuria/difficulty urinating
- R31.9 Hematuria/blood in urine
- R32 Incontinence
- R35.8 Urine, excessive
- R33.9 Urine, retention

Voice and Resonance Disorders

- R49.0 Hoarseness
- R49.1 Loss of voice

Weight / Food Intake

- R63.0 Anorexia
- R64 Cachexia/wasting syndrome
- R63.1 Excessive thirst
- R63.3 Feeding difficulties
- E66.3 Overweight
- R63.5 Weight, gain (abnormal)
- R63.4 Weight, loss (abnormal)

This appendix is out of date. If you are looking for the most up to date lists, please refer to [section 5](#).

6.4. CAUSE OF INJURY

Aircraft

V95.9 Aircraft injury

Animal

W64 Bite, other nonvenomous animal

T63.94 Bite, venomous animal

W54 Dog bite

W53 Rodent bite

Asphyxiation

T71.22 Car trunk

T71.21 Cave-in or falling earth

T71.16 Hanging

T71.9 Other

T71.11 Pillow

T71.12 Plastic bag

T71.23 Refrigerator

T71.15 Smothered in furniture

T71.13 Trapped in bed linens

T71.14 Under another person

Bodily Force

W52 Crowd or human stampede

W50 Hit, strike, kick, bite or scratch

W51 Push or pull

Drowning

W65 Bath-tub

W69 Natural water

W74 Other

W67 Swimming-pool

Electricity, Temperature, or Pressure

T75.4 Electrocutation

W93 Excessive cold

W92 Excessive heat

W40.9 Explosion

Y26 Smoke, fire, flames

W89.9 Tanning bed, welding lights, etc.

Fall

W06 Bed

W07 Chair

W15 Cliff

W00.9 Ice or snow

W16 Jump/Diving into water

W11 Ladder

W17 One level to another

W19 Other

V97.2 Parachute

W09 Playground equipment

V00.1 Roller or In-line skates or scooter

W13.2 Roof

W12 Scaffolding

W18.2 Shower/Bathtub

V00.13 Skateboard

W18 Slip, Trip or Stumble

V00.31 Snowboard

V00.32 Snow-ski

W10.9 Stairs or steps

W18.1 Toilet

W14 Tree

V00.38 Wagon or snow sled

W05 Wheelchair, Scooter

W13.4 Window

Firearm

Y24.0 Airgun, paintball, BB gun

Y22 Handgun

Y23 Long firearm

Hot Object

X17 Engines, machinery or tools

X15 Household appliance

X19 Other

X16 Radiators or pipes

Hot Substance

X14 Air

X10 Drinks, food or cooking oils

X12 Other fluids

X13 Steam

X11 Water

This appendix is out of date. If you are looking for the most up to date lists, please refer to [section 5](#).

Intent

T76.9 Abandonment or neglect,
suspected
Y33 Accident
X83 Intentional Self-Harm
Y09 Physical assault
T76.2 Sexual Abuse/assault, suspected
T14.91 Suicide attempt

Law Enforcement Intervention

Y35 Law enforcement

Lightning

T75.0 Lightning

Mechanical Force

W23 Caught, crushed, jammed or
pinched
W24 Lifting
W22.8 Struck by other object
W21 Struck by sports equipment
W20 Thrown or falling object

MVC, Non-Traffic

V84.9 Agricultural vehicle
V79.3 Bus
V49.3 Car
V85.9 Construction vehicle
V69.3 Heavy transport vehicle
V83.9 Industrial vehicle
V86.94 Military vehicle
V29.3 Motorcycle
V86.99 Off-road motor-vehicle
V86.92 Snowmobile
V39.3 Three-wheeled motor vehicle
V59.3 Truck or van

MVC, Traffic

V86.31 Ambulance or fire engine
V79.9 Bus
V49.9 Car
V69.9 Heavy transport vehicle
V86.34 Military vehicle
V29.9 Motorcycle

V86.39 Off-road motor vehicle
V89.9 Other
V30.9 Three-wheeled motor vehicle
V59.9 Truck or van

Pedal cyclist

V19.3 Nontraffic accident
V19.9 Traffic accident

Pedestrian

V03.1 Car, pick-up truck or van
V04.1 Heavy transport vehicle or bus
V09.9 Other
V01 Pedal cycle

Poisoning/Overdose

T51.9 Alcohol
T58.9 Carbon monoxide
T50.90 Medication
T50.9 Other

Sharp Objects

W25 Glass
W26 Knife, sword or razor
Y28.8 Other

Terrorism

Y38.6 Biological
Y38.7 Chemical
Y38.2 Explosive

Tools/Devices

W30.9 Agricultural machinery
W42 Exposure to noise
W39 Firework
W46 Hypodermic needle
W28 Lawn mower
W27 Nonpowered tool
W31.9 Other machinery
W29 Powered tools

Toxic Effect

T54.9 Corrosive substance
T59.9 Gases, fumes, or vapors

This appendix is out of date. If you are looking for the most up to date lists, please refer to [section 5](#).

T56.9 Metal
T65.9 Other
T78.01 Peanuts
T60.9 Pesticide
T61.9 Seafood
T55 Soaps or detergents
T52.9 Solvent
T63 Venomous animal or plant

Train/Railway Injury

V81.9 Train/Railway Injury

Weather

X36 Avalanche or landslide
X37.2 Blizzard
X34 Earthquake
X38 Flood
T67.0 Heatstroke or sunstroke
X37.0 Hurricane
X37.9 Other storm
X32 Sunlight
X37.1 Tornado
X31 Weather

This appendix is out of date. If you are looking for the most up to date lists, please refer to [section 5](#).

6.5. PROCEDURES

Airway-Advanced

| | |
|-----------------|---|
| 241726007 | Cricoid Pressure Applied |
| 232690004 | Cricothyrotomy (Dilation Device) |
| 232689008 | Cricothyrotomy (Needle) |
| 232692007 | Cricothyrotomy (Surgical) |
| 425543005 | ETCO2 Digital Capnography |
| 232685002 | Intubation (Existing Tracheostomy Stoma) |
| 232679009 | Intubation (Nasotracheal) |
| 418613003 | Intubation (Orotracheal Through Laryngeal Mask Airway) |
| 232674004 | Intubation (Orotracheal) |
| 241689008 | Intubation (Rapid Sequence) |
| 397874007 | Intubation using exchange catheter to place invasive airway |
| 450601000124103 | Intubation, Oral using Bougie Device |
| 78121007 | Laryngoscopy (Direct) |
| 673005 | Laryngoscopy (Indirect) |
| 232673005 | Obturator Airway Insertion (EOA) |
| 45851008 | PEEP Applied |
| 397892004 | Retrograde Intubation |
| 450611000124100 | Supraglottic Airway, Single Lumen (i.e. King) |
| 2267008 | Tracheostomy Tube Change |
| 385857005 | Ventilator Care and Adjustment |

Airway-Basic

| | |
|-----------|---------------------------------|
| 232708009 | Airway Device Removal |
| 232664002 | Airway Opened |
| 425447009 | Bagged Ventilations (via Mask) |
| 243140006 | Bagged Ventilations (via Tube) |
| 243142003 | BiPAP |
| 47545007 | CPAP |
| 428482009 | ETCO2 Colorimetric Detection |
| 232707004 | Foreign Body Removal |
| 23690002 | Heimlich Maneuver |
| 424979004 | Laryngeal Mask Airway Insertion |
| 243180002 | Mouth-to-Mask/Mouth Ventilation |
| 182692007 | Nasopharyngeal Airway Insertion |
| 7443007 | Oropharyngeal Airway Insertion |
| 230040009 | Suction Airway |
