Subject: May 7, 2020 Board Meeting Summary and Covid 19 Revised Guidelines

Dear Licensee,

At its May 7 meeting, to answer the many questions we have been receiving, the Board issued the following [statement](#) clarifying the relationship between CDC and OSHA guidance and the fact that elective procedures are now permissible in Alabama. The Board also amended its April 29 [opinion](#) by modifying the guidelines governing waiting and reception areas. See the full [summary](#) of the meeting.

Conditions are changing rapidly, and the Dental Board is continually striving to keep dentistry safe in Alabama while maintaining and increasing access to care—during this pandemic and beyond.

Sincerely,
Board of Dental Examiners of Alabama
