

**ORDER OF THE STATE HEALTH OFFICER
SUSPENDING CERTAIN PUBLIC GATHERINGS
DUE TO RISK OF INFECTION BY COVID-19**

(APPLICABLE STATEWIDE)

AMENDED MAY 3, 2021

WHEREAS Coronavirus Disease 2019 (COVID-19) has been detected in Alabama;

WHEREAS the appearance of COVID-19 in the State poses the potential of widespread exposure to an infectious agent that poses significant risk of substantial harm to a large number of people;

WHEREAS the State Board of Health has designated COVID-19 to be a disease of epidemic potential, a threat to the health and welfare of the public, or otherwise of public health importance;

WHEREAS on March 13, 2020, on recommendation of the State Health Officer, Kay Ivey, Governor of the State of Alabama, declared a state public health emergency exists in the State of Alabama;

WHEREAS on March 16, 2020, the Jefferson County Health Officer, in response to a rapidly growing number of cases of COVID-19 being detected in Jefferson County, issued an order suspending certain public gatherings in that county;

WHEREAS on March 17, 2020, the State Health Officer issued a similar order for counties surrounding Jefferson, including Blount, St. Clair, Shelby, Tuscaloosa, and Walker Counties,

WHEREAS on March 19, 2020, the State Health Officer issued an order, and on March 20, 2020, March 27, 2020, April 3, 2020, April 28, 2020, May 8, 2020, May 21, 2020, June 30, 2020, July 15, 2020, July 29, 2020, August 27, 2020, September 30, 2020, November 5, 2020, December 9, 2020, January 21, 2021, March 4, 2021, and April 7, 2021, amended orders, of statewide application suspending certain public gatherings;

WHEREAS certain measures remain necessary on a statewide basis to prevent the spread of COVID-19; and

WHEREAS Ala. Code § 22-2-2 authorizes the State Health Officer, on behalf of the State Board of Health, to direct that conditions prejudicial to health in public places within the State be abated;

NOW THEREFORE, THESE PREMISES CONSIDERED, it is ordered that the following *Safer Apart* order be implemented statewide:

1. Recommendations for individuals. Effective April 9, 2021, at 5:00 P.M., all individuals—and especially vulnerable persons—are encouraged to exercise personal responsibility in slowing the spread of COVID-19 by:

- a. Maintaining six feet of separation from persons of different households;
- b. Wearing a mask or other facial covering at all times when within six feet of a person from another household;
- c. Staying home if sick;
- d. Washing hands frequently with soap and water or hand sanitizer, especially after touching frequently used items or surfaces;
- e. Refraining from touching one’s face;
- f. Sneezing or coughing into a tissue, or the inside of one’s elbow; and
- g. Disinfecting frequently used items and surfaces as much as possible.

“Vulnerable persons” means individuals 65 years and older or individuals with serious underlying health conditions, including high blood pressure, chronic lung disease, diabetes, obesity, asthma, and those whose immune system is compromised such as by chemotherapy for cancer and other conditions requiring such therapy.

2. Quarantine for infected persons. Effective immediately, any person who has tested positive for COVID-19—other than institutionalized persons—shall be quarantined to his or her place of residence for a period of time specified by the State Health Officer or his designee. Any person quarantined pursuant to this provision shall not leave his or her place of residence for any reason other than to seek necessary medical treatment. Any person requiring assistance while under quarantine may contact 2-1-1 by calling 2-1-1 or (888) 421-1266 or by accessing <https://www.211connectsalabama.org/>. While under quarantine, the person shall take precautions as directed by his or her health care provider or the Alabama Department of Public Health to prevent the spread of the disease to others.

3. Protections for employees. Effective April 9, 2021, at 5:00 P.M., and unless otherwise specified by this order, all employers are encouraged to take reasonable steps, where practicable as work duties permit, to protect their employees by:

- a. encouraging use of masks and facial coverings;
- b. maintaining six feet of separation between employees (or, alternatively, maintaining separation between employees through an impermeable partition);
- c. regularly disinfecting frequently used items and surfaces;
- d. encouraging handwashing; and

- e. preventing employees who are sick from coming into contact with other persons.

4. Protections for customers, constituents, students, etc. Effective April 9, 2021, at 5:00 P.M., and unless otherwise specified by this order, the operator of any business, government office, postsecondary educational institution, or other establishment open to the public is encouraged to take reasonable steps, where practicable, to protect its customers, constituents, or other guests by:

- a. encouraging use of masks and facial coverings;
- b. maintaining six feet of separation between persons from different households (or, alternatively, maintaining separation between such persons through an impermeable partition); and
- c. regularly disinfecting frequently used items and surfaces.

5. Senior Citizen Centers. Effective April 9, 2021, at 5:00 P.M., all programs at Senior Citizen Centers shall follow guidelines issued by the Alabama Department of Senior Services. Senior Citizen Centers and their partners are urged to assure that their clients continue to receive needed meals via curbside pick-up or delivery.

6. Facilities that serve children. Effective April 9, 2021, at 5:00 P.M., all facilities that serve children—including elementary and secondary schools; child day care facilities, including any child day care facility described in Ala. Code § 38-7-2; and day and overnight youth summer camps—are encouraged to comply with paragraph 4 except that the facility is encouraged to take reasonable steps, where practicable, to maintain three feet of separation between children from different households if the children are between the ages of 6 and 18. Facilities serving children under the age of 6 need not take steps to maintain separation between such children.

7. Hospitals and similar institutions. Effective May 3, 2021, all Hospitals and Nursing Home/Long Term Care Facilities (including Assisted Living and Specialty Care Assisted Living Facilities) shall ensure that each patient or resident may be accompanied by caregivers or receive visits from visitors subject to reasonable restrictions imposed on the entrance of persons because of the COVID-19 county positivity rate, the facility's COVID-19 status, a patient's or resident's COVID-19 status, caregiver/visitor symptoms, lack of adherence to proper infection control practices, or other relevant factors related to the COVID-19 pandemic, consistent with the current guidance from the Centers for Medicare and Medicaid Services (CMS).

In addition, each facility subject to this paragraph shall post in a conspicuous location at each public entrance a statement substantially similar to the following statement:

By order of the Governor of Alabama and the State Health Officer, each patient or resident of this facility enjoys certain rights to have caregivers or visitors present, subject to reasonable restrictions and current guidance from the federal Centers for Medicare and Medicaid Services. If you have questions, you may ask to inspect the facility's written policies concerning visitation.

8. **Duration.** This Order shall remain in full force and effect until 11:59 P.M. on May 31, 2021, unless extended, rescinded, or modified in writing before that time.

9. **Preemption.** To the extent this Order conflicts with any order previously issued by the State Health Officer concerning COVID-19 mitigation measures, this Order supersedes and preempts the conflicting provisions of the previously issued order effective on the dates specified above. This Order also supersedes and preempts all orders previously issued by county health officers concerning COVID-19 mitigation measures, as well as any municipal ordinance adopted before March 4, 2021, concerning the use of facial coverings to prevent the spread of COVID-19.

This Order also supersedes and preempts any county and municipal orders or ordinances, whenever adopted, that purport to impose less stringent COVID-19-related measures.

Done on this 3rd day of May, 2021.

Scott Harris, M.D., M.P.H.
State Health Officer
