## Research Information

Rationale for using PRAMS Data:

 Media Campaigns                       Policy Change                       Brochures  
 Other:

Years of PRAMS Data Requested:

Requested variables may vary based on available data

Phase 8:  2016     2017     2018     2019     2020     2021

Phase 7:  2012     2013     2014     2015

Phase 6:  2009     2010     2011

Phase 5:  2004     2005     2006     2007     2008

**\*Note: Overall state response rate did not meet the 55% (2015-2017), 60% (2012-2014), 65% (2007-2012) or 70% (2006 and earlier) threshold policy per PRAMS protocol. We recommend against comparing these results with other PRAMS sites and to only cautiously compare between years in Alabama.**
