Initial License Application
To Operate an Independent Physiological Laboratory

**Regulations affecting the application for licensure of
Independent Physiological Laboratories can be found by clicking the
Rules tab or link on the applications page.**

Effective October 1, 2018

Any clinical laboratory that performs waived tests only is exempt from state licensure requirements and state surveys. Any such laboratory will still be required to obtain a Clinical Laboratory Improvement Amendments (CLIA) certificate as required by the Centers for Medicare and Medicaid Services (CMS). All laboratories that perform non-waived testing will still be required to follow the rules and regulations of the Department and CMS.

In addition to the information requested within the application, the following must also be submitted:

1. A completed application and \$240 application fee. Application fees are not refundable.
2. Organizational documents such as: Articles of Incorporation, LLC Agreement, Partnership Agreement, or Statement of Sole Proprietorship under which the facility will operate. A copy of the registration to conduct business in Alabama must accompany this application if the entity was established in a state other than Alabama.
3. A copy of the Certificate of Existence (for domestic entities) or the certificate of registration (for foreign entities issued by the Alabama Secretary of State), as proof of its authority to transact business in the state of Alabama.
4. A copy of the Medical Director's license.

Following review of the application, a copy of the application will be forwarded to the Division of Health Care Facilities. A staff member from the Division of Health Care Facilities will contact you regarding an on-site licensure visit to determine if the facility meets minimum requirements for a state license.

A license may be granted upon approval of the application and a successful on-site survey.

NOTE Due to workload volume, application review takes a minimum of thirty days. An on-site survey (if required) could add considerable time to completion of the licensure process. Applications must be submitted well in advance of anticipated start of operations. Applications must be submitted with all required documents and certificates as noted in the instructions before the review can begin.

The earliest date a license can be granted is the first day the complete application and any surveys have been approved by the Department.

Printing of License Certificates

License certificates are now available on-line. When a license is granted or renewed the license certificate can be printed on-line at <https://dph1.adph.state.al.us/FacilityCertificatePrint>. A facility ID and pin number will be provided and must be used to print license certificates.

Please note: it is a violation of state law to provide independent physiological laboratory services before you are issued a license from this agency. If you have questions about your application, please call (334) 206-5175.
