

STROKE: BEATING THE ODDS THROUGH THE SOUTHEAST REGIONAL PILOT ACUTE STROKE SYSTEM

Satellite Conference and Live Webcast

Monday, April 29, 2013, 10:00 a.m.-12:00 p.m. (Central Time)
11:00 a.m.-1:00 p.m. (Eastern) ■ 9:00-11:00 a.m. (Mountain) ■ 8:00-10:00 a.m. (Pacific)

795,000 strokes occur each year and 143,579 of them are fatal. But, the thing is, a stroke doesn't have to be fatal at all. If emergency treatment is received in time, some strokes can be treated and even completely reversed. This is why implementation and understanding of the Southeast Alabama Stroke System is so crucial. When fully implemented, the system will get emergency treatment to every patient who can receive it, as well as decrease stroke mortality and disability in Alabama. Program faculty will discuss this Stroke System and how your participation can save lives.

FACULTY:

Joe Aker, III, EMT-P, MPH

Executive Director
BREMSS
EMS Region 3
Alabama Trauma Communications Center
Birmingham, Alabama

John Campbell, MD, FACEP

Associate Medical Director
Southeast Alabama EMS Region

Carla English, MHS, MHSA

Director
Quality and Systems Improvement
American Heart Association

Amy Herrington, RN, CEN

Emergency Department Director
Andalusia Regional Hospital

Sarah Nafziger, MD, FACEP

Assistant State EMS Medical Director
Alabama Department of Public Health

Stephen Suggs, MD, FAHA

Medical Director
Baptist Health Neuro Hospitalist
SRPASS Champion
Montgomery, Alabama

PROGRAM OBJECTIVES:

1. Provide an overview of how Alabama's Southeast Pilot Acute Stroke System developed.
2. Deliver the vision for growing the stroke systems of care in Alabama.
3. Explain the role of the Alabama Trauma Communications Center (ATCC).
4. Discuss case studies and stroke survivor stories.
