

# THE HUMAN SIDE OF DISASTERS: THE PEOPLE BEHIND THE FACES

Satellite Conference and Live Webcast

Wednesday, June 18, 2014, 9:00-10:00 a.m. (Central Time)

10:00-11:00 a.m. (Eastern) • 8:00-9:00 a.m. (Mountain) • 7:00-8:00 a.m. (Pacific)

While emergency response plans, training and exercises are all must-haves for any company, government or agency, it's the people BEHIND those entities, including the many volunteers, "helpers" and survivors that really step up and shine through during disasters. Specifically, this presentation will highlight many volunteers who have selflessly devoted their time and effort helping to respond and rebuild following some of the world's most significant disasters including: 9/11, Hurricane Katrina, the Chilean mine collapse, the Haiti Earthquake, the Japan Earthquake and Tsunami. The presenter will share some of her personal stories and insights on the many people she has met and interviewed while responding to and rebuilding following some of the world's most significant disasters over the past 15 years.

## PROGRAM OBJECTIVES:

1. Learn about the real people, specifically the volunteers, behind the scenes of some of the world's most significant disasters of the past decade.
2. Discuss different aspects of the disaster "survivor" mentality.
3. Review some existing disaster plans and procedures, keeping the "human element" in mind.

## CONFERENCE DETAILS:

Target Audience: Volunteers, First Responders, Family Assistance Centers, clerical staff, administrative staff, funeral home directors that might work with survivors after a disaster or event

Continuing Education: None for this program

Registration: [www.adph.org/alphntn](http://www.adph.org/alphntn)
