Gift of Life – Family Coaching is a type of case management that provides support, education, and encouragement beginning in pregnancy and continuing until the client's child reaches age two. Family Coaching is provided in two ways: through telephones (mobile device) and through home visits.

- Mobile Family Coaching –A telephone form of case management
- Home Visitation Family Coaching – A home visit based form of case management.

The goals of **Family Coaching** are to help a family:

- 1) have a healthy baby
- 2) be the best parent(s) possible
- 3) increase in family self-sufficiency
