

Incontinence: How It Affects the Skin

Satellite Conference and Live Webcast

Tuesday, October 26, 2010 • 2:00-4:00 p.m. (Central Time)
3:00-5:00 p.m. (Eastern) • 1:00-3:00 p.m. (Mountain) • 12:00-2:00 p.m. (Pacific)

Skin care and incontinence. They don't seem like two things that go together, but the fact is the pair are closely connected. Patients with incontinence are at great risk for skin irritation, ulcers, and infection. The more contact skin has with urine or stool, the more damaged it can become. Program faculty will discuss the connection between incontinence and skin care in depth as well as discuss ways to prevent skin damage from this condition.

FACULTY

Jacqueline Giddens, RN, MSN, WOCN, CWCCN
Nurse Consultant
Bureau of Home and Community Services
Alabama Department of Public Health

PROGRAM OBJECTIVES

1. Describe the function of skin.
2. Identify three layers of skin.
3. Identify common skin problems.
4. Discuss prevention and treatment strategies for skin breakdown due to incontinence.

The content of this program is based on the policies and procedures of the Alabama Department of Public Health, Alabama and federal statutes, rules, regulations, and guidelines. Viewers not employed by the ADPH should always check to clarify whether the content is accurate according to the statutes, regulations, and policies of their jurisdiction and agency.
