Conference Materials: Posted on our website before the program for registered participants.

Conference Details Questions: Call: 334-206-5618 | Email: alphtn@adph.state.al.us

The 2014 Ebola epidemic is the largest in history, affecting multiple countries in West Africa, and now in the United States. At this time, there are no confirmed cases of patients with Ebola in Alabama. The Alabama Department of Public Health is committed to protecting the public's health, and is taking steps to ensure that if a case occurs in our state, we will be able to respond effectively. Personal Protective Equipment will be discussed and demonstrated.

This program is sponsored by the Alabama Department of Public Health, the Alabama Board of Nursing, and the Alabama Hospital Association.

****The Alabama Department of Public Health is an approved provider of continuing nursing education by the Alabama State Nurses Association, an accredited approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation****

****The Alabama Department of Public Health is an approved provider of continuing social work education by the Alabama Board of Social Work Examiners.****
