

2020 NA FALL SATELLITE: THE NEW ASCCP RISK-BASED CONSENSUS MANAGEMENT GUIDELINES

Satellite Conference and Live Webcast

Thursday, November 5, 2020, 9:00-11:00 a.m. (Central Time)
10:00 a.m.-12:00 p.m. (Eastern) • 8:00-10:00 a.m. (Mountain) • 7:00-9:00 a.m. (Pacific)

PROGRAM OBJECTIVES:

1. Understanding how risk-based HPV epidemiology drives risk-based cancer prevention.
2. Understanding how risk-based management represents an improvement in care.
3. Learn fundamentals of risk-based guidelines for managing patients.
4. Review the 2019 ASCCP Risk-Based management consensus guidelines for abnormal cervical cancer screening test using case application.
5. Discuss ASCCP web and app-based platform use in conjunction with case study.

**This training is required for ADPH nurse practitioners working in women's health clinics.*

CONFERENCE DETAILS:

Target Audience: Nurse practitioners, nurses, and other ADPH healthcare providers

Continuing Education: Nurses 2 hours, nurse practitioners 2 hours, social workers 2 hours

**Non-ADPH employees are charged a fee to receive CE Certificates.*

Additional information can be found at www.alabamapublichealth.gov/alphtn

Registration: www.alabamapublichealth.gov/alphtn

Satellite - Live satellite conference on C band (analog).

Webcast - Watch with RealPlayer or Windows Media Player. Test your computer with the "test connection link" at www.alabamapublichealth.gov/alphtn

Audio - To listen by phone, call 1-888-557-8511. Enter access code 972-1530 #.
Press # again to listen to the conference.

On Demand - Available 2-3 business days after the live broadcast from the On Demand page of our website.

Conference Materials: Posted on our website approximately one week before the program for registered participants.

Conference Details Questions: Call: 334-206-5618 | Email: alphtn@adph.state.al.us

The purpose of this program is to outline the new 2019 ASCCP risk-based management consensus guidelines that will allow for a more complete and precise estimation of risk, provide more appropriate intervention for high-risk individuals, recommend less intervention for low-risk individuals, and allow for the future addition of new risk modifiers and screening and management technologies.
•Case study examples of objectives will be utilized to strengthen applied knowledge.

FACULTY:

Dr. Warner K. Huh, MD

Division of Gynecologic Oncology
University of Alabama at Birmingham

Dr. Grace Thomas, MD, FACOG

Family Health Services Medical Officer

Beth Allen, MSN, CRNP

Nurse Practitioner Director

Dr. Deanah Maxwell, MD
