You may qualify for a free or low-cost program even if you earn as much as \$94,000 a year (for a family of 4).
O KNOW	8	Who can use this application?	 Use this application to apply for anyone in your family. Apply even if you or your child already has health coverage. You could be eligible for lower-cost or free coverage. If you're single, you may be able to use a short form. If you do not need help with cost, go to HealthCare.gov. Families that include immigrants can apply. You can apply for your child even if you aren't eligible for coverage. Applying won't affect your immigration status or chances of becoming a permanent resident or citizen. If someone is helping you fill out this application, you may need to complete Appendix C.
THINGS TO KNOW		What you may need to apply	 Social Security Numbers (or document numbers for any legal immigrants who need insurance) Employer and income information for everyone in your family (for example, from paystubs, W-2 forms, or wage and tax statements) Policy numbers for any current health insurance Information about any job-related health insurance available to your family
	i	Why do we ask for this information?	We ask about income and other information to let you know what coverage you qualify for and if you can get any help paying for it. We'll keep all the information you provide private and secure, as required by law. To view the Privacy Act Statement, go to HealthCare.gov/placeholder.
-	C	What happens next?	Send your complete, signed application to the address on page 11. If you don't have all the information we ask for, sign and submit your application anyway. STEP 2 Tell us about your family.

Who do you need to include on this application?

Tell us about all the family members who live with you. If you file taxes, we need to know about everyone on your tax return. (You don't need to file taxes to get health coverage).

DO Include:

- Yourself
- Your spouse
- Your children under 21 who live with you
- Your unmarried partner who needs health coverage
- Anyone you include on your tax return, even if they don't live with you
- Anyone else under 21 who you take care of and lives with you

You DON'T have to include:

- Your unmarried partner who doesn't need health coverage
- Your unmarried partner's children
- Your parents who live with you, but file their own tax return (if you're over 21)
- · Other adult relatives who file their own tax return

The amount of assistance or type of program you qualify for depends on the number of people in your family and their incomes. This information helps us make sure everyone gets the best coverage they can.

Complete Step 2 for each person in your family. Start with yourself, then add other adults and children. **If you have more people in your family, you'll need to make a copy of the pages and attach them.** You don't need to provide immigration status or a Social Security Number (SSN) for family members who don't need health coverage. We'll keep all the information you provide private and secure as required by law. We'll use personal information only to check if you're eligible for health coverage.
