Preparedness and  
Emergency Response  
Research Center

### PROGRAM OBJECTIVES:

1. Highlight ways collaborations between immunization and emergency preparedness programs were improved during the H1N1 response and identify generalizable strategies in preparing for future responses.
2. Identify budget-related challenges faced by programs during H1N1 and examine tactics programs used to overcome them.
3. Describe and discuss changes to vaccine allocation strategies for future responses.
4. Describe and discuss changes to pandemic influenza plans as a result of lessons learned from H1N1.
5. Examine the impact organizational structure had on each program's ability to operate, collaborate and recover during emergency response scenarios.

This broadcast will convene a panel of researchers and practitioners in the field of immunizations and emergency preparedness and response. This panel will describe results from a 2012 survey conducted among the 64 different immunization programs funded by the Centers for Disease Control and Prevention. Program faculty will describe perceptions and observations from immunization program managers about changes that have been made since the H1N1 pandemic to policy, infrastructure, practice, and relationships between state-level immunization and emergency preparedness programs. Lessons learned since H1N1 for responding to an emergency requiring vaccine administration will also be discussed.

### FACULTY:

**Holly Groom**

Research Associate  
Center for Health Research  
Kaiser Permanente NW

**Alan Hinman, MD, MPH**

Co-Investigator  
Emory Preparedness and Emergency Response Research Center

**Saad Omer, MBBS, MPH, PHD**

Project Director  
Emory Preparedness and Emergency Response Research Center

**Katherine Seib, MSPH**

Research Project Manager  
Emory Preparedness and Emergency Response Research Center

### CONFERENCE DETAILS:

**Target Audience:** Immunization program managers, emergency preparedness directors, nurses, academia, immunization providers (pediatricians, family doctors, obstetricians, pharmacists)

**Continuing Education:** None for this program

**Registration:** [www.adph.org/alphtn](http://www.adph.org/alphtn)

**Technical Information:** To receive complete technical information you must register at [www.adph.org/alphtn](http://www.adph.org/alphtn)

**Satellite** - Live satellite conference on C band (analog).

**Webcast** - Watch with RealPlayer or Windows Media Player. Test your computer with the "test connection link" at [www.adph.org/alphtn](http://www.adph.org/alphtn)

**Audio** - To listen by phone, call 1-888-557-8511. Enter access code 972-1530 #.  
Press # again to listen to the conference.

**On Demand** - Available 2-3 business days after the live broadcast from the On Demand page of our website.

**Conference Materials:** Posted on our website approximately one week before the program for registered participants.

**Conference Details Questions:** Call: 334-206-5618 | Email: [alphtn@adph.state.al.us](mailto:alphtn@adph.state.al.us)
