Alabama Department of Public Health

Some commonly asked questions

About the Office of EMS

Mission of Alabama Office of EMS

The Office of EMS (OEMS) is responsible for protecting the health, safety, and welfare of the public by assuring that emergency medical services provided by ambulance services, emergency medical response agencies, training entities, and emergency medical services personnel meet or exceed established standards.

EMS DEFINITIONS

- **EMSP-** Licensed Emergency Medical Services Personnel who are authorized to perform procedures and administer medications as defined by Alabama State Protocols.
- **EMR-** Emergency Medical Responders have an option to be licensed but are no longer required to be in the State of Alabama. See www.NREMT.org for training requirements.
- **EMT-** Emergency Medical Technicians are licensed by the Alabama Department of Public Health Office of EMS (ADPH-OEMS) to perform patient care procedures and to administer medications in accordance with EMT Protocols.
- **AEMT-** Advanced Emergency Medical Technicians are licensed by the ADPH-OEMS to perform all patient care procedures and administer all medications as defined in the EMT Scope of Practice AND in accordance with AEMT Protocols.
- **Intermediate-** Intermediates are licensed by the ADPH-OEMS to perform all patient care procedures and administer all medications as defined in the EMT and the Advanced EMT Scope of Practice AND in accordance with Intermediate Protocols.
- **Paramedic-** Paramedics are licensed by the ADPH-OEMS to perform all patient care procedures and administer all medications as defined in the EMT, Advanced EMT, and Intermediate EMT Scope of Practice AND in accordance with Paramedic Protocols.

If you need a current copy of State Protocols, please visit www.alabamapublichealth.gov/ems.
