

Thank you for your interest in the State of Alabama Ethics Commission. Due to the Governor's directive to all state agencies regarding the Coronavirus (COVID-19) pandemic, we have released all but essential staff until April 6th.

The Ethics Commission Office will remain open, and we will provide a drop box in the front office for any manual filings that you may need to submit. If you have a question regarding pre-certifications, please email precertifications@ethics.alabama.gov. If you have a question regarding the Statement of Economic Interests Form, please email sei@ethics.alabama.gov.

For all other questions, please email info@ethics.alabama.gov. These email addresses are being monitored daily and are the quickest way to reach us during this time. The Commission Meeting scheduled for April 1, 2020 will be held as planned but will not be simulcast due to staff shortages.
