ICD-9-CM Casefinding Code List for Reportable Tumors

140. – 172 174. – 209.36, 209.7 225.0 – 225.9 Benign neoplasm of brain and spinal cord neoplasm 227.3, 227.4 Benign neoplasm of pituitary gland, craniopharyngeal duct (pouch) and pineal gland 228.02 Hemangioma; of intracranial structures Lymphangioma, any site Note: Includes only lymphangioma of the brain, other parts of nervous system and endocrine gland 230.0 – 234.9 Carcinoma in situ Note: Carcinoma in situ of the cervix (CIN 111-8077/2) and Prostatic Intraepithelial Carcinoma (PIN 111-81482) are not reportable Neoplasm of uncertain behavior of endocrine glands and nervous system: pituitary gland, carniopharyngeal duct and pineal gland 237.5 Neoplasm of uncertain behavior of endocrine glands and nervous system: pituitary gland, carniopharyngeal duct and pineal gland unspecified parts of nervous system 238.4 Polycythemia vera (9950/3) 238.6 Solitary plasmacytoma (9731/3) Extramedullary plasmacytoma (9734/3) 238.7 Other lymphatic and hematopoietic diseases Neoplasms of unspecified nature, brain, endocrine glands and other parts of nervous system 273.2 Gamma heavy chain disease; Franklin's disease 273.3 Macroglobulinemia (Waldenstrom's macroglobulinemia) Other specified disorders of metabolism Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis (acute/chronic); histiocytosis X (chronic) 179.2, 279.3 Immunodeficiency, unspecified Note: Associated with lymphoproliferative disorders Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndrome (9964/3)* Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic syndromes can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	ICD-9-CM Code	Explanation of Code	
227.3, 227.4 Benign neoplasm of pituitary gland, craniopharyngeal duct (pouch) and pineal gland 228.02 Hemangioma; of intracranial structures Lymphangioma, any site Note: Includes only lymphangioma of the brain, other parts of nervous system and endocrine gland 230.0 – 234.9 Carcinoma in situ of the cervix (CIN111-8077/2) and Prostatic Intraepithelial Carcinoma (PIN111-8148/2) are not reportable 237.0 – 237.1 Neoplasm of uncertain behavior of endocrine glands and nervous system: pituitary gland, carniopharyngeal duct and pineal gland 237.5 Neoplasm of uncertain behavior of endocrine glands and nervous system: pituitary gland, carniopharyngeal duct and pineal gland 237.6 Neoplasm of uncertain behavior of endocrine glands and other and unspecified parts of nervous system 238.4 Polycythemia vera (9950/3) 238.6 Solitary plasmacytoma (9731/3) Extramedullary plasmacytoma (9734/3) 238.7 Other lymphatic and hematopoietic diseases Neoplasms of unspecified nature, brain, endocrine glands and other parts of nervous system 239.6, 239.7 Replacement of nervous system 237.2 Gamma heavy chain disease; Franklin's disease 237.3 Macroglobulinemia (Waldenstrom's macroglobulinemia) 237.89 Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis (acute)(chronic); histiocytosis X (chronic) 238.2 Anemia in neoplastic disease Note: Associated with lymphoproliferative disorders Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndrome (9964/3)* Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	174 209.36,		
228.02 Hemangioma; of intracranial structures Lymphangioma, any site Note: Includes only lymphangioma of the brain, other parts of nervous system and endocrine gland 230.0 – 234.9 Carcinoma in situ Note: Carcinoma in situ of the cervix (CIN 111-8077/2) and Prostatic Intraepithelial Carcinoma (PIN 111-81482) are not reportable Neoplasm of uncertain behavior of endocrine glands and nervous system: pituitary gland, carniopharyngeal duct and pineal gland Neoplasm of uncertain behavior of endocrine glands and nervous system: pituitary gland, carniopharyngeal duct and pineal gland Neoplasm of uncertain behavior of endocrine glands and nervous system: brain and spinal cord, meninges, endocrine glands and other and unspecified parts of nervous system 237.6 Solitary plasmacytoma (9731/3) Extramedullary plasmacytoma (9734/3) 238.7 Other lymphatic and hematopoietic diseases Neoplasms of unspecified nature, brain, endocrine glands and other parts of nervous system 239.6, 239.7 Replasmacytoma (Waldenstrom's macroglobulinemia) 273.2 Gamma heavy chain disease; Franklin's disease 273.3 Macroglobulinemia (Waldenstrom's macroglobulinemia) Other specified disorders of metabolism Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis (acute)(chronic); histiocytosis X (chronic) 179.2, 279.3 Immunodeficiency, unspecified Note: Associated with lymphoproliferative disorders Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic syndrome can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	225.0 – 225.9	Benign neoplasm of brain and spinal cord neoplasm	
Lymphangioma, any site Note: Includes only lymphangioma of the brain, other parts of nervous system and endocrine gland Carcinoma in situ of the cervix (CIN 111-8077/2) and Prostatic Intraepithelial Carcinoma (PIN 111-8148/2) are not reportable Note: Carcinoma in situ of the cervix (CIN 111-8077/2) and Prostatic Intraepithelial Carcinoma (PIN 111-8148/2) are not reportable Neoplasm of uncertain behavior of endocrine glands and nervous system: pituitary gland, carniopharyngeal duct and pineal gland Neoplasm of uncertain behavior of endocrine glands and nervous system: brain and spinal cord, meninges, endocrine glands and other and unspecified parts of nervous system 238.4 Polycythemia vera (9950/3) Solitary plasmacytoma (9731/3) Extramedullary plasmacytoma (9734/3) Other lymphatic and hematopoietic diseases Neoplasms of unspecified nature, brain, endocrine glands and other parts of nervous system Gamma heavy chain disease; Franklin's disease 73.2 Gamma heavy chain disease; Franklin's disease Macroglobulinemia (Waldenstrom's macroglobulinemia) Other specified disorders of metabolism Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis (acute)(chronic); histiocytosis X (chronic) Immunodeficiency, unspecified Note: Associated with lymphoproliferative disorders Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic syndromes associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	227.3, 227.4		
Note: Includes only lymphangioma of the brain, other parts of nervous system and endocrine gland	228.02	Hemangioma; of intracranial structures	
Note: Carcinoma in situ of the cervix (CIN 111-8077/2) and Prostatic Intraepithelial Carcinoma (PIN111-81482) are not reportable 237.0 – 237.1 Neoplasm of uncertain behavior of endocrine glands and nervous system: pituitary gland, carniopharyngeal duct and pineal gland 237.5 Neoplasm of uncertain behavior of endocrine glands and nervous system: brain and spinal cord, meninges, endocrine glands and other and unspecified parts of nervous system 238.4 Polycythemia vera (9950/3) 238.6 Solitary plasmacytoma (9731/3) Extramedullary plasmacytoma (9734/3) 238.7 Other lymphatic and hematopoietic diseases 239.6, 239.7 Neoplasms of unspecified nature, brain, endocrine glands and other parts of nervous system 273.2 Gamma heavy chain disease; Franklin's disease 273.3 Macroglobulinemia (Waldenstrom's macroglobulinemia) 277.89 Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis (acute)(chronic); histiocytosis X (chronic) 279.2, 279.3 Immunodeficiency, unspecified Note: Associated with lymphoproliferative disorders Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndrome (9964/3)* Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	228.1	Note: Includes only lymphangioma of the brain, other parts of nervous	
pituitary gland, carniopharyngeal duct and pineal gland 237.5 Neoplasm of uncertain behavior of endocrine glands and nervous system: brain and spinal cord, meninges, endocrine glands and other and unspecified parts of nervous system 238.4 Polycythemia vera (9950/3) 238.6 Solitary plasmacytoma (9731/3) Extramedullary plasmacytoma (9734/3) 238.7_ Other lymphatic and hematopoietic diseases Neoplasms of unspecified nature, brain, endocrine glands and other parts of nervous system 239.6, 239.7 Gamma heavy chain disease; Franklin's disease 273.3 Macroglobulinemia (Waldenstrom's macroglobulinemia) Other specified disorders of metabolism Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis (acute)(chronic); histiocytosis X (chronic) 279.2, 279.3 Immunodeficiency, unspecified Note: Associated with lymphoproliferative disorders Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndrome (9964/3)* Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	230.0 – 234.9	Note: Carcinoma in situ of the cervix (CIN 111-8077/2) and Prostatic	
brain and spinal cord, meninges, endocrine glands and other and unspecified parts of nervous system 238.4 Polycythemia vera (9950/3) 238.6 Solitary plasmacytoma (9731/3) Extramedullary plasmacytoma (9734/3) 238.7 Other lymphatic and hematopoietic diseases 239.6, 239.7 Neoplasms of unspecified nature, brain, endocrine glands and other parts of nervous system 273.2 Gamma heavy chain disease; Franklin's disease 273.3 Macroglobulinemia (Waldenstrom's macroglobulinemia) 277.89 Other specified disorders of metabolism Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis (acute)(chronic); histiocytosis X (chronic) 279.2, 279.3 Immunodeficiency, unspecified Note: Associated with lymphoproliferative disorders Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndrome (9964/3)* Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	237.0 – 237.1	, ,	
238.6 Solitary plasmacytoma (9731/3) Extramedullary plasmacytoma (9734/3) 238.7_ Other lymphatic and hematopoietic diseases 239.6, 239.7 Neoplasms of unspecified nature, brain, endocrine glands and other parts of nervous system 273.2 Gamma heavy chain disease; Franklin's disease 273.3 Macroglobulinemia (Waldenstrom's macroglobulinemia) Other specified disorders of metabolism Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis (acute)(chronic); histiocytosis X (chronic) 279.2, 279.3 Immunodeficiency, unspecified Note: Associated with lymphoproliferative disorders Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndrome (9964/3)* Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	237.6	brain and spinal cord, meninges, endocrine glands and other and	
Extramedullary plasmacytoma (9734/3) 238.7_ Other lymphatic and hematopoietic diseases 239.6, 239.7 Neoplasms of unspecified nature, brain, endocrine glands and other parts of nervous system 273.2 Gamma heavy chain disease; Franklin's disease 273.3 Macroglobulinemia (Waldenstrom's macroglobulinemia) Other specified disorders of metabolism Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis (acute)(chronic); histiocytosis X (chronic) 279.2, 279.3 Immunodeficiency, unspecified Note: Associated with lymphoproliferative disorders Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndrome (9964/3)* Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	238.4	Polycythemia vera (9950/3)	
239.6, 239.7 Neoplasms of unspecified nature, brain, endocrine glands and other parts of nervous system 273.2 Gamma heavy chain disease; Franklin's disease 273.3 Macroglobulinemia (Waldenstrom's macroglobulinemia) Other specified disorders of metabolism Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis (acute)(chronic); histiocytosis X (chronic) 279.2, 279.3 Immunodeficiency, unspecified Note: Associated with lymphoproliferative disorders Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndrome (9964/3)* Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	238.6		
273.2 Gamma heavy chain disease; Franklin's disease 273.3 Macroglobulinemia (Waldenstrom's macroglobulinemia) 277.89 Cher specified disorders of metabolism Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis (acute)(chronic); histiocytosis X (chronic) 279.2, 279.3 Immunodeficiency, unspecified Note: Associated with lymphoproliferative disorders 285.22 Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia 288.3 Hypereosinophilic syndrome (9964/3)* Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	238.7_	Other lymphatic and hematopoietic diseases	
273.3 Macroglobulinemia (Waldenstrom's macroglobulinemia) Other specified disorders of metabolism Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis (acute)(chronic); histiocytosis X (chronic) Immunodeficiency, unspecified Note: Associated with lymphoproliferative disorders Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndrome (9964/3)* Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	239.6, 239.7	· · · · · · · · · · · · · · · · · · ·	
Other specified disorders of metabolism Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis (acute)(chronic); histiocytosis X (chronic) Immunodeficiency, unspecified Note: Associated with lymphoproliferative disorders Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndrome (9964/3)* Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	273.2	Gamma heavy chain disease; Franklin's disease	
277.89 Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis (acute)(chronic); histiocytosis X (chronic) Immunodeficiency, unspecified Note: Associated with lymphoproliferative disorders Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndrome (9964/3)* Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	273.3	Macroglobulinemia (Waldenstrom's macroglobulinemia)	
Note: Associated with lymphoproliferative disorders Anemia in neoplastic disease Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndrome (9964/3)* Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	277.89	Reportable includes terms: Hand-Schuller-Christian disease; histiocytosis	
Note: Assign also a code for the neoplasm causing the anemia Hypereosinophilic syndrome (9964/3)* Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	279.2, 279.3		
Hemophagocytic syndromes. Reportable inclusion terms: Histiocytic syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	285.22	•	
syndromes (9751/3) Note: Hemophagocytic lymphohisticcytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of childhood (9724/3)	288.3	Hypereosinophilic syndrome (9964/3)*	
289.6 Familial polycythemia (synonym for polycythemia vera)	288.4	syndromes (9751/3) Note: Hemophagocytic lymphohistiocytosis (also known as hemophagocytic syndrome) can be caused by or associated with a number of conditions, one of which is EBV+ T-cell lymphoproliferative disease of	
	289.6	Familial polycythemia (synonym for polycythemia vera)	

ADPH|ASCR Last Update 3/24/2016

ICD-9-CM Casefinding Code List for Reportable Tumors

511.81	Malignant pleural effusion	
	Note : Code first malignant neoplasm, if known	
789.51	Malignant ascites	
	Note : Code first malignancy	
V58.0	Admission for radiotherapy	
V58.1	Encounter for chemotherapy <u>and</u> immunotherapy (excludes chemo and immunotherapy for non-neoplastic conditions and prophylatctic chemotherapy)	
V58.11	Encounter for antineoplastic chemotherapy	
V58.12	Encounter for antineoplastic immunotherapy	
V71.1	Observation for suspected malignant neoplasm	
V76	Mammograms (if applicable)	
	Benign/Borderline Brain Tumor Codes	
225.0	Benign neoplasm of brain	
225.1	Benign neoplasm of cranial nerves	
225.2	Benign neoplasm of cerebral meninges Benign neoplasm of meninges, unspecified	
225.3	Benign neoplasm of spinal cord; cauda equina	
225.4	Benign neoplasm of spinal meninges; spinal meningioma	
225.8	Benign neoplasm of other specified sites of nervous system	
225.9	Benign neoplasm of nervous system, part unspecified	
227.3	Benign neoplasm of pituitary gland Benign neoplasm of craniopharyngeal duct	
227.4	Benign neoplasm of pineal gland, pineal body	
237.0	Neoplasm of uncertain behavior of pituitary gland and craniopharyngeal duct	
237.1	Neoplasm of uncertain behavior of pineal gland	
237.5	Neoplasm of uncertain behavior brain and spinal cord	
237.6	Neoplasm of uncertain meninges; NOS, cerebral, spinal	
237.9	Neoplasm of uncertain behavior of other and unspecified parts of nervous system; cranial nerves	
795.06	Cytologic evidence of malignancy on smear of cervix	
795.16	Cytologic evidence of malignancy on smear of vagina	
796.76	Cytologic evidence of malignancy on smear of anus	

ADPH|ASCR Last Update 3/24/2016

ICD-9-CM Casefinding Code List for Reportable Tumors

	Supplemental Codes
042	AIDS with specified malignant neoplasms
079.51,079.52	Papillomavirus as the cause of diseases classified elsewhere
079.4,079.53	Human T-cell lymphotrophic virus,(type I [HTLV-1], type II [HTLV-11],type 2 [HIV 2]) as the cause of diseases classified elsewhere
237.70-237.72	Neurofibromatosis, CNS

Please note:

- The central registry does **NOT** collect PIN III, CIN III, and CIS of the cervix.
- Borderline cystadenomas M-8442, 8451, 8462, 8472, 8473, of the ovaries which move from /3 to /1 will NOT be collected as of 1/1/2001, but cases diagnosed before 1/1/2001 will continue to be submitted to the central registry.
- Basal and Squamous cell carcinoma of the skin are not reportable but tumors that originate in the mucous membrane are reportable and include the following:

Lip	C00.0 - C00.9
Anus	C21.0
Labia	C51.0 - C51.1
Clitoris	C51.2
Vulva	C51.9
Vagina	C52.9
Prepuce	C60.0
Penis	C60.1 - C60.9
Scrotum	C63.2

- All melanomas are reportable.
- As of 1/1/2003 cases of in situ, localized, regional, or distant neoplasm of the skin (ICD-O Topography codes C44.0 C44.9) with the following ICD-O Morphology codes are **NOT** reportable to ASCR.

```
M 8000 – 8004 Neoplasms, NOS
M 8010 – 8045 Epithelial neoplasms
M 8050 – 8082 Squamous cell neoplasms of the skin
M 8090 – 8110 Basal cell neoplasms of the skin
```

- The following terms are synonymous with in situ disease (Behavior code 2)
 - Adenocarcinoma in an adenomatous polyp with no invasion of stalk
 - Bowen's disease
 - Cervical intraepithelial neoplasia or CIN III (not reportable)
 - Clark's level I melanoma or limited to epithelium
 - Non-infiltrating comedocarcinoma, confined to epithelium
 - Hutchison's melanotic freckle NOS, intracystic non-infiltrating, intraductal, intraepithelium NOS, intraepidermal NOS (involvement up to but no including basement membrane.)

ADPH|ASCR

- Lentigo maligna, lobular neoplasia, lobular non-infiltrating, noninvasive, no stromal involvement, Papillary non-infiltrating or intraductal
- Precancerous melanosis
- Prostatic intraepithelial neoplasia Grade III or PIN III (not reportable)
- Queyrat's erthroplasia, stage 0
- Vaginal intraepithelial neoplasia Grade III or VAIN III
- Vulvar intraepithelial neoplasia Grade III or VIN III
- Laryngeal intraepithelial neoplasia, grade III (LINIII) (8077/2), C320-C329) is REPORTABLE.
- Squamous intraepithelial neoplasia, grade III (SINIII) (8077/2), except Cervix and Skin, is REPORTABLE.
- If any invasion is present, no matter how limited these cases must be coded to invasive behavior

Example: carcinoma in situ 8010/2 of vagina with <u>microinvasion</u> would be coded as invasive carcinoma 8010/3

- All cancer cases should be reported regardless of the patient's state of residency at the time of diagnosis. Cases from other states will be reported to that state but not included in Alabama statistics.
- All in situ cancer cases of the vagina, vulva, and anus are reportable to ASCR. VAIN III, VIN III, AIN III with morphology code of 8077/2
- One other NEW code of note with the October 1, 2007 revisions (but not necessarily for casefinding) is 789.51 (R18.0) malignant ascites...however; the primary site malignancy should be coded first rather than symptoms such as malignant ascites.
- 511.81(J91.0) Malignant Pleural Effusion
- Carcinoid tumor, NOS, of the appendix is now reportable and should be coded to 8240/3.
- Urine cytology positive for malignancy is reportable for diagnoses in 2013 and forward
 Code the primary site to 689 in the absence of any other information
 Exception: When a subsequent biopsy of a urinary site is negative, do not report
 Do not implement new/additional casefindings methods to capture these cases
 Do not report cytology cases with ambiguous terminology
- Recode the following conditions as shown.
 - o Recode all cases of enteroglucogonoma, NOS, as 8152/1. Enteroglucagonoma is now a related term for glucogonoma.
 - o Then delete code 8157/1 Enteroglucagonoma, NOS
 - o Recode all cases of enteroglucagonoma, malignant as 8152/3. *Enteroglucagonoma, malignant is now a related term for glucogonoma, malignant.*
 - o Then delete code 8157/3 Enteroglucagonoma, malignant

NOTE: It is important to understand that cancer registry reportability rules based on behavior code still apply. With the exception of primary intracranial and central nervous system benign and borderline tumors, the addition of a /0 or /1 coded term to ICD-O-3 does not imply that it is now reportable.
