

## Please answer all required questions, including post test questions

### Descriptions for Select Questions

1. **Form ID (optional unless sending specimen to state lab)** – a unique alphanumeric code or identification number; please use requisition number if sending specimen to state lab.
2. **HIV Test Election** – this will always be Confidential for completed tests and Test Not Done if the client refused the test.
3. **Is the client at risk for HIV infection?:** Select yes if the client meets any of the following criteria: MSM, injection drug user, sex worker, has multiple sexual partners.
4. **Was the client screened for PrEP eligibility?:** This refers to whether an assessment was conducted to determine if the client meets the appropriate criteria for using preexposure prophylaxis (PrEP).
5. **Is the client eligible for PrEP referral?** (Please see the guidelines on page 13 of this document: <https://www.cdc.gov/hiv/pdf/risk/prep/cdc-hiv-prep-guidelines-2017.pdf>)
6. **Was the client given a referral to a PrEP provider?:** Referral to PrEP providers is a process involving the provision of information on who the providers are, what documents the referred person should take with them, how to get to the providers' agency, and what to expect from the referral process. It is important that the agency that provides PrEP screening services tracks the referral and provides the necessary follow-up to verify the person attended the first appointment with the PrEP provider. A person can be referred to a PrEP provider internally (to another unit or person within the same agency) or externally (e.g. a CBO may screen and identify eligible persons, and then refer them to a healthcare provider that offers PrEP services).
