

Contact Information

Before and after you on-board as an ImmPRINT user and participant, we want to ensure you know who and how to contact our staff for any concerns or issues that arise. The Alabama Department of Public Health is divided into districts and each district is assigned a designated Immunization Compliance Manager (ICM). Each ICM has several team members to assist them. ICMs are knowledgeable and equipped to assist and address ImmPRINT issues in your local area. Please see the following page to identify your district's ICM's contact information. The ImmPRINT support team is also available to you, and can be reached at immprint@adph.state.al.us or 1-800-469-4599.
