

FRAMEWORK FOR THE ANNUAL REPORT OF THE CHILDREN'S HEALTH INSURANCE PLANS UNDER TITLE XXI OF THE SOCIAL SECURITY ACT

Preamble

Section 2108(a) and Section 2108(e) of the Social Security Act (the Act) provides that each state and territory * must assess the operation of its state child health plan in each federal fiscal year and report to the Secretary, by January 1 following the end of the federal fiscal year, on the results of the assessment. In addition, this section of the Act provides that the state must assess the progress made in reducing the number of uncovered, low-income children. The state is out of compliance with CHIP statute and regulations if the report is not submitted by January 1. The state is also out of compliance if any section of this report relevant to the state's program is incomplete.

The framework is designed to:

- Recognize the **diversity** of state approaches to CHIP and allow States **flexibility** to highlight key accomplishments and progress of their CHIP programs, **AND**
- Provide **consistency** across states in the structure, content, and format of the report, **AND**
- Build on data **already collected** by CMS quarterly enrollment and expenditure reports, **AND**
- Enhance **accessibility** of information to stakeholders on the achievements under Title XXI.

The CHIP Annual Report Template System (CARTs) is organized as follows:

- Section I: Snapshot of CHIP Programs and Changes
- Section II: Program's Performance Measurement and Progress
- Section III: Assessment of State Plan and Program Operation
- Section IV: Program Financing for State Plan
- Section V: Program Challenges and Accomplishments

* - When "state" is referenced throughout this template, it is defined as either a state or a territory.

***Disclosure.** According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148. The time required to complete this information collection is estimated to average 40 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, write to: CMS, 7500 Security Blvd., Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

**FRAMEWORK FOR THE ANNUAL REPORT OF
THE CHILDREN'S HEALTH INSURANCE PLANS
UNDER TITLE XXI OF THE SOCIAL SECURITY ACT**

DO NOT CERTIFY YOUR REPORT UNTIL ALL SECTIONS ARE COMPLETE.

State/Territory: AL
(Name of State/Territory)

The following Annual Report is submitted in compliance with Title XXI of the Social Security Act (Section 2108(a) and Section 2108(e)).

Signature: _____
Fern M. Shinbaum

CHIP Program Name(s): All, ALL Kids

CHIP Program Type:

- CHIP Medicaid Expansion Only
 Separate Child Health Program Only
 Combination of the above

Reporting Period: 2015 Note: Federal Fiscal Year 2015 starts 10/1/2014 and ends 9/30/2015.

Contact Person/Title: Cathy Caldwell, Director

Address: Alabama Department of Public Health, CHIP

P. O. Box 303017

City: Montgomery State: AL Zip: 36130-3017

Phone: (334) 206-5568 Fax: (334) 206-3784

Email: cathy.caldwell@adph.state.al.us

Submission Date: 12/29/2015

(Due to your CMS Regional Contact and Central Office Project Officer by January 1st of each year)

SECTION I: SNAPSHOT OF CHIP PROGRAM AND CHANGES

- 1) To provide a summary at-a-glance of your CHIP program, please provide the following information. If you would like to make any comments on your responses, please explain in narrative below this table.

Provide an assurance that your state's CHIP program eligibility criteria as set forth in the CHIP state plan in section 4, inclusive of PDF pages related to Modified Adjusted Gross Income eligibility, is accurate as of the date of this report.

Please note that the numbers in brackets, e.g., [500] are character limits in the Children's Health Insurance Program (CHIP) Annual Report Template System (CARTS). You will not be able to enter responses with characters greater than the limit indicated in the brackets.

	CHIP Medicaid Expansion Program	Separate Child Health Program

SECTION II: PROGRAM'S PERFORMANCE MEASUREMENT AND PROGRESS

This section consists of two subsections that gather information about the CHIP and/or Medicaid program. Section IIA captures your enrollment progress as well as changes in the number and/or rate of uninsured children in your state. Section IIB captures progress towards meeting your state's general strategic objectives and performance goals.

SECTION IIA: ENROLLMENT AND UNINSURED DATA

- The information in the table below is the Unduplicated Number of Children Ever Enrolled in CHIP in your state for the two most recent reporting periods. The enrollment numbers reported below should correspond to line 7 (Unduplicated # Ever Enrolled Year) in your state's 4th quarter data report (submitted in October) in the CHIP Statistical Enrollment Data System (SEDS). The percent change column reflects the percent change in enrollment over the two-year period. If the percent change exceeds 10 percent (increase or decrease), please explain in letter A below any factors that may account for these changes (such as decreases due to elimination of outreach or increases due to program expansions). This information will be filled in automatically by CARTS through a link to SEDS. Please wait until you have an enrollment number from SEDS before you complete this response.

Program	FFY 2014	FFY 2015	Percent change FFY 2014-2015
CHIP Medicaid Expansion Program	29084	0	-100
Separate Child Health Program	76407	87290	14.24

- Please explain any factors that may account for enrollment increases or decreases exceeding 10 percent. **[7500]**

The above table is pre-populated with SEDS data reported by state programs; however fourth quarter FY2015 SEDS data for the CHIP Medicaid Expansion has not yet been submitted. In lieu of an ever-enrolled annual enrollment number we can provide the end of FY2015 point in time enrollment of 39,436. This number is not comparable to the ever-enrollment number cited above for FY2014. Enrollment for the CHIP Medicaid Expansion has increased throughout FY2015.

Specific drivers of the enrollment increase for the Separate CHIP have not been identified. However, after an initial decline in early 2014, enrollment has steadily increased.

- The tables below show trends in the number and rate of uninsured children in your state. Three year averages in Table 1 are based on the Current Population Survey. The single year estimates in Table 2 are based on the American Community Survey (ACS). CARTS will fill in this information automatically, and significant changes are denoted with an asterisk (*). If your state uses an alternate data source and/or methodology for measuring change in the number and/or rate of uninsured children, please explain in Question #3.

Table 1: Number and percent of uninsured children under age 19 below 200 percent of poverty, Current Population Survey

Period	Uninsured Children Under Age 19 Below 200 Percent of Poverty		Uninsured Children Under Age 19 Below 200 Percent of Poverty as a Percent of Total Children Under Age 19	
	Number	Std. Error	Rate	Std. Error
1996 - 1998	115	22.4	10.5	2.0
1998 - 2000	86	19.1	7.5	1.6
2000 - 2002	82	14.3	6.9	1.2
2002 - 2004	66	12.9	5.7	1.1
2003 - 2005	48	11.4	4.2	1.0
2004 - 2006	46	11.0	4.0	1.0
2005 - 2007	51	12.0	4.4	1.0
2006 - 2008	51	12.0	4.4	1.0
2007 - 2009	56	13.0	4.8	1.0
2008 - 2010	67	16.0	5.6	1.3
2009-2011	74	13.0	6.2	1.1
2010-2012	69	13.0	5.7	0

Table 2: Number and percent of uninsured children under age 19 below 200 percent of poverty, American Community Survey

Period	Uninsured Children Under Age 19 Below 200 Percent of Poverty		Uninsured Children Under Age 19 Below 200 Percent of Poverty as a Percent of Total Children Under Age 19	
	Number (In Thousands)	Margin of Error	Rate	Margin of Error
2013	38	6.0	3.2	.5
2014	32	4.0	2.8	.4
Percent change 2013 vs. 2014	0%	NA	0%	NA

- A. Please explain any activities or factors that may account for increases or decreases in your number and/or rate of uninsured children. **[7500]**

The uninsured rate for 2014 is less than the rate for 2013 and is likely due to a strong response by families to apply for insurance through the FFM and through our own state-based application. However, due to the margin of error, the decrease is not significant.

- B. Please note any comments here concerning ACS data limitations that may affect the reliability or precision of these estimates. **[7500]**

3. Please indicate by checking the box below whether your state has an alternate data source and/or methodology for measuring the change in the number and/or rate of uninsured children.

Yes (please report your data in the table below)

No (skip the rest of the question)

Please report your alternate data in the table below. Data are required for two or more points in time to demonstrate change (or lack of change). Please be as specific and detailed as possible about the method used to measure progress toward covering the uninsured.

Data source(s)	
Reporting period (2 or more points in time)	
Methodology	
Population (Please include ages and income levels)	
Sample sizes	
Number and/or rate for two or more points in time	
Statistical significance of results	

- A. Please explain why your state chose to adopt a different methodology to measure changes in the number and/or rate of uninsured children. **[7500]**

- B. What is your state's assessment of the reliability of the estimate? What are the limitations of the data or estimation methodology? (Provide a numerical range or confidence intervals if available.) **[7500]**

- C. What are the limitations of the data or estimation methodology? **[7500]**

- D. How does your state use this alternate data source in CHIP program planning? **[7500]**

SECTION IIB: STATE STRATEGIC OBJECTIVES AND PERFORMANCE GOALS

This subsection gathers information on your state's general strategic objectives, performance goals, performance measures and progress towards meeting goals, as specified in your CHIP state plan. (If your goals reported in the annual report now differ from Section 9 of your CHIP state plan, please indicate how they differ in "Other Comments on Measure." Also, the state plan should be amended to reconcile these differences). The format of this section provides your state with an opportunity to track progress over time. This section contains templates for reporting performance measurement data for each of five categories of strategic objectives, related to:

- Reducing the number of uninsured children
- CHIP enrollment
- Medicaid enrollment
- Increasing access to care
- Use of preventative care (immunizations, well child care)

Please report performance measurement data for the three most recent years for which data are available (to the extent that data are available). In the first two columns, data from the previous two years' annual reports (FFY 2013 and FFY 2014) will be populated with data from previously reported data in CARTS. If you reported data in the two previous years' reports and you want to update/change the data, please enter that data. If you reported no data for either of those two years, but you now have data available for them, please enter the data. In the third column, please report the most recent data available at the time you are submitting the current annual report (FFY 2015).

In this section, the term performance measure is used to refer to any data your state provides as evidence towards a particular goal within a strategic objective. For the purpose of this section, "objectives" refer to the five broad categories listed above, while "goals" are state-specific, and should be listed in the appropriate subsections within the space provided for each objective.

NOTES: Please do not reference attachments in this section. If details about a particular measure are located in an attachment, please summarize the relevant information from the attachment in the space provided for each measure.

In addition, please do not report the same data that were reported in Section IIA above or for Child Core Set Reporting. The intent of this section is to capture goals and measures that your state did not report elsewhere.

Additional instructions for completing each row of the table are provided below.

Goal:

For each objective, space has been provided to report up to three goals. Use this section to provide a brief description of each goal you are reporting within a given strategic objective. **All new goals should include a direction and a target. For clarification only, an example goal would be:** "Increase (direction) by 5 percent (target) the number of CHIP beneficiaries who turned 13 years old during the measurement year who had a second dose of MMR, three hepatitis B vaccinations and one varicella vaccination by their 13th birthday."

Type of Goal:

For each goal you are reporting within a given strategic objective, please indicate the type of goal, as follows:

- New/revised: Check this box if you have revised or added a goal. Please explain how and why the goal was revised.

- **Continuing:** Check this box if the goal you are reporting is the same one you have reported in previous annual reports.
- **Discontinued:** Check this box if you have met your goal and/or are discontinuing a goal. Please explain why the goal was discontinued.

Status of Data Reported:

Please indicate the status of the data you are reporting for each goal, as follows:

- **Provisional:** Check this box if you are reporting performance measure data for a goal, but the data are currently being modified, verified, or may change in any other way before you finalize them for FFY 2015.

Explanation of Provisional Data – When the value of the Status of Data Reported field is selected as “Provisional”, the state must specify why the data are provisional and when the state expects the data will be final.

- **Final:** Check this box if the data you are reporting are considered final for FFY 2015.
- **Same data as reported in a previous year’s annual report:** Check this box if the data you are reporting are the same data that your state reported for the goal in another annual report. Indicate in which year’s annual report you previously reported the data.

Measurement Specification:

This section is included for only two of the objectives— objectives related to increasing access to care, and objectives related to use of preventative care—because these are the two objectives for which states may report using the HEDIS® measurement specification. In this section, for each goal, please indicate the measurement specification used to calculate your performance measure data (i.e., were the measures calculated using the HEDIS® specifications or some other method unrelated to HEDIS®).

Please indicate whether the measure is based on HEDIS® technical specifications or another source. If HEDIS® is selected, the HEDIS® Version field must be completed. If “Other” measurement specification is selected, the explanation field must be completed.

HEDIS® Version:

Please specify HEDIS® Version (example 2014). This field must be completed only when a user select the HEDIS® measurement specification.

“Other” measurement specification explanation:

If “Other”, measurement specification is selected, please complete the explanation of the “Other” measurement specification. The explanation field must be completed when “Other” measurement specification has been selected.

Data Source:

For each performance measure, please indicate the source of data. The categories provided in this section vary by objective. For the objectives related to reducing the number of uninsured children and CHIP or Medicaid enrollment, please indicate whether you have used eligibility/enrollment data, survey data (specify the survey used), or other source (specify the other source). For the objectives related to access to care and use of preventative care, please indicate whether you used administrative data (claims) (specify the kind of administrative data used), hybrid data (claims and medical records) (specify how the two were used to create the data source), survey data (specify the survey used), or other source (specify the other source). In all cases, if another data source was used, please explain the source.

Definition of Population Included in Measure:

Numerator: Please indicate the definition of the population included in the numerator for each measure (such as the number of visits required for inclusion, e.g., one or more visits in the past year).

Denominator: Please indicate the definition of the population included in the denominator for each measure.

For measures related to increasing access to care and use of preventative care, please check one box to indicate whether the data are for the CHIP population only, or include both CHIP and Medicaid (Title XIX) children combined.

- check one box to indicate whether the data are for the CHIP population only, or include both CHIP and Medicaid (Title XIX) children combined.
- If the denominator reported is not fully representative of the population defined above (the CHIP population only, or the CHIP and Medicaid (Title XIX) populations combined), please further define the denominator. For example, denominator includes only children enrolled in managed care in certain counties, technological limitations preventing reporting on the full population defined, etc.). Please report information on exclusions in the definition of the denominator (including the proportion of children excluded), The provision of this information is important and will provide CMS with a context so that comparability of denominators across the states and over time can occur.

Deviations from Measure Specification

For the measures related to increasing access to care and use of preventative care.

If the data provided for a measure deviates from the measure specification, please select the type(s) of measure specification deviation. The types of deviation parallel the measure specification categories for each measure. Each type of deviation is accompanied by a comment field that states must use to explain in greater detail or further specify the deviation when a deviation(s) from a measure is selected..

The five types (and examples) of deviations are:

- Year of Data (e.g., partial year),
- Data Source (e.g., use of different data sources among health plans or delivery systems),
- Numerator (e.g., coding issues),
- Denominator (e.g., exclusion of MCOs, different age groups, definition of continuous enrollment),
- Other.

When one or more of the types are selected, states are required to provide an explanation.

Please report the year of data for each performance measure. The year (or months) should correspond to the *period in which enrollment or utilization took place*. Do *not* report the year in which data were collected for the measure, or the version of HEDIS® used to calculate the measure, both of which may be different from the period corresponding to enrollment or utilization of services.

Date Range: available for 2015 CARTS reporting period.

Please define the date range for the reporting period based on the “From” time period as the month and year which corresponds to the beginning period in which utilization took place and please report the “To” time period as the month and year which corresponds to the end period in which utilization took place. Do *not* report the year in which data were collected for the measure, or the version of HEDIS® used to calculate the measure, both of which may be different from the period corresponding to utilization of services.

Performance Measurement Data (HEDIS® or Other):

In this section, please report the numerators and denominators, rates for each measure (or component). The template provides two sections for entering the performance measurement data, depending on whether you are reporting using HEDIS® or other methodologies. The form fields have been set up to

facilitate entering numerators and denominators for each measure. If the form fields do not give you enough space to fully report on the measure, please use the “additional notes” section.

The preferred method is to calculate a “weighted rate” by summing the numerators and denominators across plans, and then deriving a single state-level rate based on the ratio of the numerator to the denominator). The reporting unit for each measure is the state as a whole. If states calculate rates for multiple reporting units (e.g., individual health plans, different health care delivery systems), States must aggregate data from all these sources into one State rate before reporting the data to CMS. In the situation where a state combines data across multiple reporting units, all or some of which use the hybrid method to calculate the rates, the state should enter zeroes in the “Numerator” and “Denominator” fields. In these cases, it should report the state-level rate in the “Rate” field and, when possible, include individual reporting unit numerators, denominators, and rates in the field labeled “Additional Notes on Measure,” along with a description of the method used to derive the state-level rate.

Explanation of Progress:

The intent of this section is to allow your state to highlight progress and describe any quality-improvement activities that may have contributed to your progress. Any quality-improvement activity described should involve the CHIP program, benefit CHIP enrollees, and relate to the performance measure and your progress. An example of a quality-improvement activity is a state-wide initiative to inform individual families directly of their children’s immunization status with the goal of increasing immunization rates. CHIP would either be the primary lead or substantially involved in the project. If improvement has not occurred over time, this section can be used to discuss potential reasons for why progress was not seen and to describe future quality-improvement plans. In this section, your state is also asked to set annual performance objectives for FFY 2016, 2017 and 2018. Based on your recent performance on the measure (from FFY 2013 through 2015), use a combination of expert opinion and “best guesses” to set objectives for the next three years. Please explain your rationale for setting these objectives. For example, if your rate has been increasing by 3 or 4 percentage points per year, you might project future increases at a similar rate. On the other hand, if your rate has been stable over time, you might set a target that projects a small increase over time. If the rate has been fluctuating over time, you might look more closely at the data to ensure that the fluctuations are not an artifact of the data or the methods used to construct a rate. You might set an initial target that is an average of the recent rates, with slight increases in subsequent years. In future annual reports, you will be asked to comment on how your actual performance compares to the objective your state set for the year, as well as any quality-improvement activities that have helped or could help your state meet future objectives.

Other Comments on Measure:

Please use this section to provide any other comments on the measure, such as data limitations, plans to report on a measure in the future, or differences between performance measures reported here and those discussed in Section 9 of the CHIP state plan.

Objectives Related to Reducing the Number of Uninsured Children (Do not report data that was reported in Section IIA, Questions 2 and 3)

FFY 2013	FFY 2014	FFY 2015
<p>Goal #1 (Describe) The percentage of low-income uninsured children will be maintained at less than or equal to 5% of all children in the state.</p>	<p>Goal #1 (Describe) The percentage of low-income uninsured children will be maintained at less than or equal to 4% of all children in the state.</p>	<p>Goal #1 (Describe) The percentage of low-income uninsured children will be maintained at less than or equal to 4% of all children in the state.</p>
<p>Type of Goal: <input type="checkbox"/> New/revised. <i>Explain:</i> <input checked="" type="checkbox"/> Continuing. <input type="checkbox"/> Discontinued. <i>Explain:</i></p>	<p>Type of Goal: <input checked="" type="checkbox"/> New/revised. <i>Explain:</i> <input type="checkbox"/> Continuing. <input type="checkbox"/> Discontinued. <i>Explain:</i> Because of the larger sample size and smaller sampling errors, Census recommends using the American Community Survey (ACS) for estimating state-level uninsurance rates. This goal has been revised to account for the use of ACS data.</p>	<p>Type of Goal: <input type="checkbox"/> New/revised. <i>Explain:</i> <input checked="" type="checkbox"/> Continuing. <input type="checkbox"/> Discontinued. <i>Explain:</i></p>
<p>Status of Data Reported: <input type="checkbox"/> Provisional. <i>Explanation of Provisional Data:</i> <input checked="" type="checkbox"/> Final. <input type="checkbox"/> Same data as reported in a previous year's annual report. <i>Specify year of annual report in which data previously reported:</i></p>	<p>Status of Data Reported: <input type="checkbox"/> Provisional. <i>Explanation of Provisional Data:</i> <input checked="" type="checkbox"/> Final. <input type="checkbox"/> Same data as reported in a previous year's annual report. <i>Specify year of annual report in which data previously reported:</i></p>	<p>Status of Data Reported: <input type="checkbox"/> Provisional. <i>Explanation of Provisional Data:</i> <input checked="" type="checkbox"/> Final. <input type="checkbox"/> Same data as reported in a previous year's annual report. <i>Specify year of annual report in which data previously reported:</i></p>

Other Comments on Measure:	Other Comments on Measure:	Other Comments on Measure:

1. What other strategies does your state use to measure and report on access to, quality, or outcomes of care received by your CHIP population? What have you found? **[7500]**

N/A

2. What strategies does your CHIP program have for future measurement and reporting on access to, quality, or outcomes of care received by your CHIP population? When will data be available? **[7500]**

N/A

3. Have you conducted any focused quality studies on your CHIP population, e.g., adolescents, attention deficit disorder, substance abuse, special health care needs or other emerging health care needs? What have you found? **[7500]**

CHIP has contracted with the University of Alabama at Birmingham (UAB) for quality studies on the ALL Kids population. Multiple studies are in the design and implementation process. Several studies are in the submission and review process.

4. Please attach any additional studies, analyses or other documents addressing outreach, enrollment, access, quality, utilization, costs, satisfaction, or other aspects of your CHIP program's performance. Please include any analyses or descriptions of any efforts designed to reduce the number of uncovered children in the state through a state health insurance connector program or support for innovative private health coverage initiatives health coverage initiatives. **[7500]**

Other quality studies with UAB include: Availability and affordability of employee-sponsored insurance should CHIP funding not continue past FY2017; Impact of economic conditions related to a recession upon public insurance coverage for children; and, enrollment and utilization following a CHIP expansion .

Enter any Narrative text below **[7500]**.

SECTION III: ASSESSMENT OF STATE PLAN AND PROGRAM OPERATION

Please reference and summarize attachments that are relevant to specific questions

A. OUTREACH

1. How have you redirected/changed your outreach strategies during the reporting period? **[7500]**

The program has been involved in some professional conferences during the reporting period to educate the community. ALL Kids continues to distribute program information and applications throughout the state to families, schools and community partners.

2. What methods have you found most effective in reaching low-income, uninsured children (e.g., T.V., school outreach, word-of-mouth)? How have you measured effectiveness? **[7500]**

Many families learn of the program through word-of-mouth. In addition, many community partners and agencies educate families about ALL Kids and Medicaid. Community partners continue to serve as great resources in reaching low-income and uninsured children in the state.

3. Which of the methods described in Question 2 would you consider a best practice(s)? **[7500]**

Both word-of-mouth and community partner education.

4. Is your state targeting outreach to specific populations (e.g., minorities, immigrants, and children living in rural areas)?

Yes

No

Have these efforts been successful, and how have you measured effectiveness? **[7500]**

5. What percentage of children below 200 percent of the Federal poverty level (FPL) who are eligible for Medicaid or CHIP have been enrolled in those programs? [5] 95.1

(Identify the data source used). **[7500]**

U.S. Census Bureau American Community Survey 1 year estimate 2014 (coverage year)

B. SUBSTITUTION OF COVERAGE (CROWD-OUT)

All states should answer the following questions. Please include percent calculations in your responses when applicable and requested.

1. Table 1.

Does your program require a child to be uninsured for a minimum amount of time prior to enrollment (waiting period)?	<input checked="" type="checkbox"/>	No	
	<input type="checkbox"/>	Yes	
	Specify number of months		
	To which groups (including FPL levels) does the period of uninsurance apply? [1000]		
	List all exemptions to imposing the period of uninsurance [1000]		

	<input type="checkbox"/>	N/A
Does your program match prospective enrollees to a database that details private insurance status?	<input type="checkbox"/>	No
	<input checked="" type="checkbox"/>	Yes
	If yes, what database? [1000] Blue Cross Blue Shield of Alabama	
	<input type="checkbox"/>	N/A

2. At the time of application, what percent of CHIP applicants are found to have Medicaid [(# applicants found to have Medicaid/total # applicants) * 100] **[5]** 29.3 and what percent of applicants are found to have other group insurance [(# applicants found to have other insurance/total # applicants) * 100] **[5]**? Provide a combined percent if you cannot calculate separate percentages. **[5]**
3. What percent of CHIP applicants cannot be enrolled because they have group health plan coverage **[5]**
- a. Of those found to have had other, private insurance and have been uninsured for only a portion of the state's waiting period, what percent meet your state's exemptions to the waiting period (if your state has a waiting period and exemptions) [(# applicants who are exempt/total # of new applicants who were enrolled)*100]? **[5]**
4. Do you track the number of individuals who have access to private insurance?_
- Yes
 No
- If yes, what percent of individuals that enrolled in CHIP had access to private health insurance at the time of application during the last federal fiscal year [(# of individuals that had access to private health insurance/total # of individuals enrolled in CHIP)*100]? **[5]**

C. ELIGIBILITY

This subsection should be completed by all states. Medicaid Expansion states should complete applicable responses and indicate those questions that are non-applicable with N/A.

Section IIIC: Subpart A: Eligibility Renewal and Retention

1. Do you have authority in your CHIP state plan to provide for presumptive eligibility, and have you implemented this? Yes No
- If yes
- a) What percent of children are presumptively enrolled in CHIP pending a full eligibility determination? **[5]**
- b) Of those children who are presumptively enrolled, what percent of those children are determined eligible and enrolled upon completion of the full eligibility determination those children are determined eligible and enrolled? **[5]**

2. Select the measures from those below that your state employ to simplify an eligibility renewal and retain eligible children in CHIP?

Conducts follow-up with clients through caseworkers/outreach workers

Sends renewal reminder notices to all families

- How many notices are sent to the family prior to disenrolling the child from the program? **[500]**

ALL Kids families receive a renewal packet as well as one reminder letter. MCHIP families receive 2 notices.

- At what intervals are reminder notices sent to families (e.g., how many weeks before the end of the current eligibility period is a follow-up letter sent if the renewal has not been received by the state?) **[500]**

ALL Kids families receive a renewal packet two months prior to the date of renewal as well as one reminder letter 30 days prior to the renewal date. MCHIP families receive their first notice two months prior to renewal month. The second notice is sent 60 days after first notice.

Other, *please explain*: **[500]**

To assist families further, ALL Kids offers the option to pay annual premiums in installments. ALL Kids & Medicaid families may renew by telephone. MCHIP employed Expresslane eligibility renewals using SNAP & TANF data.

3. Which of the above strategies appear to be the most effective? Have you evaluated the effectiveness of any strategies? If so, please describe the evaluation, including data sources and methodology. **[7500]**

While CHIP has not conducted an evaluation to determine which strategy is the most effective, anecdotal information shows that offering families the option to pay ALL Kids premiums on-line or by phone appears to be an effective strategy and Expresslane renewals appears to be an effective strategy for MCHIP enrollees.

Section III C: Subpart B: Eligibility Data

Table 1. Data on Denials of Title XXI Coverage in FFY 2015

States are required to report on all questions (1,1.a.,1.b., and 1.c) in FFY 2015. Please enter the data requested in the table below and the template will tabulate the requested percentages.

Measure	Number	Percent
1. Total number of denials of title XXI Coverage	228148	100
a. Total number of procedural denials	660	0.3
b. Total number of eligibility denials	227488	99.7
i. Total number of applicants denied for title XXI and enrolled in title XIX	141223	61.9
c. Total number of applicants denied for other reasons Please indicate: <input checked="" type="checkbox"/>		

2. Please describe any limitations or restrictions on the data used in this table: Alabama's CHIP and Medicaid programs use a joint application and most applications are processed in a joint eligibility and enrollment system. As a one-door processing system, no assumption is made that applicants were specifically applying for CHIP, Medicaid or Advanced Premium Tax Credits. Data reported above reflect only those applications processed in the joint system. Additionally, initial applications cannot be differentiated from redeterminations. Figures above include all applications processed.

Definitions:

1. The “the total number of denials of title XXI Coverage” is defined as the total number of applicants that have had an eligibility decision made for title XXI and denied enrollment for title XXI in FFY 2015. This definition only includes denials for title XXI at the time of initial application (not redetermination).
 - a. The “total number of procedural denials” is defined as the total number of applicants denied for title XXI procedural reasons in FFY 2015 (i.e., incomplete application, missing documentation, missing enrollment fee, etc.).
 - b. The “total number of eligibility denials” is defined as the total number of applicants denied for title XXI eligibility reasons in FFY 2015 (i.e., income too high, income too low for title XXI referred for Medicaid eligibility determination/determined Medicaid eligible , obtained private coverage or if applicable, had access to private coverage during your state’s specified waiting period, etc.)
 - i. The total number of applicants that are denied eligibility for title XXI and determined eligible for title XIX
 - c. The “total number of applicants denied for other reasons” is defined as any other type of denial that does not fall into 2a or 2b. Please check the box provided if there are no additional categories.

Table 2. Redetermination Status of Children

For this table, reporting is required for FFY 2015.

Table 2a. Redetermination Status of Children Enrolled in Title XXI

Please enter the data requested in the table below in the “Number” column, and the template will automatically tabulate the percentages.

	Number	Percent			
1. Total number of children who are enrolled in title XXI and eligible to be redetermined		100%			
2. Total number of children screened for redetermination for title XXI			100%		
3. Total number of children retained in title XXI after the redetermination process					
4. Total number of children disenrolled from title XXI after the redetermination process				100%	
a. Total number of children disenrolled from title XXI for failure to comply with procedures					
b. Total number of children disenrolled from title XXI for failure to meet eligibility criteria					100%
I. Disenrolled from title XXI					

because income too high for title XXI (If unable to provide the data, check here <input type="checkbox"/>)					
ii. Disenrolled from title XXI because income too low for title XXI (If unable to provide the data, check here <input type="checkbox"/>)					
iii. Disenrolled from title XXI because application indicated access to private coverage or obtained private coverage (If unable to provide the data or if you have a title XXI Medicaid expansion and this data is not relevant check here <input checked="" type="checkbox"/>)					
iv. Disenrolled from title XXI for other eligibility reason(s) Please indicate: (If unable to provide the data check here <input type="checkbox"/>)					
c. Total number of children disenrolled from title XXI for other reason(s) Please indicate: (Check here if there are no additional categories <input checked="" type="checkbox"/>)					

5. If relevant, please describe any limitations or restrictions on the data entered into this table. Please describe any state policies or procedures that may have impacted the redetermination outcomes data.
Regrettably, redetermination status is not reported this year as reporting capacity of the joint Medicaid/CHIP eligibility and enrollment system is insufficient to provide complete and reliable redetermination data.

Definitions:

1. The “total number of children who are eligible to be redetermined” is defined as the total number of children due to renew their eligibility in federal fiscal year (FFY) 2015, and did not age out (did not exceed the program’s maximum age requirement) of the program by or before redetermination. This total number may include those children who are eligible to renew prior to their 12 month eligibility redetermination anniversary date. This total must include ex parte redeterminations, the process when a state uses information available to it through other databases, such as wage and labor records, to verify ongoing eligibility. This total number must also include children whose eligibility can be renewed through administrative redeterminations, whereby the state sends the family a renewal form that is pre-populated with eligibility information already available through program records and requires the family to report any changes.
2. The “total number of children screened for redetermination” is defined as the total number of children that were screened by the state for redetermination in FFY 2015 (i.e., ex parte redeterminations and administrative redeterminations, as well as those children whose families have returned redetermination forms to the state).

3. The “total number of children retained after the redetermination process” is defined as the total number of children who were found eligible and remained in the program after the redetermination process in FFY 2015.
4. The “total number of children disenrolled from title XXI after the redetermination process” is defined as the total number of children who are disenrolled from title XXI following the redetermination process in FFY 2015. This includes those children that states may define as “transferred” to Medicaid for title XIX eligibility screening.
 - a. The “total number of children disenrolled for failure to comply with procedures” is defined as the total number of children disenrolled from title XXI for failure to successfully complete the redetermination process in FFY 2015 (i.e., families that failed to submit a complete application, failed to provide complete documentation, failed to pay premium or enrollment fee, etc.).
 - b. The “total number of children disenrolled for failure to meet eligibility criteria” is defined as the total number of children disenrolled from title XXI for no longer meeting one or more of their state’s CHIP eligibility criteria (i.e., income too low, income too high, obtained private coverage or if applicable, had access to private coverage during your state’s specified waiting period, etc.). If possible, please break out the reasons for failure to meet eligibility criteria in i.-iv.
 - c. The “total number of children disenrolled for other reason(s)” is defined as the total number of children disenrolled from title XXI for a reason other than failure to comply with procedures or failure to meet eligibility criteria, and are not already captured in 4.a. or 4.b.
The data entered in 4.a., 4.b., and 4.c. should sum to the total number of children disenrolled from title XXI (line 4).

Table 2b. Redetermination Status of Children Enrolled in Title XIX

Please enter the data requested in the table below in the “Number” column, and the template will automatically tabulate the percentages.

	Number	Percent			
1.Total number of children who are enrolled in title XIX and eligible to be redetermined		100%			
2. Total number of children screened for redetermination for title XIX			100%		
3. Total number of children retained in title XIX after the redetermination process					
4. Total number of children disenrolled from title XIX after the redetermination process			100%		
a. Total number of children disenrolled from title XIX for failure to comply with procedures					
b. Total number of children disenrolled from title XIX for failure to meet eligibility criteria					100%
v. Disenrolled from title XIX because income too high for title XIX					

(If unable to provide the data, check here <input checked="" type="checkbox"/>)					
vi. Disenrolled from title XXI for other eligibility reason(s) Please indicate: (If unable to provide the data check here <input checked="" type="checkbox"/>)					
c. Total number of children disenrolled from title XXI for other reason(s) Please indicate: (Check here if there are no additional categories <input checked="" type="checkbox"/>)					

5. If relevant, please describe any limitations or restrictions on the data entered into this table. Please describe any state policies or procedures that may have impacted the redetermination outcomes data.
This data is unavailable due to the inability of the Medicaid data system to separate children and adult Medicaid enrollees.

Definitions:

1. The “total number of children who are eligible to be redetermined” is defined as the total number of children due to renew their eligibility in federal fiscal year (FFY) 2015, and did not age out (did not exceed the program’s maximum age requirement) of the program by or before redetermination. This total number may include those children who are eligible to renew prior to their 12 month eligibility redetermination anniversary date. This total must include ex parte redeterminations, the process when a state uses information available to it through other databases, such as wage and labor records, to verify ongoing eligibility. This total number must also include children whose eligibility can be renewed through administrative redeterminations, whereby the state sends the family a renewal form that is pre-populated with eligibility information already available through program records and requires the family to report any changes.
2. The “total number of children screened for redetermination” is defined as the total number of children that were screened by the state for redetermination in FFY 2015 (i.e., ex parte redeterminations and administrative redeterminations, as well as those children whose families have returned redetermination forms to the state).
3. The “total number of children retained after the redetermination process” is defined as the total number of children who were found eligible and remained in the program after the redetermination process in FFY 2015.
4. The “total number of children disenrolled from title XIX after the redetermination process” is defined as the total number of children who are disenrolled from title XIX following the redetermination process in FFY 2015. This includes those children that states may define as “transferred” to CHIP for title XXI eligibility screening.
 - a. The “total number of children disenrolled for failure to comply with procedures” is defined as the total number of children disenrolled from title XIX for failure to successfully complete the redetermination process in FFY 2014 (i.e., families that failed to submit a complete application, failed to provide complete documentation, failed to pay premium or enrollment fee, etc.).
 - b. The “total number of children disenrolled for failure to meet eligibility criteria” is defined as the total number of children disenrolled from title XIX for no longer meeting one or more of their state’s Medicaid eligibility criteria (i.e., income too high, etc.).

- c. The “total number of children disenrolled for other reason(s)” is defined as the total number of children disenrolled from title XIX for a reason other than failure to comply with procedures or failure to meet eligibility criteria, and are not already captured in 4.a. or 4.b.

The data entered in 4.a., 4.b., and 4.c. should sum to the total number of children disenrolled from title XIX (line 4).

Table 3. Duration Measure of Selected Children, Ages 0-16, Enrolled in Title XIX and Title XXI, Second Quarter FFY 2014

The purpose of tables 3a and 3b is to measure the duration, or continuity, of Medicaid and CHIP enrollees' coverage. This information is required by Section 402(a) of CHIPRA. **Reporting on this table is required.**

Because the measure is designed to capture continuity of coverage in title XIX and title XXI beyond one year of enrollment, the measure collects data for 18 months of enrollment. This means that reporting spans two CARTS reports over two years. The duration measure uses a cohort of children and follows the enrollment of the same cohort of children for 18 months to measure continuity of coverage. **States identify a new cohort of children every two years. States identified newly enrolled children in the second quarter of FFY 2014 (January, February, and March of 2014). If your eligibility system already has the capability to track a cohort of enrollees over time, an additional "flag" or unique identifier may not be necessary.**

[Note that the first cohort of newly enrolled children was identified in the second quarter of FFY 2012 (January, February and March of 2012), was followed for 18 months (through FFY 2013), and stopped. The current cohort of children was identified in the second quarter of FFY 2014 (January, February and March of 2014), will be followed for 18 months (through FFY 2015), and will stop. The next cohort of children will be identified in the second quarter of FFY 2016 (January, February and March of 2016).]

The FFY 2015 CARTS report is the second year of reporting in the cycle of two CARTS reports on the cohort of children identified in the second quarter of FFY 2014. States will continue to report on the same table for the two years of CARTS reports.

Instructions: For this measure, please identify newly enrolled children in both title XIX and title XXI in the second quarter of FFY 2014, ages 0 months to 16 years at time of enrollment. Children enrolled in January 2014 must have birthdates after July 1997 (e.g., children must be younger than 16 years and 5 months) to ensure that they will not age out of the program at the 18th month of coverage. Similarly, children enrolled in February 2014 must have birthdates after August 1997, and children enrolled in March 2014 must have birthdates after September 1997. Each child newly enrolled during this time frame needs a unique identifier or "flag" so that the cohort can be tracked over time. If your eligibility system already has the capability to track a cohort of enrollees over time, an additional "flag" or unique identifier may not be necessary. Please follow the child based on the child's age category at the time of enrollment (e.g., the child's age at enrollment creates an age cohort that does not change over the 18 month time span).

Please enter the data requested in the tables below, and the template will tabulate the percentages. The tables are pre-populated with the 6-month data you reported last year; in this report you will enter data on the 12- and 18-month enrollment status. **Only enter a "0" (zero) if the data are known to be zero. If data are unknown or unavailable, leave the field blank.**

Note that all data must sum correctly in order to save and move to the next page. The data in each individual row must add across to sum to the total in the "All Children Ages 0-16" column for that row. And in each column, the data within each time period (6, 12 and 18 months) must each sum up to the data in row 1, which is the number of children in the cohort. This means that in each column, rows 2, 3 and 4 must sum to the total in row 1; rows 5, 6 and 7 must sum to the row 1; and rows 8, 9 and 10 must sum to row 1. Rows numbered with an "a" (e.g., rows 3a and 4a) are excluded from the total because they are subsets of their respective rows.

Table 3a. Duration Measure of Children Enrolled in Title XIX

Not Previously Enrolled in CHIP or Medicaid—“Newly enrolled” is defined as not enrolled in either title XXI or title XIX in the month before enrollment (i.e., for a child enrolled in January 2015, he/she would not be enrolled in either title XXI or title XIX in December 2014, etc.)

Not Previously Enrolled in Medicaid—“Newly enrolled” is defined as not enrolled in title XIX in the month before enrollment (i.e., for a child enrolled in January 2015, he/she would not be enrolled in title XIX in December 2014, etc.)

Duration Measure, Title XIX	All Children Ages 0-16		Age Less than 12 months		Ages 1-5		Ages 6-12		Ages 13-16	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent	Number	Percent

Definitions:

1. The “total number of children newly enrolled in title XIX in the second quarter of FFY 2014” is defined as those children either new to public coverage or new to title XIX, in the month before enrollment. Please define your population of “newly enrolled” in the Instructions section.
2. The total number of children that were continuously enrolled in title XIX for 6 months is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and who were continuously enrolled through the end of June 2014
 - + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and who were continuously enrolled through the end of July 2014
 - + the number of children with birthdates after September 1997, who were newly enrolled in March 2014 and who were continuously enrolled through the end of August 2014
3. The total number who had a break in title XIX coverage during 6 months of enrollment (regardless of the number of breaks in coverage) but were re-enrolled in title XIX by the end of the 6 months, is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and who disenrolled and re-enrolled in title XIX by the end of June 2014
 - + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and who disenrolled and re-enrolled in title XIX by the end of July 2014
 - + the number of children with birthdates after September 1997, who were newly enrolled in March 2014 and who disenrolled and re-enrolled in title XIX by the end of August 2014
 - 3.a. From the population in #3, provide the total number of children who were enrolled in title XXI during their break in coverage.
4. The total number who disenrolled from title XIX, 6 months after their enrollment month is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and were disenrolled by the end of June 2014
 - + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and were disenrolled by the end of July 2014
 - + the number of children with birthdates after September 1997, who were newly enrolled in March 2014 and were disenrolled by the end of August 2014
 - 4.a. From the population in #4, provide the total number of children who were enrolled in title XXI in the month after their disenrollment from title XIX.
5. The total number of children who were continuously enrolled in title XIX for 12 months is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and were continuously enrolled through the end of December 2014
 - + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and were continuously enrolled through the end of January 2015

+ the number of children with birthdates after September 1995, who were newly enrolled in March 2012 and were continuously enrolled through the end of February 2015

6. The total number of children who had a break in title XIX coverage during 12 months of enrollment (regardless of the number of breaks in coverage), but were re-enrolled in title XIX by the end of the 12 months, is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and who disenrolled and then re-enrolled in title XIX by the end of December 2014
 - + the number of children with birthdates after August 1995, who were newly enrolled in February 2012 and who disenrolled and then re-enrolled in title XIX by the end of January 2015
 - + the number of children with birthdates after September 1995, who were newly enrolled in March 2012 and who disenrolled and then re-enrolled in title XIX by the end of February 20156.a. From the population in #6, provide the total number of children who were enrolled in title XXI during their break in coverage.
7. The total number of children who disenrolled from title XIX 12 months after their enrollment month is defined as the sum of:
 - the number of children with birthdates after July 1997, who were enrolled in January 2014 and were disenrolled by the end of December 2014
 - + the number of children with birthdates after August 1997, who were enrolled in February 2014 and were disenrolled by the end of January 2015
 - + the number of children with birthdates after September 1997, who were enrolled in March 2014 and were disenrolled by the end of February 20157.a. From the population in #7, provide the total number of children, who were enrolled in title XXI in the month after their disenrollment from title XIX.
8. The total number of children who were continuously enrolled in title XIX for 18 months is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and were continuously enrolled through the end of June 2015
 - + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and were continuously enrolled through the end of July 2015
 - + the number of children with birthdates after September 1997, who were newly enrolled in March 2014 and were continuously enrolled through the end of August 2015
9. The total number of children who had a break in title XIX coverage during 18 months of enrollment (regardless of the number of breaks in coverage), but were re-enrolled in title XIX by the end of the 18 months, is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and who disenrolled and re-enrolled in title XIX by the end of June 2015
 - + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and who disenrolled and re-enrolled in title XIX by the end of July 2015
 - + the number of children with birthdates after September 1997, who were newly enrolled in March 2014 and who disenrolled and re-enrolled in title XIX by the end of August 20159.a. From the population in #9, provide the total number of children who were enrolled in title XXI during their break in coverage.
10. The total number of children who were disenrolled from title XIX 18 months after their enrollment month is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and disenrolled by the end of June 2015
 - + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and disenrolled by the end of July 2015
 - + the number of children with birthdates after September 1997, who were newly enrolled in March 2014 and disenrolled by the end of August 201510.a. From the population in #10, provide the total number of children who were enrolled in title XXI (CHIP) in the month after their disenrollment from XIX.

Table 3b. duration Measure of Children Enrolled in Title XXI

Specify how your “newly enrolled” population is defined:

Not Previously Enrolled in CHIP or Medicaid—“Newly enrolled” is defined as not enrolled in either title XXI or title XIX in the month before enrollment (i.e., for a child enrolled in January 2015, he/she would not be enrolled in either title XXI or title XIX in December 2014, etc.)

Not Previously Enrolled in CHIP—“Newly enrolled” is defined as not enrolled in title XXI in the month before enrollment (i.e., for a child enrolled in January 2015, he/she would not be enrolled in title XXI in December 2014, etc.)

Duration Measure, Title XXI	All Children Ages 0-16		Age Less than 12 months		Ages 1-5		Ages 6-12		Ages 13-16	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent	Number	Percent
1. Total number of children newly enrolled in title XXI in the second quarter of FFY 2014	6896	100%	552	100%	2109	100%	2804	100%	1431	100%
Enrollment Status 6 months later

Enrollment Status 18 months later											
8.	Total number of children continuously enrolled in title XXI	2878	41.73	270	48.91	927	43.95	1132	40.37	549	38.36
9.	Total number of children with a break in title XXI coverage but re-enrolled in title XXI	377	5.47	37	6.7	118	5.6	155	5.53	67	4.68
	9.a. Total number of children enrolled in Medicaid (title XXI) during title XXI coverage break (If unable to provide the data, check here <input checked="" type="checkbox"/>)										
10.	Total number of children disenrolled	3641	52.8	245	44.38	1064	50.45	1517	54.1	815	56.95

from title XXI										
10.a Total number of children enrolled in Medicaid (title XXI) after being disenrolled from title XXI (If unable to provide the data, check here <input checked="" type="checkbox"/>)										

Definitions:

1. The “total number of children newly enrolled in title XXI in the second quarter of FFY 2014” is defined as those children either new to public coverage or new to title XXI, in the month before enrollment. Please define your population of “newly enrolled” in the Instructions section.
2. The total number of children that were continuously enrolled in title XXI for 6 months is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and who were continuously enrolled through the end of June 2014
 - + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and who were continuously enrolled through the end of July 2014
 - + the number of children with birthdates after September 1997, who were newly enrolled in March 2014 and who were continuously enrolled through the end of August 2014
3. The total number who had a break in title XXI coverage during 6 months of enrollment (regardless of the number of breaks in coverage) but were re-enrolled in title XXI by the end of the 6 months, is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and who disenrolled and re-enrolled in title XXI by the end of June 2014
 - + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and who disenrolled and re-enrolled in title XXI by the end of July 2014
 - + the number of children with birthdates after September 1997, who were newly enrolled in March 2014 and who disenrolled and re-enrolled in title XXI by the end of August 2014
 - 3.a. From the population in #3, provide the total number of children who were enrolled in title XIX during their break in coverage.
4. The total number who disenrolled from title XXI, 6 months after their enrollment month is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and were disenrolled by the end of June 2014
 - + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and were disenrolled by the end of July 2014
 - + the number of children with birthdates after September 1997, who were newly enrolled in March 2014 and were disenrolled by the end of August 2014
 - 4.a. From the population in #4, provide the total number of children who were enrolled in title XIX in the month after their disenrollment from title XXI.
5. The total number of children who were continuously enrolled in title XXI for 12 months is defined as the sum of:

the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and were continuously enrolled through the end of December 2014
 + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and were continuously enrolled through the end of January 2015
 + the number of children with birthdates after September 1997, who were newly enrolled in March 2014 and were continuously enrolled through the end of February 2015

6. The total number of children who had a break in title XXI coverage during 12 months of enrollment (regardless of the number of breaks in coverage), but were re-enrolled in title XXI by the end of the 12 months, is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and who disenrolled and then re-enrolled in title XXI by the end of December 2014
 - + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and who disenrolled and then re-enrolled in title XXI by the end of January 2015
 - + the number of children with birthdates after September 1997, who were newly enrolled in March 2014 and who disenrolled and then re-enrolled in title XXI by the end of February 2015

6.a. From the population in #6, provide the total number of children who were enrolled in title XIX during their break in coverage.
7. The total number of children who disenrolled from title XXI 12 months after their enrollment month is defined as the sum of:
 - the number of children with birthdates after July 1997, who were enrolled in January 2014 and were disenrolled by the end of December 2014
 - + the number of children with birthdates after August 1997, who were enrolled in February 2014 and were disenrolled by the end of January 2015
 - + the number of children with birthdates after September 1997, who were enrolled in March 2014 and were disenrolled by the end of February 2015

7.a. From the population in #7, provide the total number of children, who were enrolled in title XIX in the month after their disenrollment from title XXI.
8. The total number of children who were continuously enrolled in title XXI for 18 months is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and were continuously enrolled through the end of June 2015
 - + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and were continuously enrolled through the end of July 2015
 - + the number of children with birthdates after September 1997, who were newly enrolled in March 2014 and were continuously enrolled through the end of August 2015
9. The total number of children who had a break in title XXI coverage during 18 months of enrollment (regardless of the number of breaks in coverage), but were re-enrolled in title XXI by the end of the 18 months, is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and who disenrolled and re-enrolled in title XXI by the end of June 2015
 - + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and who disenrolled and re-enrolled in title XXI by the end of July 2015
 - + the number of children with birthdates after September 1997, who were newly enrolled in March 2014 and who disenrolled and re-enrolled in title XXI by the end of August 2015

9.a. From the population in #9, provide the total number of children who were enrolled in title XIX during their break in coverage.
10. The total number of children who were disenrolled from title XXI 18 months after their enrollment month is defined as the sum of:
 - the number of children with birthdates after July 1997, who were newly enrolled in January 2014 and disenrolled by the end of June 2015
 - + the number of children with birthdates after August 1997, who were newly enrolled in February 2014 and disenrolled by the end of July 2015
 - + the number of children with birthdates after September 1997, who were newly enrolled in March 2014 and disenrolled by the end of August 2015

10.a. From the population in #10, provide the total number of children who were enrolled in title XIX (Medicaid) in the month after their disenrollment from XXI.

D. COST SHARING

1. Describe how the state tracks cost sharing to ensure enrollees do not pay more than 5 percent aggregate maximum in the year?
 - a. Cost sharing is tracked by:
 - Enrollees (shoebox method)

If the state uses the shoebox method, please describe informational tools provided to enrollees to track cost sharing. **[7500]**
CHIP staff and partners are trained to educate families about the limit on out of pocket expenses. Families are encouraged to keep receipts for all copayments and premiums so that once the out of pocket maximum is reached they will have the necessary documentation to stop cost-sharing. If a family reaches this limit and notifies the ALL Kids program, ALL Kids will review the case and if the limit has been reached new insurance cards are issued stating that the child(ren) are not subject to further co-pays for the coverage period.
 - Health Plan(s)
 - State
 - Third Party Administrator
 - N/A (No cost sharing required)
 - Other, please explain. **[7500]**

2. When the family reaches the 5% cap, are premiums, copayments and other cost sharing ceased? **[7500]** Yes No

3. Please describe how providers are notified that no cost sharing should be charged to enrollees exceeding the 5% cap. **[7500]**

Enrollees who have met the out-of-pocket expense maximum are issued new insurance cards on which the words "NO FEE" are printed. Providers generally ask for insurance cards to be presented at the time of service. In addition, providers may access online benefit information for enrollees to obtain cost-sharing information.

4. Please provide an estimate of the number of children that exceeded the 5 percent cap in the state's CHIP program during the federal fiscal year. **[500]**

0

5. Has your state undertaken any assessment of the effects of premiums/enrollment fees on participation in CHIP?
 - Yes
 - No

If so, what have you found? **[7500]**

6. Has your state undertaken any assessment of the effects of cost sharing on utilization of health services in CHIP?
 - Yes
 - No

If so, what have you found? **[7500]**

7. If your state has increased or decreased cost sharing in the past federal fiscal year, has the state undertaken any assessment of the impact of these changes on application, enrollment, disenrollment, and utilization of children's health services in CHIP. If so, what have you found? **[7500]**

No increases or decreases were made to cost-sharing during the reporting period.

E. EMPLOYER SPONSORED INSURANCE PROGRAM (INCLUDING PREMIUM ASSISTANCE PROGRAM(S)) UNDER THE CHIP STATE PLAN OR A SECTION 1115 TITLE XXI DEMONSTRATION

1. Does your state offer an employer sponsored insurance program (including a premium assistance program) for children and/or adults using Title XXI funds?

- Yes, please answer questions below.
- No, skip to Program Integrity subsection.

Children

- Yes, Check all that apply and complete each question for each authority.

- Purchase of Family Coverage under the CHIP state plan (2105(c)(3))
- Additional Premium Assistance Option under CHIP state plan (2105(c)(10))
- Section 1115 demonstration (Title XXI)
- Premium Assistance Option (applicable to Medicaid expansion) children (1906)
- Premium Assistance Option (applicable to Medicaid expansion) children (1906A)

Adults

- Yes, Check all that apply and complete each question for each authority.

 - Purchase of Family Coverage under the CHIP state plan (2105(c)(10))
 - Section 1115 demonstration (Title XXI)
 - Premium Assistance option under the Medicaid state plan (1906)
 - Premium Assistance option under the Medicaid state plan (1906A)
2. Please indicate which adults your State covers with premium assistance. (Check all that apply.)
- Parents and Caretaker Relatives
 - Pregnant Women
3. Briefly describe how your program operates (e.g., is your program an employer sponsored insurance program or a premium assistance program, how do you coordinate assistance between the state and/or employer, who receives the subsidy if a subsidy is provided, etc.) **[7500]**
4. What benefit package does the ESI program use? **[7500]**
5. Are there any minimum coverage requirements for the benefit package?
- Yes
 - No
6. Does the program provide wrap-around coverage for benefits?
- Yes
 - No
7. Are there any limits on cost sharing for children in your ESI program?
- Yes
 - No
8. Are there any limits on cost sharing for adults in your ESI program?

- Yes
- No

9. Are there protections on cost sharing for children (e.g., the 5 percent out-of-pocket maximum) in your premium assistance program?

- Yes No

If yes, how is the cost sharing tracked to ensure it remains within the 5 percent yearly aggregate maximum [7500]?

10. Identify the total number of children and adults enrolled in the ESI program for whom Title XXI funds are used during the reporting period (provide the number of adults enrolled in this program even if they were covered incidentally, i.e., not explicitly covered through a demonstration).

_____ Number of childless adults ever-enrolled during the reporting period
 _____ Number of adults ever-enrolled during the reporting period
 _____ Number of children ever-enrolled during the reporting period

11. Provide the average monthly enrollment of children and parents ever enrolled in the premium assistance program during FFY 2015

Children _____
 Parents _____

12. During the reporting period, what has been the greatest challenge your ESI program has experienced? **[7500]**

13. During the reporting period, what accomplishments have been achieved in your ESI program? **[7500]**

14. What changes have you made or are planning to make in your ESI program during the next fiscal year? Please comment on why the changes are planned. **[7500]**

15. What do you estimate is the impact of your ESI program (including premium assistance) on enrollment and retention of children? How was this measured? **[7500]**

16. Provide the average amount each entity pays towards coverage of the dependent child/parent under your ESI program:

Children	Parent
State:	State:
Employer:	Employer:

Employee:

Employee:

17. Indicate the range in the average monthly dollar amount of premium assistance provided by the state on behalf of a child or parent.

Children	Low	High
Parents	Low	High

18. If you offer a premium assistance program, what, if any, is the minimum employer contribution? **[500]**

19. Please provide the income levels of the children or families provided premium assistance.

	From	To
Income level of Children:	% of FPL[5]	% of FPL[5]
Income level of Parents:	% of FPL[5]	% of FPL[5]

20. Is there a required period of uninsurance before enrolling in premium assistance? **[500]**

- Yes
 No

If yes, what is the period of uninsurance? **[500]**

21. Do you have a waiting list for your program?

- Yes
 No

22. Can you cap enrollment for your program?

- Yes
 No

23. What strategies has the state found to be effective in reducing administrative barriers to the provision of premium assistance in ESI? **[7500]**

Enter any Narrative text below. **[7500]**

F. PROGRAM INTEGRITY (COMPLETE ONLY WITH REGARD TO SEPARATE CHIP PROGRAMS (I.E. THOSE THAT ARE NOT MEDICAID EXPANSIONS))

1. Does your state have a written plan that has safeguards and establishes methods and procedures for:

- (1) prevention: Yes No
(2) investigation: Yes No
(3) referral of cases of fraud and abuse? Yes No

Please explain: **[7500]**

Written complaints of fraud and abuse in the applicant enrollment process are addressed by the Division of Program Operations within CHIP. With regard to fraud and abuse within the provider sector, CHIP contracts with BCBSAL, its sole health plan administrator, to prevent fraud and abuse, and investigate cases of suspected fraud and abuse.

Written complaints of fraud and abuse in the applicant enrollment process are addressed on a case by case basis, as these occur very infrequently and usually each case has its own unique circumstances. When a case is referred to ALL Kids, the complaint is received and the initial,

internal research on the applicant or enrollee is conducted by the ALL Kids Program Integrity Unit. This research is conducted within a ten business day time period. Some suspected fraud and abuse cases are subject to a committee type review by the Director of Program Integrity, Director of Program Operations and Professional Services Division, Director of Program Services, and/or the Director of the Eligibility Unit. The ADPH Office of General Counsel is involved as needed.

There are several general steps which are relevant to each case investigated:

1. Conduct research in the CHIP Eligibility System to determine eligibility standards to enroll the applicant/enrollee.
2. Review the most current application on file.
3. Review the MSIQ Medicaid database for any applicable information.
4. Complete a summary of events to include complete names and dates.
5. Maintain a file of written complaints received by fiscal year.

Do managed health care plans with which your program contracts have written plans?

Yes

No

Please Explain: **[500]**

ALL Kids does not contract with any managed health care plans. BCBSAL has written plans, however, BCBSAL is not a managed health care plan.

2. For the reporting period, please report the

 1 Number of fair hearing appeals of eligibility denials
 0 Number of cases found in favor of beneficiary

3. For the reporting period, please indicate the number of cases investigated, and cases referred, regarding fraud and abuse in the following areas:

a. Provider Credentialing

 0 Number of cases investigated
 0 Number of cases referred to appropriate law enforcement officials

b. Provider Billing

 30 Number of cases investigated
 11 Number of cases referred to appropriate law enforcement officials

c. Beneficiary Eligibility

 0 Number of cases investigated
 0 Number of cases referred to appropriate law enforcement officials

Are these cases for:

CHIP

Medicaid and CHIP Combined

4. Does your state rely on contractors to perform the above functions?

Yes, please answer question below.

No

5. If your state relies on contractors to perform the above functions, how does your state provide oversight of those contractors? Please explain : **[7500]**

Written complaints of fraud and abuse in the applicant enrollment process are addressed by the Division of Program Operations within CHIP. However, for the provider sector, ALL Kids contracts with BCBSAL, its sole health plan administrator, to prevent fraud and abuse, and investigate cases of suspected fraud and abuse. Monthly meetings are held with the contractor where issues are discussed.

6. Do you contract with managed care health plans and/or a third party contractor to provide this oversight?

Yes

No

Please explain: **[500]**

Blue Cross and Blue Shield of Alabama has an active anti-fraud and abuse program to ensure the integrity of benefit administration. The mission of the Network Integrity Unit is to develop and continuously improve upon a comprehensive anti-fraud function, which will focus on the prevention, detection, investigation and resolution of fraud and abuse.

G. DENTAL BENEFITS – Please ONLY report data in this section for children in Separate CHIP programs and the Separate CHIP part of Combination programs. Reporting is required for all states with Separate CHIP programs and Combination programs.

If your state has a Combination program or a Separate CHIP program but you are not reporting data in this section on children in the Separate CHIP part of your program, please explain why.

Explain: **[7500]**

1. **Information on Dental Care Children in Separate CHIP Programs (including children in the Separate CHIP part of Combination programs). Include all delivery system types, e.g., MCO, PCCM, FFS.**

Data for this table are based on the definitions provided on the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416)

a. **Annual Dental Participation Table for Children Enrolled in Separate CHIP programs and the Separate CHIP part of Combination programs (for Separate CHIP programs, please include ONLY children receiving full CHIP benefits and supplemental benefits).**

State: AL FFY: 2015	Age Group						
	Total	< 1	1-2*	3-5	6-9	10-14	15-18
Total individuals enrolled for at least 90 continuous days ¹	65806	1254	5622	10087	14712	18833	15298
Total Enrollees Receiving Any Dental Services ² [7]	39054	5	1255	5863	10251	12611	9069
Total Enrollees Receiving Preventive Dental Services ³	37273	2	1021	5611	9939	12201	8499
Total Enrollees Receiving Dental Treatment Services ⁴	15261	0	90	1637	4422	4847	4265

¹ **Total Individuals Enrolled for at Least 90 Continuous Days** – Enter the total unduplicated number of children who have been continuously enrolled in a separate CHIP program or the separate CHIP part of a combination program for at least 90 continuous days in the Federal fiscal year, distributed by age. For example, if a child was enrolled January 1st to March 31st, this child is considered continuously enrolled for at least 90 continuous days in the Federal fiscal year. If a child was enrolled from August 1st to September 30th and from October 1st to November 30th, the child would not be considered to have been enrolled for 90 continuous days in the federal fiscal year. Children should be counted in age groupings based on their age at the end of the fiscal year. For example, if a child turned 3 on September 15th, the child should be counted in the 3-6 age grouping.

² **Total Eligibles Receiving Any Dental Services** - Enter the unduplicated number of children enrolled in a separate CHIP program or the separate CHIP part of a combination program for at least 90 continuous days who received at least one dental service by or under the supervision of a dentist as defined by HCPCS codes D0100 - D9999 (or equivalent CDT codes D0100 - D9999 or equivalent CPT codes) based on an unduplicated paid, unpaid, or denied claim.

³ **Total Eligibles Receiving Preventive Dental Services** - Enter the unduplicated number of children enrolled in a separate CHIP program or the separate CHIP part of a combination program for at least 90 continuous days who received at least one preventive dental service by or under the supervision of a dentist as defined by HCPCS codes D1000 - D1999 (or equivalent CDT codes D1000 - D1999 or equivalent CPT codes, that is, only those CPT codes that are for preventive dental services and only if provided by or under the supervision of a dentist), based on an unduplicated paid, unpaid, or denied claim.

⁴ **Total Eligibles Receiving Dental Treatment Services** - Enter the unduplicated number of children enrolled in a separate CHIP program or the separate CHIP part of a combination

program for at least 90 continuous days who received at least one treatment service by or under the supervision of a dentist, as defined by HCPCS codes D2000 - D9999 (or equivalent CDT codes D2000 - D9999 or equivalent CPT codes, that is, only those CPT codes that involve periodontics, maxillofacial prosthetics, implants, oral and maxillofacial surgery, orthodontics, adjunctive general services, and only if provided by or under the supervision of a dentist), based on an unduplicated paid, unpaid, or denied claim.

Report all dental services data in the age category reflecting the child's age at the end of the federal fiscal year even if the child received services while in two age categories. For example, if a child turned 10 on September 1st, but had a cleaning in April and a cavity filled in September, both the cleaning and the filling would be counted in the 10-14 age category.

b. For the age grouping that includes children 8 years of age, what is the number of such children who have received a sealant on at least one permanent molar tooth⁵? [7]

5971

⁵**Receiving a Sealant on a Permanent Molar Tooth** -- Enter the unduplicated number of children enrolled in a separate CHIP program or the separate CHIP part of a combination program for 90 continuous days and in the age category of 6-9 who received a sealant on a permanent molar tooth, as defined by HCPCS code D1351 (or equivalent CDT code D1351), based on an unduplicated paid, unpaid, or denied claim. For this line, include sealants placed by any dental professional for whom placing a sealant is within his or her scope of practice. Permanent molars are teeth numbered 2, 3, 14, 15, 18, 19, 30, 31, and additionally, for those states that cover sealants on third molars, also known as wisdom teeth, the teeth numbered 1, 16, 17, 32.

Report all sealant data in the age category reflecting the child's age at the end of the Federal fiscal year even if the child was factually a different age on the date of service. For example, if a child turned 6 on September 1st, but had a sealant applied in July, the sealant would be counted in the age 6-9 category.

2. Does the state provide supplemental dental coverage? Yes No

If yes, how many children are enrolled? [7]

What percent of the total number of enrolled children have supplemental dental coverage? [5]

H. CHIPRA CAHPS REQUIREMENT

CHIPRA section 402(a)(2), which amends reporting requirements in section 2108 of the Social Security Act, requires Title XXI Programs (i.e., CHIP Medicaid expansion programs, separate child health programs, or a combination of the two) to report CAHPS results to CMS starting December 2013. While Title XXI Programs may select any CAHPS survey to fulfill this requirement, CMS encourages these programs to align with the CAHPS measure in the Children's Core Set of Health Care Quality Measures for Medicaid and CHIP (Child Core Set). Starting in 2013, Title XXI Programs should submit summary level information from the CAHPS survey to CMS via the CARTS attachment facility. We also encourage states to submit raw data to the Agency for Healthcare Research and Quality's CAHPS Database. More information is available in the Technical Assistance fact sheet, Collecting and Reporting the CAHPS Survey as Required Under the CHIPRA: <http://www.medicaid.gov/Medicaid-CHIP-Program-Information/By-Topics/Quality-of-Care/Downloads/CAHPSFactSheet.pdf>.

If a state would like to provide CAHPS data on both Medicaid and CHIP enrollees, the agency must sample Title XIX (Medicaid) and Title XXI (CHIP) programs separately and submit separate results to CMS to fulfill the CHIPRA Requirement.

Did you Collect this Survey in Order to Meet the CHIPRA CAHPS Requirement? Yes No

If Yes, How Did you Report this Survey (select all that apply):

- Submitted raw data to AHRQ (CAHPS Database)
- Submitted a summary report to CMS using the CARTS attachment facility (NOTE: do not submit raw CAHPS data to CMS)
- Other. Explain:

If No, Explain Why:

Select all that apply (Must select at least one):

- Service not covered
- Population not covered
 - Entire population not covered
 - Partial population not covered
 - Explain the partial population not covered:
- Data not available
 - Explain why data not available
 - Budget constraints
 - Staff constraints
 - Data inconsistencies/accuracy
 - Please explain:
 - Data source not easily accessible
 - Select all that apply:*
 - Requires medical record review
 - Requires data linkage which does not currently exist
 - Other:
 - Information not collected.
 - Select all that apply:*
 - Not collected by provider (hospital/health plan)
 - Other:
 - Other:
- Small sample size (less than 30).
 - Enter specific sample size:*
- Other. *Explain:*

Definition of Population Included in the Survey Sample:

Definition of Population Included in the Survey Sample:

- Denominator includes CHIP (Title XXI) population only.
 - Survey sample includes CHIP Medicaid Expansion population.
 - Survey sample includes Separate CHIP population.
 - Survey sample includes Combination CHIP population.

If the denominator is a subset of the definition selected above, please further define the denominator, and indicate the number of children excluded:

Which Version of the CAHPS® Survey was Used?

- CAHPS® 5.0
- CAHPS® 5.0H
- Other.

Explain:

Which Supplemental Item Sets were Included in the Survey?

- No supplemental item sets were included
- CAHPS Item Set for Children with Chronic Conditions
- Other CAHPS Item Set. Explain: Dental Care, Access to Specialist Care, and Coordination of Care. In addition, AL included the CAHPS Item Set for Children with Chronic Conditions.

Which Administrative Protocol was Used to Administer the Survey?

- NCQA HEDIS CAHPS 5.0H administrative protocol
- AHRQ CAHPS administrative protocol
- Other administrative protocol. Explain:

SECTION IV: PROGRAM FINANCING FOR STATE PLAN

1. Please complete the following table to provide budget information. Describe in narrative any details of your planned use of funds below, including the assumptions on which this budget was based (per member/per month rate, estimated enrollment and source of non-Federal funds). (Note: This reporting period =Federal Fiscal Year 2015. If you have a combination program you need only submit one budget; programs do not need to be reported separately.)

COST OF APPROVED CHIP PLAN

	2015	2016	2017
Benefit Costs			
Insurance payments			
Managed Care			
Fee for Service	142499182	169837444	191042683
Total Benefit Costs	142499182	169837444	191042683
(Offsetting beneficiary cost sharing payments)	-1820395	-1714944	-1800000
Net Benefit Costs	\$ 140678787	\$ 168122500	\$ 189242683

Administration Costs

Personnel	4408065	4537635	4537635
General Administration	2054150	2423170	2423170
Contractors/Brokers (e.g., enrollment contractors)			
Claims Processing			
Outreach/Marketing costs	133538	312500	312500
Other (e.g., indirect costs) indirect costs	568903	726695	726695
Health Services Initiatives			
Total Administration Costs	7164656	8000000	8000000
10% Administrative Cap (net benefit costs ÷ 9)	15630976	18680278	21026965

Federal Title XXI Share	115746632	176122500	197242683
State Share	32096811	0	0

TOTAL COSTS OF APPROVED CHIP PLAN	147843443	176122500	197242683
--	-----------	-----------	-----------

2. What were the sources of non-federal funding used for state match during the reporting period?

- State appropriations
- County/local funds
- Employer contributions
- Foundation grants
- Private donations
- Tobacco settlement
- Other (specify) [500]

3. Did you experience a short fall in CHIP funds this year? If so, what is your analysis for why there were not enough federal CHIP funds for your program? **[1500]**

No

4. In the table below, enter 1) number of eligibles used to determine per member per month costs for the current year and estimates for the next two years; and, 2) per member per month (PMPM) cost rounded to a whole number. If you have CHIP enrollees in a fee for service program, per member per month cost will be the average cost per month to provide services to these enrollees.

	2015		2016		2017	
	# of eligibles	\$ PMPM	# of eligibles	\$ PMPM	# of eligibles	\$ PMPM
Managed Care		\$		\$		\$
Fee for Service	59007	\$ 201	66669	\$ 212	71532	\$ 223

Enter any Narrative text below. **[7500]**

SECTION V: PROGRAM CHALLENGES AND ACCOMPLISHMENTS

1. For the reporting period, please provide an overview of your state's political and fiscal environment as it relates to health care for low income, uninsured children and families, and how this environment impacted CHIP. **[7500]**

During FY 2015, the State Health Officer continued to lead transformation activities for the Alabama Medicaid Agency as well as direct the Alabama Department of Public Health (ADPH) in which ALL Kids is located. To meet requirements of the Affordable Care Act (ACA), ADPH implemented and continued to enhance the functionality of the joint CHIP/Medicaid eligibility and enrollment system. This system interacts with the Federally Facilitated Marketplace and the Federal Data Hub. To ensure "no wrong door" application processing, eligibility determinations for both ALL Kids and Medicaid continued to be performed by staff in both agencies.

Although state budgets were lean, CHIP received sufficient state funding for FY 2015.

Alabama CHIP has implemented all of the mandated Affordable Care Act changes. However, the state chose not to implement the optional adult Medicaid expansion.

Medicaid continued to prepare to transition to a new delivery/payment system of care.

2. During the reporting period, what has been the greatest challenge your program has experienced? **[7500]**
 - Handling all factors associated with the Open Enrollment period for Federally Facilitated Marketplace insurance policies.
 - Meeting compliance standards for Provider Enrollment (risk-based screening) as mandated by the ACA.
 - Continuing to build the joint CHIP-Medicaid eligibility and enrollment system.
3. During the reporting period, what accomplishments have been achieved in your program? **[7500]**
 - As of April, 2015, CHIP began implementation of telepsychiatry services in several community mental health centers across the state.
 - CHIP partnered with the AAP under the auspices of the Alabama Child Health Improvement Alliance to focus on reducing obesity in children.
 - CHIP trained eligibility staff in new ACA processes.
4. What changes have you made or are planning to make in your CHIP program during the next fiscal year? Please comment on why the changes are planned. **[7500]**

The program will continue to enhance and refine the joint CHIP/Medicaid Eligibility and Enrollment System and move forward with the inclusion of non-MAGI based Medicaid programs and other human services programs to improve functionality of the system and to improve services to the citizens of our state.

Enter any Narrative text below. **[7500]**
