The Spices of C4 Backpack of Terrorists Mind... 157 / 158

- C1: Fascism-Racism against Value Oriented Traditions, Culture and Wisdom, Media ecology of Mass American Idol and mindless followers

– Terrorism flourishes when citizens distracted from thinking about key issues that impact on their lives

The Spices of C4 Backpack of Terrorists Mind... 157 / 158

– Distraction from reality by amusement and minimization of the threat of terrorist support and hate groups, or implicit sympathy toward such alliances

- Citizenry rendered numb and non-participative toward civic participation and support of public safety

The Spices of C4 Backpack of Terrorists Mind... 157 / 158

- C2: Addictive Human Amusement

– Slavery to addictive amusements apathy and violence – “It is what it is!” Soprano wisdom for life and living ?

– Who are we accepting as models, and why must you and I?

The Spices of C4 Backpack of Terrorists Mind... 157 / 158

– Do you believe in what you say, or are you saying what you agree with out of fear of being labeled politically incorrect

The Spices of C4 Backpack of Terrorists Mind... 157 / 158

– If you fear you will lose your position because of your perspective then we are in serious danger of losing our civil liberties

The Spices of C4 Backpack of Terrorists Mind... 157 / 158

- Dissent and having two sides to each position in a civic society is key to civil liberties to not respect that as inalienable is to thwart the constitution and civic responsibility to be responsive to issues and problems that emerge in a democratic society

The Spices of C4 Backpack of Terrorists Mind

- Forcing change by the threat of violent means is an illusion, not a fact

The Spices of C4 Backpack of Terrorists Mind

- Terrorists will use the cultural weaknesses of a society as vulnerable areas to attack and then blame the victims of their very attack as in Israel when bombs detonate buses and houses of worship

The Spices of C4 Backpack of Terrorists Mind

- Political correctness is a fallacy of reason and passion, it takes away the balance of a judicious argument and the dialectic process of a balanced mind

The Spices of C4 Backpack of Terrorists Mind

- In furthering public safety's greatest promise freedom of religion, family values and traditions and moral compass is the core of motivation to serve and protect

The Spices of C4 Backpack of Terrorists Mind... 157 / 158

- **C3: Intellectual Fascism – Political Correctness**
 - Legislation of morality is not the mission of public safety
 - Ensuring civil rights and civility in society of minorities and majorities are

The Spices of C4 Backpack of Terrorists Mind... 157 / 158

- If 97% of any association labels their membership as liberal, conservative, or radical then they are not leaning toward fascism it is already a fait accompli

The Spices of C4 Backpack of Terrorists Mind... 157 / 158

- Remember terrorism is a means to an end, a tactical weapon used as part of a strategy to get all members of society to conform to totalitarianism

The Spices of C4 Backpack of Terrorists Mind... 157 / 158

- Protecting your core beliefs and mission means clarifying orders when they do not fulfill basic humane values

The Spices of C4 Backpack of Terrorists Mind

- **Officers and soldiers do not have to justify parity on line with terrorists and their goals**
 - The sole reason an officer-soldier at times tragically must take life is to preserve innocent lives

The Spices of C4 Backpack of Terrorists Mind

– While there are exceptions they are so rare as to not deserve the dignity of being placed together with the always malice and deadly human evil of terrorists

The Spices of C4 Backpack of Terrorists Mind

- To not distinguish this truth is to have lost the ability to distinguish between right and wrong

The Spices of C4 Backpack of Terrorists Mind

- The boundary of the front line of national security is set in the city and locality not on national boundaries as ones own homefront is sacred and not abstract

The Spices of C4 Backpack of Terrorists Mind

- It is ones own family and circle one protects with fierce loyalty and commitment
- That is wisdom to embrace

The Unit is the Nuclear Core – 4C

- The unit one works in is the nuclear hub, like the nuclear family
 - The overall culture of policing / military is not what one lays down his life for

The Unit is the Nuclear Core – 4C

- Stop, pause, and re-direct your attention to that most critical act of laying down ones own life as the greatest courage and nobility as life is sacred and irreplaceable as the person who chooses to act as a police / soldier

**The Unit is the
Nuclear Core – 4C**

- Anyone here who has carried a fire-arm knows one lays his / her life to protect a police partner, or innocent civilians -- not an abstract principle

**The Unit is the
Nuclear Core – 4C**

- There are no shades of grey but clear and with ones voice of conscience one chooses in a heart beat what one is empowered to accept for a lifetime or forced via depression, addiction, aggression, and rarely even suicide as attempt to end often times guilt and avoidance of what is not an officers guilt to own

**Police and Public Security /
Soldiers as Fire:
Defense and Security**

**Organized Criminal
Terrorists as Ice:
Murder in Cold Blood**

Fire and Ice

- Fire and ice are two different states of matter
 - Defending ones country and humane values is not murder even if tragically a terrorist (foreign or domestic) is killed it is justified and compassionate to take a terrorists life in order to save countless innocent lives

Fire and Ice

- The trauma syndromes that follow is due to those who also cannot discriminate murder in cold blood, and terrorists domestic or foreign and say clearly terrorism is human evil

Fire and Ice

- To be merciful to terror networks and terrorists is not only sedition but blaming and adding to the survivors guilt while blaming the victim

Fire and Ice

- Being a police officer, public security officer and special agent is a duty to a higher standard of being true to thyself by listening and not ignoring your own conscience

Death Drives and Suicide Homicide in Terrorist Activities

- Death-Driven destructive drives as play, modeling, mimesis, and then scaffolding to reality begins with public acts of terror as evident in the rise of workplace violence, suicide homicide attacks and even endemic rises in suicide

Death Drives and Suicide Homicide in Terrorist Activities

- Consider almost every tragic act of suicide holds a wish of homicide somewhere in the unconscious mind of the person who takes his / her own life

Death Drives and Suicide Homicide in Terrorist Activities

- Blueprints that push elasticity of boundaries by getting lost in worship of any leader rather than leadership of ones own moral compass is a dangerous mythology to live by

Death Drives and Suicide Homicide in Terrorist Activities

- That mythology is no less than a fanatic religious zeal than in an anti-religion as national socialist democracy where worship of a god with a small 'g' is legislated swiftly and uncritically

Death Drives and Suicide Homicide in Terrorist Activities

- That blueprint is indelibly written on the red ink of death drives
 - Immortality to the very mortal whose force of destruction authors and delivers a promise with striking effect on the victims who are dehumanized and euthanized

Reason You and I Are Decent Officers

- **Conserve the values of culture as timeless as the tomes of Solomon, Marcus Aurelis, Aristotle, Chang Tzu and Gandhi as not an Eastern too Western split of mind**

Reason You and I Are Decent Officers

- **The reason their work still exists is it embraces a spark of fire within each officer and family member of what is of value, and universal in all of humane beings**
- **The sacredness of human life and the conservation of values in our history as humane beings**

Reason You and I Are Decent Officers

- **It is the fact that police and military and public safety officers have been the bane and also the best of society!**
 - **Being aware that the integrity and tragic optimism you keep in your body armor is the resilience and power of self care within that can protect your body and soul from forces without**

Reason You and I Are Decent Officers

- **Choice and responsibility is not blindly following orders which is the motto of the terrorists not a decent soldier, police officer or public safety officer**

Reason You and I Are Decent Officers

- **Following orders means you have the integrity and discipline to question that which seeks to undermine the civic responsibility and virtues you and I live by, and would die for**
