

BEER, BONGS AND BULLYING

Satellite Conference and Live Webcast

Monday, August 8, 2016 • 1:00-3:00 p.m. (Central Time)
2:00-4:00 p.m. (Eastern) • 12:00-2:00 p.m. (Mountain) • 11:00 a.m.-1:00 p.m. (Pacific)

Bullying has been tied to several incidences of school violence and mass murder. It can also have several outcomes and long-term effects lasting into adulthood. Among these are depression, anxiety, and substance abuse. This program will give an overview of the adolescent brain, signs and symptoms of bullying behavior (including cyber-bullying), and signs and symptoms of victims. Program faculty will also discuss how drugs play a role in this devastating adolescent behavior.

FACULTY:

Angela Camp, MA

National Coordinator of Adolescent Marketing
Bradford Health Services

PROGRAM OBJECTIVES:

1. Learner will better understand bullying behavior.
2. Learner will gain a better understanding of the different types of bullying, different types of bullies, and different types of victims.
3. Learner will gain a better understanding of the connection between bullying and substance abuse.
