

# Fall 2013 Alabama Department of Public Health Nurse Practitioner Update

Satellite Conference and Live Webcast

Friday, November 15, 2013, 9:00-11:00 a.m. (Central Time)

10:00 a.m.-12:00 p.m. (Eastern) • 8:00-10:00 a.m. (Mountain) • 7:00-9:00 a.m. (Pacific)

The purpose of this activity is to enable the learner to increase awareness and advance knowledge of the essentials of history taking and well woman examination, proper SOAP documentation, differentiation of PCOS and metabolic syndrome, the requirements for the Department's ARIA submission and understanding the rights of minors related to PHI (Protected Health Information).

## Program Objectives

1. Explain the techniques for obtaining a medical and family history according to ADPH clinic protocol.
2. Describe essential components of a well woman exam according to ACOG guidelines.
3. Discuss the essential information necessary for documentation in SOAP format.
4. Discuss implementation of a problem list in the patient's ADPH Clinical Health Record.
5. Identify the risk factors and implications associated with diagnosis of PCOS and metabolic syndrome.
6. Explain the clinical significance of PCOS and metabolic syndrome.
7. Describe the management of PCOS and metabolic syndrome as it relates to ADPH clinic protocol guidelines.
8. Describe the process of submitting the Department's ARIA Report.
9. Explain the rights of minors related to Protected Health Information.
