ATTENTION HEALTH CARE PROVIDERS

Salmonella and Shigella Surveillance

Effective 9/26/2022, the Bureau of Clinical Laboratories will no longer provide *Salmonella* and *Shigella* serotyping results.

Continue to submit your specimens however, as testing performed via whole genome sequencing will contribute to the department's surveillance data and aid in the prevention and control of disease. No final results will be returned to the submitter. Thank you for your continued support.
