World AIDS Day 30 Sec PSA

December 1st is recognized as World AIDS Day. On this day, we remember lives lost to complications of HIV and support people currently living with HIV. This year's theme for World AIDS Day 2020 is "Ending the Epidemic: Resilience and Impact."

Get the facts on HIV prevention, testing, and treatment by downloading Alabama Public Health's app: Know. Manage. Live from your Apple or Google Play store.
