

# COVID-19 VACCINE

ALABAMA  
PUBLIC  
HEALTH

These providers have received vaccine and are vaccinating according to the Alabama COVID-19 Vaccination Allocation Plan. Please do not call your local hospital directly to set up appointments to receive your COVID-19 vaccine at this time. Hospital switchboards are being overwhelmed with phone calls, which is creating an obstacle to patient care. More information will be provided when hospitals and other locations have vaccine available for additional groups.

COUNTY	PROVIDER NAME
