

The Power of **YOUR** Input

Your Vision. **Our** Future.

The Next Chapter Starts with You.

Alabama Institute for Deaf and Blind is building a new strategic plan to guide us into the future, but we can't do it without you! To ensure our programs, services, and support actually meet the needs of our community, we need more than your presence. We need your perspective.

This is your seat at the table. Whether you are a student, a parent, a consumer, an alumnus, or a community partner, your experience is the blueprint for our success.

Speak Up: Tell us what's working and what needs to change.

Be Heard: Ensure the specific needs of the Deaf, Blind, and DeafBlind communities are prioritized.

Shape Change: Your input will directly influence AIDB's goals for the next three years.

Join us at an upcoming Town Hall and make your voice the one that matters.
