

The Limitless Beginnings is a grant funded program to support families of Deaf and Hard-of-Hearing children between the ages of birth and three years old, identified through the newborn hearing screening. The program is FREE! Families have found that connecting with a parent who has experience loving and raising a child who is Deaf or Hard of Hearing can be an important part of their journey. We know this can be a very sensitive time. You are not alone. We want to help!

Our parent mentors meet with families on a regular basis and will share their stories, with positive and unbiased everyday life experiences. They can meet in your home, remotely, or other

means. Training can be provided and communication offered in various ways: Listening and Spoken language, SEE, Cued Speech, or American Sign Language (ASL).

If interested in connecting with one of our parent mentors around the state, please contact Ukawia Johnson, Lead Parent Mentor, at johnson.ukawia@aidb.org or call (251) 232-2847 or Robbie Stewart, AIDB Tuscaloosa Regional Center Director, at stewart.robby@aidb.org or call (205) 345-2883.
