

STATE OF ALABAMA DEPARTMENT OF
PUBLIC HEALTH

ALCOHOL AWARENESS (30 SECONDS)

Alcohol is the number one drug of choice for America's youth, and is more likely to kill young people than all illegal drugs combined.

This is State Health Officer, Doctor Scott Harris. When young people try alcohol, they often don't realize the damaging effects drinking can have on their own lives, their families, and their communities.

If you have children, talking with them about the dangers of alcohol abuse is more important now than ever.
