

COVID Vaccination 30 Sec PSA #1

There have been a lot of rumors and misinformation surrounding vaccination against COVID-19, but vaccination remains one of many important tools to help us stop this pandemic. Vaccine doses are available at no cost to individuals and are offered at a number of accessible locations like doctors' offices, hospitals, local pharmacies, county health departments, and other approved sites and locations.

To schedule your vaccine, or to find a vaccination location near you, visit a-l-covid-vaccine-dot-gov.
