

STATE OF ALABAMA DEPARTMENT OF  
**PUBLIC HEALTH**

**DOCTORS' DAY IN ALABAMA (30 SECONDS)**

This is State Health Officer, Doctor Scott Harris. From sneezes and coughs, to aches and pains, to major health events... doctors are there during life's most challenging moments.

Doctors' Day in Alabama is celebrated each year on March 30, and I ask you to join the Alabama Department of Public Health and the Medical Association of the State of Alabama as we thank our doctors year round for the good work they do every day to make us healthier and happier in Alabama.
