

Harris Vaccination 30 Sec PSA

This is State Health Officer Doctor Scott Harris. Vaccination is still one of the important tools to help us stop the COVID-19 pandemic. Vaccine doses are available at no cost to individuals and are offered at a number of accessible locations like doctors' offices, hospitals, local pharmacies, county health departments, and other approved sites and locations. To schedule your vaccine, or to find a vaccination location near you, visit a-l-covid-vaccine-dot-gov. That's [a-l-covid-vaccine-dot-g-o-v](https://a-l-covid-vaccine-dot-gov).
