

Do you have health insurance?

If you do, the Affordable Care Act (ACA) will improve your coverage. If you don't, the ACA will help you get covered.

Arise Citizens' Policy Project is creating opportunities for you to learn how implementation of the ACA will benefit you *and* our state.

The ACA means:

- Affordable health coverage
- Coverage for “pre-existing conditions”
- Family coverage for young adults to age 26
- Preventive care with no co-pay
- No more canceling policies when you get sick

These changes are happening sooner than most people realize.

Arise wants you to know about these and other exciting health-care changes affecting you and your community. We can facilitate an interactive workshop for your congregation, club, civic group, neighborhood association or other gathering. Call (800) 832-9060 or e-mail dollie@alarise.org.
