Change of Ownership License Application
To Operate an End Stage Renal Disease Treatment Facility

Regulations affecting the application for licensure of End Stage Renal Disease Treatment Facilities can be found by clicking the Rules tab or link on the applications page.

The application should be submitted to this office at least 30 days prior to the change of ownership. In addition to the information requested within the application, the following must also be submitted:

1. A completed license application and $240 application fee. Application fees are not refundable.

2. Organizational documents such as Articles of Incorporation, Articles of Organization, Partnership Agreement, LLC Agreement, or Statement of Sole Proprietorship under which the facility will operate. Corporations, Limited Partnerships and Limited Liability Companies must provide approved documentation from the Office of the Secretary of State to conduct business in the State of Alabama.

3. A copy of the Certificate of Existence (for domestic entities) or the certificate of registration (for foreign entities issued by the Alabama Secretary of State), as proof of its authority to transact business in the state of Alabama.

4. Approval of the change of ownership by the State Health Planning and Development Agency.

5. A draft copy of the document consummating the transfer of ownership, such as a lease, sales, or management agreement. An unsigned copy or draft is acceptable when submitting the application.

6. A signed copy of the document consummating the transfer of ownership, such as a lease, sales, or management agreement must be submitted prior to the issuance of a license certificate.

7. A copy of the certificate of Completion. The proposed physical site (existing or new construction) must comply with certain requirements and be approved by the Technical Services Unit of this agency. Additional information can be obtained in the facilities rules section of this website or from the Technical Services Unit at (334) 206-5177.

An on-site survey by the survey or regulatory staff may be required before the license can be granted.
*NOTE* Contact the department for ways to enhance the application to shorten the review time. The earliest date a license can be granted is the first day all documents and surveys have been approved by the department.

For state licensure purposes, a change of ownership is not effective until a new license certificate has been issued.

Please note: It is a violation of state law to operate an end stage renal disease treatment facility before you are granted a license from this agency. If you have questions regarding your application, please call (334) 206-5175.

### ADDITIONAL INFORMATION
**END STAGE RENAL DISEASE TREATMENT FACILITY**

**Item 1, Applicant.** The applicant is the individual, partnership, corporation or other entity who will be the governing authority of the facility and to whom the license will be granted (not the facility name or the individual completing the application, unless the applicant is an individual). The name entered in this section must be exactly as printed on the legal document establishing the entity. A copy of the legal document must accompany this application. Entities established in a state other than Alabama must register to conduct business in Alabama with the Secretary of State's Office. A copy of the registration must also accompany this application. If the facility is leased, the lessee should be indicated as the applicant. The lessee may be an individual, partnership, corporation, or other entity. **NOTE - The applicant must be the operator of the facility, the entity that hires or terminates the administrator, determines patient care issues, makes payment for facility obligations, etc.**

**Item 6, Total Number of Dialysis Stations.** Total number of stations the facility will operate, including home training and isolation stations. This number cannot exceed the number of stations issued on the Certificate of Need. Provide a breakdown of the total number of stations in item 12. The sum of item 12 should equal the total number of dialysis stations listed in item 6.

**Item 7, Facility Name.** The information provided on this line will be entered in the Provider Services Directory and the facility will be referred to by this name exactly as entered on this application. This name should be the same as on advertisements, facility letterhead, signs in front of the facility and certification information. This name must be unique; that is, it may not be the same as the name of any other licensed facility in Alabama, nor may it be so similar to the name of any other licensed facility that, in the judgment of ADPH staff, there could be any confusion to the public. Governing authorities operating more than one facility may give the facilities they operate similar, but not identical names. The name may be abbreviated if the abbreviation is also used on advertisements, facility letterhead, signs in front of the facility and certification information.

**Item 9, Facility’s Mailing Address.** The facility mailing address, street address or post office box must be within the same postal service area as the facility’s physical location.

**Item 19, Attestation of Responsible Person.** A company officer, board member, administrator or other responsible person must sign the application and make the attestation.
Application Fee. The application fee for an end stage renal disease treatment facility is $240. Application fees are not refundable. Make a check or money order payable to the Alabama Department of Public Health.

Attachments. Each attachment must be referenced a specific applicable item. For example, attachment to item 14 d should be referenced in the document and labeled as such.

Printing of License Certificates - License certificates are now available on-line. When a license is granted or renewed the license certificate can be printed on-line at https://ph.state.al.us/FacilityCertificatePrint. A facility ID and pin number will be provided and must be used to print license certificates.
