stroke won’t wait. neither should you.

No excuse is more important than your health.

Stroke is largely treatable.

Responding quickly when a stroke occurs can mean the difference between recovery and disability.

Recognize the signs. Call 911 immediately.

F • Face Drooping
A • Arm Weakness
S • Speech Difficulty
T • Time to Call 911

Quick Treatment May Reduce Disability

91% of patients who received treatment of the clot-busting drug tPA and a stent retriever within 2.5 hours SHOWED VERY LITTLE OR NO DISABILITY

It is recommended that stroke patients are treated within 3 – 4.5 hours from the first sign of stroke.
