

# **SMOKING POLICY**

It is the policy of Auburn University to prohibit the smoking of tobacco within the interior of any building or facility except under the conditions described below:

Residential units owned by the University and occupied by individuals or families are subject to the smoking preferences of the occupants.

Residence hall rooms inhabited by two or more individuals will be considered to be no smoking areas if one of the occupants is a non-smoker. Every effort will be made to avoid the involuntary placement of smokers and non-smokers together in the same room.

Smoking at University sponsored public events at Beard-Eaves Memorial Coliseum and intercollegiate athletic facilities will be regulated by the management of those facilities in conjunction with the local fire authority.

In keeping with the University's concern for the well being of its employees and students, smoking cessation classes are provided by Human Resources Development and Auburn Medical Center.

Failure to comply with this policy will constitute a violation of University policy and may be dealt with accordingly through established formal disciplinary procedures.

Requests for assistance and questions regarding this policy can be addressed to the University Safety Officer, the Office of Safety and Environmental Health, at (205) 844-4870.
