ALCOHOL AND TOBACCO USE

Beginning with the 1987-88 school year, students shall not be permitted to possess or use tobacco or any alcoholic beverage in any form on the school grounds, in school buildings during the school day, when riding school buses to and from school or on school-sponsored trips.

Any student violating this policy shall be subject to disciplinary action by the local school principal. Parental permission to smoke or otherwise use tobacco does not exempt a student from this policy.

Professional school personnel shall organize and conduct programs of education designed to make students fully aware of the hazards of the use of tobacco or alcohol.
